Title: PMC Insert, VA Form 40-0247.

OMB Control Number: 2900-0567.

Type of Review: Extension of a currently approved collection.

Abstract: The purpose of the PMC Insert is to allow an eligible recipient, which includes the next of kin, other relatives or friends, i.e., surviving spouses, sons, daughters, grandchildren, and others, to request additional certificates and/or replacements or corrected certificates upon receipt of the original PMC. Replacements are requested due to the PMCs being bent, water soaked, or other damaged during mail handling; corrected PMCs are requested due to an incorrect name of the deceased veteran. The PMC is a gold foiled-embossed certificate containing the Great Seal of the United States and bearing the President's signature. It is mailed to relatives and friends of deceased, honorably discharged veterans honoring their military service to our Nation. In most cases involving recent deaths, the local VA Regional Office originates the application process without a request from the next of kin as part of processing death benefits claims.

The PMC Insert is not self-initiated by the general public/eligible recipients. There is no form or application that is used to initiate an original request. Original requests are normally in the form of letters and/or telephone calls from eligible recipients.
