Title: NSPS for Lime Manufacturing (Renewal).

ICR Numbers: EPA ICR Number 1167.10, OMB Control Number 2060-0063.

ICR Status: This ICR is scheduled to expire on April 30, 2012. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for the EPA regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Abstract: The New Source Performance Standards for Lime Manufacturing are subject to the General Provisions of the NSPS at 40 CFR part 60, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 60, subpart HH.

Owners or operators of the affected facilities must submit initial notification, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 60, subpart HH, as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 46 hours per response. "Burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for

the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Lime production facilities.

Estimated Number of Respondents: 41
Frequency of Response: Initially, occasionally, and semiannually.

Estimated Total Annual Hour Burden: 3,772

Estimated Total Annual Cost: \$422,931, which includes \$361,431 in labor costs, no capital/startup costs, and \$61,500 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is an increase in costs for both the respondents and the Agency from the most recently approved ICR. The increase in burden cost is due to adjustments in labor rates. This ICR uses updated labor rates from the Bureau of Labor Statistics to calculate burden costs.

There is a decrease of one hour in labor hours for the respondents related to a mathematical rounding error in the previous ICR. There is no change in the estimation methodology for labor hours to the respondents in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for respondents is very low, negative, or non-existent.

Director, Collection Strategies Division.

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Public Service Company of New Mexico, San Juan Generating Station

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This document announces that the EPA Administrator has

responded to a citizen petition asking EPA to object to an operating permit (Permit Number P062R2) issued by the New Mexico Environment Department, Air Quality Bureau (NMED). Specifically, the Administrator has granted in part and denied in part the November 19, 2010 petition, submitted by WildEarth Guardians, the San Juan Citizens Alliance, and Carson Forest Watch (Petitioners) to object to the operating permit issued on January 24, 2011 to the Public Service Company of New Mexico, for the operations of the San Juan Generating Station (SJGS) located in San Juan County, New Mexico. Pursuant to sections 307(b) and 505(b)(2) of the Clean Air Act (CAA), a petition for judicial review of those parts of the Order that deny issues in the petition may be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date this notice appears in the **Federal Register**.

ADDRESSES: You may review copies of the final Order, the petition, and other supporting information at EPA Region 6, 1445 Ross Avenue, Dallas, Texas 75202-2733.

EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, petition, and other supporting information. You may view the hard copies Monday through Friday, from 9 a.m. to 3 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. Additionally, the final Order for the Public Service Company of New Mexico San Juan Generating Station is available electronically at: http://www.epa.gov/region07/air/title5/petitiondb/petitions/san_juan_response2010.pdf.

FOR FURTHER INFORMATION CONTACT: Brad Toups at (214) 665-7258, email address: toups.brad@epa.gov or the above EPA, Region 6 address.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review, and object to as appropriate, a Title V operating permit proposed by State permitting authorities. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator, within 60 days after the expiration of this review period, to object to a Title V operating permit if EPA has not done so. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise these

issues during the comment period or the grounds for the issue arose after this period.

EPA received a petition from the Petitioners dated November 19, 2010, requesting that EPA object to the issuance of the Title V operating permit to Public Service Company of New Mexico, for the operation of the San Juan Generating Station in San Juan County, New Mexico for the following reasons: (1) Fails to ensure compliance with the Prevention of Significant Deterioration requirements; (2) fails to ensure compliance with source impact analysis requirements in the New Mexico State Implementation Plan; (3) fails to require prompt reporting of deviations; (4) fails to require sufficient periodic monitoring; and (5) includes a condition that is contrary to applicable requirements.

On February 15, 2012, the Administrator issued an order granting in part and denying in part the petition. The order explains the reasons behind EPA's conclusion to grant in part and deny in part the petition.

Dated: March 14, 2012.

Al Armendariz,

Regional Administrator, Region 6.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology; and (e) ways to further reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 21, 2012. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202–395–5167 or via Internet at Nicholas_A_Fraser@omb.eop.gov and to Judith B. Herman, Federal Communications Commission, via the Internet at Judith-b.herman@fcc.gov. To submit your PRA comments by email send them to: PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418–0214.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0725.

Title: Quarterly Filing of Nondiscrimination Reports (on Quality of Service, Installation and Maintenance) by Bell Operating Companies (BOCs).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 3 respondents; 12 responses.

Estimated Time per Response: 50 hours.

Frequency of Response: Quarterly reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 151, 154, 201–205, 215, 218–220, 226 and 276.

Total Annual Burden: 600 hours.

Total Annual Cost: N/A.

Privacy Impact Assessment: No impacts.

Nature and Extent of Confidentiality: The Commission is not requesting that

the respondent submit confidential information to the FCC. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission is seeking OMB approval for an extension of this expiring information collection in order to obtain the full three year approval from them. There are no changes in the reporting requirements. There are no changes to the Commission's previous burden estimates.

This information collection contains quarterly filing of nondiscrimination reports on quality of service, installation and maintenance by Bell Operating Companies (BOCs). BOCs must submit nondiscrimination reports with regard to payphones to prevent BOCs from discriminating in favor of their own payphones. The reports allow the Commission to determine how the BOCs will provide competing payphone providers with equal access to all the basic underlying network services that are provided to its own payphones.

Federal Communications Commission.

FEDERAL DEPOSIT INSURANCE CORPORATION

Sunshine Act Meeting

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given that at 10:27 a.m. on Tuesday, March 20, 2012, the Board of Directors of the Federal Deposit Insurance Corporation met in closed session to consider matters related to the Corporation's supervision, corporate, and resolution activities.

In calling the meeting, the Board determined, on motion of Director Thomas J. Curry (Appointive), seconded by Director John G. Walsh (Acting Comptroller of the Currency), concurred in by Director Richard Cordray (Director, Consumer Financial Protection Bureau) and Acting Chairman Martin J. Gruenberg, that Corporation business required its consideration of the matters which were to be the subject of this meeting on less than seven days' notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters
