

FEDERAL RESERVE SYSTEM**Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB**

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is adopting a proposal to extend for three years, without revision, the Policy Impact Survey (FR 3075; OMB No. 7100-0362).

FOR FURTHER INFORMATION CONTACT: Federal Reserve Board Clearance Officer—Nuha Elmaghrabi—Office of the Chief Data Officer, Board of Governors of the Federal Reserve System, nuha.elmaghrabi@frb.gov, (202) 452-3884.

Office of Management and Budget (OMB) Desk Officer for the Federal Reserve Board, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10235, 725 17th Street NW, Washington, DC 20503, or by fax to (202) 395-6974.

SUPPLEMENTARY INFORMATION: On June 15, 1984, OMB delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collections of information conducted or sponsored by the Board. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. The OMB inventory, as well as copies of the PRA Submission, supporting statements (which contain more detailed information about the information collections and burden estimates than this notice), and approved collection of information instrument(s) are available at <https://www.reginfo.gov/public/do/PRAMain>. These documents are also available on the Federal Reserve Board's public website at <https://www.federalreserve.gov/apps/reportingforms/review> or may be requested from the agency clearance officer, whose name appears above. On the page displayed at the link above, you can find the supporting information by referencing the collection identifier, FR 3075.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Policy Impact Survey.
Collection identifier: FR 3075.
OMB control number: 7100-0362.

General description of collection: The Policy Impact Survey collects information from certain types of institutions regulated by the Board in order to assess the effects of proposed, pending, or recently adopted policy changes at the domestic and international levels. The Board uses the survey to collect information used for certain quantitative impact studies sponsored by financial stability bodies such as the Basel Committee on Banking Supervision and the Financial Stability Board. Recent collections have included the Basel III monitoring exercise, which monitors the global impact of the Basel III framework, the global systemically important bank exercise, which assesses firms' systemic risk profiles, and a survey of the domestic systemic risk footprint of large foreign banking organizations. Since the collected data may change from survey to survey, there is no fixed reporting form.

Frequency: On occasion.

Respondents: Bank holding companies, savings and loan holding companies, nonbank financial companies, and foreign banking organizations.

Total estimated number of respondents: 14.

Estimated average hours per response: 700.

Total estimated annual burden hours: 68,600.

Current actions: On October 2, 2024, the Board published a notice in the **Federal Register** (89 FR 80242) requesting public comment for 60 days on the extension, without revision, of the FR 3075. The comment period for this notice expired on December 2, 2024. The Board did not receive any comments.

Board of Governors of the Federal Reserve System, February 4, 2025.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Domestic Branch Application.

Collection identifier: FR 4001.

OMB control number: 7100-0097.

General description of collection: The Federal Reserve Act and the Board's Regulation H—Membership of State Banking Institutions in the Federal Reserve System (12 CFR part 208) require a state member bank to seek prior approval of the Federal Reserve System before establishing or acquiring a domestic branch. Such requests for approval must be filed as applications at the appropriate Reserve Bank for the state member bank. Due to the limited information that a state member bank generally has to provide for branch proposals, there is no formal reporting

form for a domestic branch application. A state member bank is required to notify the Federal Reserve by letter of its intent to establish one or more new branches and provide evidence that public notice of the proposed branch(es) has been published by the state member bank in the appropriate newspaper(s). The applicant may include with its letter a copy of the Conference of State Bank Supervisors Uniform Interstate Application/Notice form. The Federal Reserve uses the information provided by the applicant to fulfill its statutory obligation to review branch applications before acting on the proposals and to otherwise supervise state member banks.

Frequency: Event-generated.

Respondents: State member banks.

Total estimated number of respondents: 179.

Total estimated annual burden hours: 425.

Current actions: On October 2, 2024, the Board published a notice in the **Federal Register** (89 FR 80243) requesting public comment for 60 days on the extension, without revision, of the FR 4001. The comment period for this notice expired on December 2, 2024. The Board did not receive any comments.

FEDERAL TRADE COMMISSION

[File No. 161 0125/Docket No. C-4604]

Petition of Enbridge Inc. To Reopen and Set Aside Order; Correction

AGENCY: Federal Trade Commission.

ACTION: Notice; correction.

SUMMARY: The Federal Trade Commission ("Commission") published a document in the **Federal Register** of January 30, 2025, announcing the Commission's receipt of a petition from Enbridge Inc. ("Enbridge" or "the company") to reopen and set aside the Commission's Decision and Order entered on March 22, 2017 (the "Order"), concerning ownership interests in competing natural gas pipelines. Shortly after publication, the Commission learned the document contained the incorrect deadline for receipt of public comments. The Commission issues this correction to reflect the corrected deadline. Comments must be received on or

before February 21, 2025, not March 3, 2025.

FOR FURTHER INFORMATION CONTACT:

Maribeth Petrizzi (202-326-2564), Bureau of Competition, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: The notice document submitted by Commission staff for publication contained an incorrect comment deadline.

Corrections

In notice FR Doc. 2025-01939 appearing at 90 FR 8530 in the **Federal Register** of Thursday, January 30, 2025, make the following corrections. On page 8530, in the **DATES** section, the date of "March 3, 2025" is corrected to read "February 21, 2025". On page 8531, in the first column, in the third paragraph, the date in the second sentence is corrected to read "February 21, 2025" and not "March 3, 2025". Also on page 8531, in the second column, in the final paragraph, the date in the third sentence is corrected to read "February 21, 2025" and not "March 3, 2025".

Dated: February 3, 2025.

April J. Tabor,

Secretary.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2025-0048]

Revisions to Maritime Security (MARSEC) Directive 104-6; Guidelines for U.S. Vessels Operating in High Risk Waters

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability.

SUMMARY: The Coast Guard announces the availability of Revision 9 to Maritime Security (MARSEC) Directive 104-6, which provides guidelines for U.S. vessels operating in high-risk waters (HRW) where acts of terrorism, piracy, and armed robbery against ships are prevalent. The directive contains security-sensitive information and, therefore, cannot be made available to the general public. U.S. vessel owners and operators who have needed to take action under previous versions of MARSEC Directive 104-6, should immediately contact their local Coast Guard Captain of the Port or District Commander for a copy of Revision 9. This revision contains important updates to HRW locations and

organizational responsibilities regarding addressing security risks in those waters.

DATES: MARSEC Directive 104-6 (Revision 9) has been available since January 10, 2025. MARSEC Directive 104-6 (Revision 8) is no longer valid after that date.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Commander Andrew Czarniak; U.S. Coast Guard, Office of Commercial Vessel Compliance; telephone 202-372-1236, email cgcvc@uscg.mil.

SUPPLEMENTARY INFORMATION: Maritime Security (MARSEC) Directive 104-6 Revision 9 replaces Revision 8, previously signed on August 11, 2021. The directive provides direction to U.S. flagged vessels operating in High Risk Waters (HRW) where acts of terrorism, piracy, and armed robbery against ships are prevalent. This revision reflects the addition of provisions for the reduction of electronic vessel transmissions, an amendment to the applicability of Annex 1 to include the high risk waters of the Red Sea and Arabian Sea, and a revision to the northern limits of the high risk waters of the Red Sea.

Electronic vessel transmissions broadly include any device onboard capable of generating a radio frequency signal with or without operator intervention. Examples of electronic vessel transmissions include those from cellular and satellite phone systems, vessel-to-vessel and vessel-to-shore radio transmission equipment, Automatic Identification System, Long Range Identification and Tracking Systems, and radar.

U.S. vessel owners and operators who have needed to take action under previous versions of MARSEC Directive 104-6 should immediately contact their local Coast Guard Captain of the Port or District Commander for a copy of Revision 9, which contains important updates to the locations of HRW and to the guidelines for addressing security risks in those waters. The Coast Guard advises owners and operators that, under Revision 9, they may need to take specific actions in accordance with MARSEC Directive 104-6 before their vessel enters HRW.

This notice is issued under authority of 33 CFR 101.405(a)(2) and 5 U.S.C. 552(a).

Dated: January 31, 2025.

A.M. Beach,

Captain, U.S. Coast Guard, Director of Inspections and Compliance.
