

proposed action and concludes that the proposed license amendment and associated changes to the TSs are administrative in nature and have no effect on the physical aspect or operation of components or structures within the restricted area as defined in 10 CFR part 20.

The proposed action will not significantly increase the probability or consequences of accidents, no changes are being made in the types or amounts of any effluents that may be released offsite, and there is no significant increase in occupational or public radiation exposure. Therefore, there are no significant radiological environmental impacts associated with the proposed action.

With regard to potential nonradiological impacts, the proposed action does not have a potential to affect any historic sites. It does not affect nonradiological plant effluents and has no other environmental impacts. Therefore, there are no significant nonradiological environmental impacts associated with the proposed action.

Accordingly, the NRC concludes that there are no significant environmental impacts associated with the proposed action.

Environmental Impacts of the Alternatives to the Proposed Action: As an alternative to the proposed action, the staff considered denial of the proposed action (*i.e.*, the “no-action” alternative). Denial of the application would result in no change in current environmental impacts. The environmental impacts of the proposed action and the alternative action are similar.

Alternative Use of Resources: The action does not involve the use of any different resource than those previously considered in the Final Environmental Statement for the Turkey Point Nuclear Plant, Units 3 and 4, dated July 1972.

Agencies and Persons Consulted: Based upon a letter dated March 8, 1991, from Ms. Mary E. Clark of the State of Florida, Department of Health and Rehabilitative Services, to Ms. Deborah A. Miller, Licensing Assistant, NRC, the State of Florida does not desire notification of issuance of license amendments.

Finding of No Significant Impact

On the basis of the environmental assessment, the NRC concludes that the proposed action will not have a significant effect on the quality of the human environment. Accordingly, the NRC has determined not to prepare an environmental impact statement for the proposed action.

For further details with respect to the proposed action, see the licensee's letter dated December 20, 2002. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. [Release No. 34-48393; File No. SR-NYSE-2002-64]

Self-Regulatory Organizations; The New York Stock Exchange, Inc.; Order Granting Approval of Proposed Rule Change and Amendment No. 1 Thereto To Amend the Interpretation of NYSE Rule 345A

August 22, 2003.

On December 16, 2002, the New York Stock Exchange, Inc. ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend its interpretation of NYSE Rule 345A ("Continuing Education for Registered Persons"). On June 11, 2003, the Exchange amended the proposed rule change.

The proposed rule change, as amended, was published for comment in the **Federal Register** on July 17, 2003.³ The Commission received no comments on the proposal.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁴ and, in particular, the requirements of Section 6 of the Act⁵ and the rules and regulations thereunder. The Commission finds specifically that the proposed rule change is consistent with Section 6(c)(3)(A)⁶ of the Act, which requires the Exchange to prescribe standards of training, experience and competence for persons associated with Exchange members and member organizations.

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,⁷ that the
