

2.3.07.07b.ii (403), and 3.3.00.02a.ii.f (769).

The ITAAC for VEGP Unit 3 are in Appendix C of the VEGP Unit 3 combined license (ADAMS Accession No. ML14100A106). The ITAAC for VEGP Unit 4 are in Appendix C of VEGP Unit 4 combined license (ADAMS Accession No. ML14100A135).

II. Licensee ITAAC Post-Closure Notifications (IPCNs)

Since the last **Federal Register** notice of the NRC staff's determinations of successful completion of inspections, tests, and analyses for VEGP Units 3 and 4 (86 FR 23756; May 4, 2021), the NRC staff has not made additional determinations of the successful completion of inspections, tests, and analyses based on licensee IPCNs submitted under 10 CFR 52.99(c)(2).

III. NRC Staff Determination of Completion of ITAAC

The NRC staff has determined that the specified inspections, tests, and analyses have been successfully completed, and that the specified acceptance criteria are met. The documentation of the NRC staff's determination is in the ITAAC Closure Verification Evaluation Form (VEF) for each ITAAC. The VEF is a form that represents the NRC staff's structured process for reviewing ICNs and IPCNs.

Each ICN presents a narrative description of how the ITAAC was completed. The NRC's ICN review process involves a determination on whether, among other things: (1) Each ICN provides sufficient information, including a summary of the methodology used to perform the ITAAC, to demonstrate that the inspections, tests, and analyses have been successfully completed; (2) each ICN provides sufficient information to demonstrate that the acceptance criteria of the ITAAC are met; and (3) any NRC inspections for the ITAAC have been completed and any ITAAC findings associated with that ITAAC have been closed. The NRC's review process for IPCNs is similar to that for ICNs but focuses on how the licensee addressed the new, material information giving rise to the IPCN.

The NRC staff's determination of the successful completion of these ITAAC is based on information available at this time and is subject to the licensee's ability to maintain the condition that the acceptance criteria are met. If the NRC staff receives new information that suggests the NRC staff's determination on any of these ITAAC is incorrect, then the NRC staff will determine whether to reopen that ITAAC (including

withdrawing the NRC staff's determination on that ITAAC). The NRC staff's determination will be used to support a subsequent finding, pursuant to 10 CFR 52.103(g), at the end of construction that all acceptance criteria in the combined license are met. The ITAAC closure process is not finalized for these ITAAC until the NRC makes an affirmative finding under 10 CFR 52.103(g). Any future updates to the status of these ITAAC can be found by selecting the link "ITAAC Status Report" on the NRC's websites: <https://www.nrc.gov/reactors/new-reactors/col-holder/vog3.html> and <https://www.nrc.gov/reactors/new-reactors/col-holder/vog4.html>.

This notice fulfills the NRC staff's obligations under 10 CFR 52.99(e)(1) to publish a notice in the **Federal Register** of the NRC staff's determination of the successful completion of inspections, tests, and analyses.

Note: As of August 12, 2021, NRC staff rescinds its previous determination of the successful completion of ITAAC 2.5.05.03b (570) for both VEGP Units 3 and 4 due to the subsequent determination by NRC staff that this ITAAC is not met for both units. The NRC's prior determination of the successful completion of ITAAC 2.5.05.03b (570) was originally published in the **Federal Register** (85 FR 67017) on October 21, 2020. The licensee will resubmit the ICNs related to ITAAC 2.5.05.03b (570) for both Units.

OFFICE OF PERSONNEL MANAGEMENT

Federal Employees' Group Life Insurance Program; Premium

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: The Office of Personnel Management (OPM) is announcing changes in premium rates for certain Federal Employees' Group Life Insurance (FEGLI) categories. These include changes to premium rates for Employee Basic Insurance, Option A (most age bands), Option B (most age bands), Option C (most age bands), and Post-Retirement Basic Insurance. These rates will be effective the first pay period beginning on or after October 1, 2021.

DATES: These rates will be effective the first pay period beginning on or after October 1, 2021.

FOR FURTHER INFORMATION CONTACT: Marthine Mason-Martin, FEGLI@opm.gov, (202) 606-1413.

SUPPLEMENTARY INFORMATION: This notice announces changes to FEGLI Employee Basic, Option A (most age bands), Option B (most age bands), Option C (most age bands), and Post-Retirement Basic Insurance.

FEGLI premium rates are assessed based on Program experience in accordance with FEGLI statutes at 8711(b), 8714a(e), 8714b(e), and 8714c(e), and OPM's Annual FEGLI Rate Review Process. The premium rates in the FEGLI program represent estimates of premium income necessary to pay future expected benefits costs. The rates for all coverage categories are specific to the experience of the FEGLI group and are not based on mortality rates within the general population. Actuarial analysis of changing mortality rates makes periodic premium adjustments necessary.

OPM has completed a study of funding and claims experience within the FEGLI Program. Based on this updated actuarial analysis of actual claims experience, OPM has determined that changes are required to Employee Basic, Option A, Option B, Option C and Post-Retirement Basic Insurance premiums. These changes reflect

updated mortality and claims rates from actual program experience within each FEGLI category. The legislative structure of the FEGLI Program assumes that we set premium rates for each age band independently of the other bands so that

each age band is financially self-supporting.

We will issue guidance to all agencies for the purpose of counseling employees and we will notify affected annuitants directly via OPM's Office of Retirement Services. The FEGLI premium rates will

be maintained on the FEGLI website <https://www.opm.gov/healthcare-insurance/life-insurance/>.

The new FEGLI premium rates for Basic, Option A, Option B, Option C and the Post-Retirement Basic Option are as follows:

POSTAL REGULATORY COMMISSION

[Docket No. PI2021-3; Order No. 5975]

Public Inquiry on Service Performance Measurement Systems

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is recognizing a recently filed Postal Service request proposing modifications to its market dominant service performance measurement systems. This document informs the public of this proceeding and the technical conference, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* September 17, 2021.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION: On August 31, 2021, the Postal Service filed a notice, pursuant to 39 CFR 3055.5, proposing modifications to its market dominant service performance

measurement systems.¹ The systems that are the subject of this proceeding were approved for implementation on July 5, 2018, in Docket No. PI2015-1.² The most recent version of the Postal Service's Service Performance Measurement (SPM) Plan was filed in May 2019.³ Accompanying the Notice is a library reference, which contains a copy of the United States Postal Service, Service Performance Measurement plan, revised August 31, 2021 (both redline and clean versions).⁴

The Postal Service's proposed modifications add reporting for 3-day, 4-day, and 5-day service standards for First-Class Mail, in place of the current 3-5-day service standard. Notice at 1. The Postal Service asserts that the purpose of this change is to align service performance reporting with upcoming service standard changes which are to take effect on October 1, 2021. *Id.* The Postal Service also proposes replacing certain references to external SPM with internal SPM, consistent with Order No. 5576.⁵

Interested persons are invited to comment on the Postal Service's proposed modifications concerning the service performance measurement systems. However, commenters are reminded that the scope of this docket is limited to the Postal Service's proposed revisions to the SPM Plan, not the propriety of the underlying service

standard changes, which the Commission addressed in Docket No. N2021-1.⁶ Comments are due September 17, 2021. The Commission does not anticipate the need for reply comments at this time. The Commission intends to evaluate the comments received and use those suggestions to help carry out its service performance measurement responsibilities under the Postal Accountability and Enhancement Act. Material filed in this docket will be available for review on the Commission's website, <http://www.prc.gov>.

It is ordered:

1. Docket No. PI2021-3 is established for the purpose of considering the Postal Service's proposed modifications to its market dominant service performance measurement systems.

2. Interested persons may submit written comments on any or all aspects of the Postal Service's proposals no later than September 17, 2021.

3. Christopher Mohr is designated to represent the interests of the general public in this docket.

4. The Secretary shall arrange for publication of this Notice in the **Federal Register**.

By the Commission.

Erica A. Barker,

Secretary.
