

following: the Athena I and II, Atlas V family, the Delta family, the Falcon family, the Minotaur family, the Pegasus XL, and Taurus family. These launch vehicles would accommodate the desired range of payload masses, would provide the needed trajectory capabilities, and would provide highly reliable launch services. Individual launch vehicles would be carefully matched to the launch requirements of each particular NASA routine payload.

In the event that other launch vehicles become available after final publication of this Draft EA, they could be NEPA compliant under this Draft EA if they meet the following criteria: (1) NASA has been a cooperating agency with the Department of Defense (DoD) or FAA on the launch vehicle for that given launch site; (2) NASA has published NEPA documentation for that specific launch vehicle at that specific launch site; or (3) NASA formally adopts another agency's NEPA documentation. In addition, launch vehicles covered in this Draft EA could be eligible for launch from commercial spaceports or DoD installations not covered by this document if: (1) NASA is a cooperating agency on the NEPA documents developed by the DoD or FAA for that site; (2) NASA formally adopts those NEPA documents as its own pursuant to CEQ regulations; or (3) NASA completes its own NEPA documentation on a specific launch site.

For the NASA routine payload missions, the potentially affected environment for normal launches includes the areas at and in the vicinity of the proposed launch sites, CCAFS, Florida, VAFB, California, USAKA/RTS, RMI, WFF, Virginia, and KLC, Alaska. Because propellants are typically the largest contributors to potential environmental impacts of a NASA Routine Payload launch, the total propellant load for a payload is considered in this Draft EA. If the payload propellant load exceeds the EPC defined in the Draft EA, then additional NEPA analysis and documentation would be required. For normal launches of NASA routine payloads under the proposed action, the environmental impacts would be associated principally with the exhaust emissions from the launch vehicles. These effects would include short-term impacts on air quality within the exhaust cloud and near the launch pads, and the potential for acidic deposition on the vegetation and surface water bodies at and near each launch complex, particularly if a rain storm occurred. NASA routine payload processing and launch activities would not require any additional permits or

mitigation measures beyond those already existing, or in coordination, for launches.

There are no direct or substantial environmental impacts, including cumulative impacts, associated with the proposed action that have not already been covered by NEPA documentation for the existing launch sites, launch vehicles, launch facilities, and payload processing facilities.

Olga M. Dominguez,
Assistant Administrator for Strategic Infrastructure.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (11-077)]

Notice of Intent To Grant Partially Exclusive License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant partially exclusive license.

SUMMARY: This notice is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant a partially exclusive license in the United States to practice the inventions described and claimed in USPN 6,133,036, Preservation of Liquid Biological Samples, NASA Case No. MSC- 22616-2 and USPN 6,716,392, Preservation of Liquid Biological Samples, NASA Case No. MSC- 22616-3 to Quest Diagnostics Incorporated having its principal place of business in Madison, New Jersey. The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective partially exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7.

DATES: The prospective partially exclusive license may be granted unless within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7. Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated partially exclusive license.

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

ADDRESSES: Objections relating to the prospective license may be submitted to Patent Counsel, Office of Chief Counsel, NASA Johnson Space Center, 2101 NASA Parkway, Houston, Texas 77058, Mail Code AL; Phone (281) 483-3021; Fax (281) 483-6936.

FOR FURTHER INFORMATION CONTACT: Kurt G. Hammerle, Intellectual Property Attorney, Office of Chief Counsel, NASA Johnson Space Center, 2101 NASA Parkway, Houston, Texas 77058, Mail Code AL; Phone (281) 483-1001; Fax (281) 483-6936. Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov/>.

Dated: August 17, 2011.

Richard W. Sherman,
Deputy General Counsel.

OFFICE OF NATIONAL DRUG CONTROL POLICY

Paperwork Reduction Act; Proposed Collection; Comment Request

AGENCY: Office of National Drug Control Policy.

ACTION: 30-Day notice and request for comments. New Information Collection Request: Drug Free Communities Support Program National Evaluation.

SUMMARY: The Office of National Drug Control Policy (ONDCP) intends to submit the following information collection request to the Office of Management and Budget for review and approval under the Paperwork Reduction Act.

DATES: ONDCP encourages and will accept public comments until September 22, 2011.

ADDRESSES: Address all comments in writing within 30 days to Mr. Patrick Fuchs. Facsimile and e-mail are the most reliable means of communication. Mr. Fuchs facsimile number is (202) 395-5167, and his e-mail address is pfuchs@omb.eop.gov. Mailing address is 725 17th Street, NW., Washington DC 20503. For further information contact Mr. Fuchs at (202) 395-3897.

Abstract: ONDCP directs the Drug Free Communities (DFC) Program in partnership with the Substance Abuse and Mental Health Services Administration's Center for Substance
