Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Gulf of Alaska Trawl Groundfish Fishery Rationalization Social Study.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 1,574.

Average Hours per Response: Survey, 1 hour; unstructured interview or meeting, 30 minutes.

Burden Hours: 1,168.

Needs and Uses: This request is for a new information collection.

The North Pacific Fishery Management Council (NPFMC) is currently debating designs of a new rationalization program for the Gulf of Alaska trawl groundfish fishery and is expected to take final action on a new program in late 2014 or early 2015. These types of management programs are known to have extensive beneficial outcomes for fish stocks. Literature shows that there are mixed outcomes for the people participating in the fishery. Fishery participants may suffer negative social impacts. Sufficient non-economic social science data will be collected to describe the fishery prior to the management change, to collect baseline data. This information will be used to inform the program design and compared to a data collection post rationalization in order to detect any changes in the system as a result of the management change. With the pre- and post-rationalization data, social impacts may be measured. The collection of this data will provide fisheries managers with social science data which is typically unavailable or available in limited quality. This research aims to collect extensive data about the people in the fishery for the maximum benefit to all parties, including fisheries.

Affected Public: Individuals or households; business or other for-profit organizations.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer: OIRA_
Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.

Dated: November 14, 2013.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau is requesting an extension of the generic clearance to conduct customer satisfaction research which may be in the form of mailed or electronic questionnaires and/or focus groups, telephone interviews, or web-based interviews.

The Census Bureau has ranked a customer-focused environment as one of its most important strategic planning objectives. The Census Bureau routinely needs to collect and analyze customer feedback about its products and services to better align them to its customers' needs and preferences. Several programs, products, and distribution channels have been designed and/or redesigned based on feedback from its various customer satisfaction research efforts.

Each research design is reviewed for content, utility, and user-friendliness by a variety of appropriate staff (including

research design and subject-matter specialists). The concept and design are tested by internal staff and a select sample of respondents to confirm its appropriateness, user-friendliness, and to estimate burden (including hours and cost) of the proposed collection of information. Collection techniques are discussed and included in the research, concept, and design discussion to define the most time-, cost-efficient and accurate collection media.

The clearance operates in the following manner: a block of burden hours is reserved at the beginning of the clearance period. The particular activities that will be conducted under the clearance are not specified in advance because they would not be known at the beginning of the clearance period. The Census Bureau provides detailed information to the Office of Management and Budget (OMB) about the specific activities a minimum of two weeks prior to the planned start date of the collection. OMB provides any comments it may have prior to the start date of the planned activity. At the end of each year, a report is submitted to OMB that summarizes the number of hours used as well as the nature and results of the activities completed under the clearance.

II. Method of Collection

This research may be in the form of mailed or electronic questionnaires and/or focus groups, telephone or web-based interviews.

III. Data

Form Number: Various.

Type of Review: Regular submission.

Affected Public: Individuals or households, State or local governments, farms, business or other for-profit organizations, federal agencies or employees, and not-for-profit institutions.

Estimated Number of Respondents: 30,000.

Estimated Time per Response: 10 minutes.

Estimated Total Annual Burden Hours: 5,000.

Estimated Total Annual Cost: There is no cost to respondents, except for their time to answer the questions.

Respondents Obligation: Voluntary.

Legal Authority: Executive Order 12862.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Certain Steel Nails From the People's Republic of China: Final Results of Expedited First Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 1, 2013, the Department of Commerce (the "Department") initiated the first five-year ("sunset") review of the antidumping duty order on certain steel nails from the People's Republic of China ("PRC") pursuant to section 751(c) of the Tariff Act of 1930, as amended (the "Act").¹ As a result of this sunset review, the Department finds that revocation of the antidumping duty order on certain steel nails from the PRC would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Review" section of this notice.

DATES: *Effective Date:* November 20, 2013.

FOR FURTHER INFORMATION CONTACT: Jerry Huang, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW.,

Washington, DC 20230; telephone: 202-482-4047.

SUPPLEMENTARY INFORMATION:

Background

On July 31, 2013, the Department received an adequate substantive response from domestic interested party Mid Continent Nail Corporation ("Petitioner") within the deadline specified in 19 CFR 351.218(d)(3)(i).² We received no responses from respondent interested parties. As a result, the Department conducted an expedited (120-day) sunset review of the order, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.³ Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department's practice, the deadline will become the next business day.⁴ The revised deadline for the final results of this sunset review is now November 14, 2013.

Scope of the Order

The merchandise covered by the order includes certain steel nails having a shaft length up to 12 inches. Certain steel nails subject to the order are currently classified under the Harmonized Tariff Schedule of the United States ("HTSUS") subheadings 7317.00.55, 7317.00.65 and 7317.00.75. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

For a full description of the scope, see "Certain Steel Nails From the People's Republic of China: Issues and Decision Memorandum for the Final Results of Expedited First Sunset Review of the Antidumping Duty Order," from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K.
