

Notices

Federal Register

Vol. 76, No. 18

Thursday, January 27, 2011

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

January 21, 2011.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: Importation of Animal & Poultry, Animal/Poultry Products, Certain Animal Embryos, Semen, and Zoological Animals.

OMB Control Number: 0579-0040.

Summary of Collection: Title 21 U.S.C. authorizes sections 111, 114, 114a, 114-1, 115, 120, 121, 125, 126, 134a, 134f, and 134g of 21 U.S.C. These authorities permit the Secretary to prevent, control and eliminate domestic diseases such as brucellosis and tuberculosis, as well as to take actions to prevent and to manage exotic diseases such as foot-and-mouth disease and rinderpest. Disease prevention is the most effective method for maintaining a healthy animal population and enhancing the Animal and Plant Health Inspection Service (APHIS) ability to compete in exporting animals and animal products. To fulfill this mission APHIS must collect pertinent information from those individuals who import animals and poultry, animal and poultry products, zoological animals, or animal germplasm into the United States. APHIS will collect information using several forms.

Need and Use of the Information: APHIS will collect information from foreign animal health authorities as well as U.S. importers; foreign exporters; veterinarians and animal health technicians in other countries; State animal health authorities; shippers; owners and operators of foreign processing plants and farms; USDA-approved zoos, laboratories, and feedlots; private quarantine facilities; and other entities involved (directly or indirectly) in the importation of animal and poultry, animals and poultry products, zoological animals, and animal germplasm. The information includes such data as the last reported outbreak of a given animal disease in the region, the trading practices engaged in by the region, and the intensity of the disease surveillance activities occurring in the region. This vital information helps APHIS to ensure that these imports pose a negligible risk of introducing exotic animal diseases into the United States. If the information was not collected it would cripple or destroy APHIS ability to protect the United

States from exotic animal disease incursions.

Description of Respondents: Business or other for-profit; Farms; Individuals and Households; Federal Governments; and State, Local, and Tribal Governments.

Number of Respondents: 2,696.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 101,629.

Animal and Plant Health Inspection Service

Title: Communicable Diseases in Horses.

OMB Control Number: 0579-0127.

Summary of Collection: Title 21, U.S.C. 117 Animal Industry Act of 1884 authorizes the Secretary to prevent, control and eliminate domestic diseases such as equine infectious anemia, as well as to take action to prevent and to manage exotic diseases such as contagious equine metritis and other foreign animal diseases. The Animal and Plant Health Inspection Service (APHIS) regulates the importation and interstate movement of animals and animal products, and conducts various other activities to protect the health of the nation's livestock and poultry. The regulations in 9 CFR 75.4 govern the interstate movement of equines that have tested positive to an official test for EIA and provide for the approval of laboratories, diagnostic facilities, and research facilities.

Need and Use of the Information: The information collected from forms, APHIS VS 10-11, Equine Infectious Anemia Laboratory Test; VS 10-12, Equine Infectious Anemia Supplemental Investigation; and VS 1-27, Permit for the Movement of Restricted Animals, will be used to prevent the spread of equine infectious anemia. Regulations also require the use an Agreement for Approved Livestock Facilities, Request for Hearing, and Written Notification of Approval Withdrawal. Without the information it would be impossible for APHIS to effectively regulate the interstate movement of horses infected with EIA.

Description of Respondents: Farms; Business or other for-profit; State, Local and Tribal Government.

Number of Respondents: 10,000.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 163,949.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

**Submission for OMB Review;
Comment Request**

January 21, 2011.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Emergency Conservation Program.

OMB Control Number: 0560-0082.

Summary of Collection: The Farm Service Agency (FSA), in cooperation with the Natural Resources Conservation Service, the Forest Service, and other agencies and organizations, provides eligible producers and landowners cost-share incentives and technical assistance through several conservation and environmental programs to help farmers, ranchers, and other eligible landowners and operators conserve soil, improve water quality, develop forests, and rehabilitate farmland severely damaged by natural disasters. The authorities to collect information for this collection are found under the Agricultural Credit Act of 1978 (16 U.S.C. 2201-2205), which provides emergency funds for sharing with agricultural producers the cost of rehabilitating farmland damaged by natural disaster, and for carrying out emergency water conservation measures during periods of severe drought.

Need and Use of the Information: FSA will collect information using several forms. The collected information will be used to determine if the person, land, and practices are eligible for participation in the respective program and to receive cost-share assistance. Without the information, FSA will not be able to make eligibility determinations and compute payments in a timely manner.

Description of Respondents: Farms.

Number of Respondents: 40,000.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 48,778.

Farm Service Agency

Title: Customer Data Worksheet Request for SCIMS Record Change.

OMB Control Number: 0560-0265.

Summary of Collection: Core Customer Data is required in order to identify USDA program participants and ensure that benefits are directed to the correct customer and respective Tax Identification Numbers. There is no public law regarding the use or collection of Core Customer Data. The option to document and track Core Customer Data changes is necessary to ensure the integrity of the data and to provide the Farm Service Agency (FSA), Natural Resources and Conservation Service and Rural Development a method of verifying the validity of the information, and provide a necessary basis for pursuing legal remedies when needed.

Need and Use of the Information: Core Customer Data is necessary to input customer information for identity purposes and to provide a point of contact for the respective customer and

a valid Tax Identification Number to direct program benefits to. The AD-2047 will be used to document Core Customer Data changes and also to provide a method to identify who made applicable changes and when this was done. Failure to collect and timely maintain the data collected will result in erroneous/out dated point of contact information, which could result in program information and benefits being directed to incorrect recipients.

Description of Respondents:

Individuals or households.

Number of Respondents: 51,750.

Frequency of Responses: Reporting: Other (when necessary).

Total Burden Hours: 8,798.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Animal and Plant Health Inspection Service

[Docket No. APHIS-2010-0028]

Availability of an Environmental Assessment and Finding of No Significant Impact for a Biological Control Agent for Asian Citrus Psyllid

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment and finding of no significant impact relative to the control of Asian citrus psyllid (*Diaphorina citri* Kuwayama). The environmental assessment considers the effects of, and alternatives to, the release of an insect, *Tamarixia radiata*, into the continental United States for use as a biological control agent to reduce the severity of Asian citrus psyllid infestations. Based on our finding of no significant impact, we have determined that an environmental impact statement need not be prepared.

FOR FURTHER INFORMATION CONTACT: Dr. Shirley A. Wager-Page, Chief, Pest Permitting Branch, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737-1237; (301) 734-8453.

SUPPLEMENTARY INFORMATION:

Background

The Animal and Plant Health Inspection Service (APHIS) is proposing to issue permits for the release of an
