

ACTION: Notice to delete a system of records.

SUMMARY: The Department of the Air Force is deleting a system of records notice in its existing inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended.

DATES: This proposed action will be effective on April 23, 2012 unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, 2nd Floor, Suite 02G09, Alexandria, VA 22350-3100.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Charles J. Shedrick, Department of the Air Force Privacy Office, Air Force Privacy Act Office, Office of Warfighting Integration and Chief Information Officer, ATTN: SAF/XCPPI, 1800 Air Force Pentagon, Washington DC 20330-1800 or at 202-404-6575.

SUPPLEMENTARY INFORMATION: The Department of the Air Force systems of records notices subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT**. The Department of the Air Force proposes to delete one system of records notice from its inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. The proposed deletion is not within the purview of subsection (r) of the Privacy Act of 1974 (5 U.S.C. 552a), as amended, which requires the submission of a new or altered system report.

Dated: March 19, 2012.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Deletion:
F044 AF PC A

SYSTEM NAME:

Individual Weight Management File (June 11, 1997, 62 FR 31793).

REASON:

Documents are no longer required to be maintained by Air Force Personnel Center (AFPC), Medical Standards. Records are being maintained in accordance with the System of Records Notice, F044 AF SG N, Physical Fitness File (June 11, 1997, 62 FR 31793) and follow its retention schedule.

Department of the Army

Advisory Committee Meeting Notice

AGENCY: Department of the Army, DOD.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Sunshine in the Government Act of 1976 (U.S.C. 552b, as amended) and 41 Code of the Federal Regulations (CFR 102-3.140 through 160), the Department of the Army announces the following committee meeting:

Name of Committee: U.S. Army Command & General Staff College Subcommittee.

Date: April 23-25, 2012.

Place: U.S. Army Command and General Staff College, Ft. Leavenworth, KS, Lewis & Clark Center, 66027.

Time: 8:30 a.m. to 4 p.m. (April 23, 2012). 8:30 a.m. to 4 p.m. (April 24, 2012). 8:30 a.m. to 12 p.m. (April 25, 2012).

Proposed Agenda: Starting point of the meeting will be an overview of the CGSC, as well as its constituent schools, the Command and General Staff School and the School of Advanced Military Studies. Subcommittee members will gather information from students, staff and faculty on 23 and 24 April. General deliberations leading to provisional findings for referral to the Army Education Advisory Committee will follow on 25 April beginning at about 0900.

FOR FURTHER INFORMATION CONTACT: For information, please contact Dr. Robert Baumann at

robert.f.baumann@us.army.mil. Written submissions are to be submitted to the following address: U.S. Army Command and General Staff College Subcommittee, ATTN: Alternate Designated Federal Officer (Baumann), Lewis & Clark Center, U.S. Army Command and General Staff College, Ft. Leavenworth, KS 66027.

SUPPLEMENTARY INFORMATION: Meeting of the Advisory subcommittee is open to

the public. Attendance will be limited to those persons who have notified the Advisory Subcommittee Management Office at least 10 calendar days prior to the meeting of their intention to attend.

Filing Written Statement: Pursuant to 41 CFR 102-3.140d, the Committee is not obligated to allow the public to speak, however, interested persons may submit a written statement for consideration by the Subcommittees. Individuals submitting a written statement must submit their statement to the Alternate Designated Federal Officer (ADFO) at the address listed (see **FOR FURTHER INFORMATION CONTACT**). Written statements not received at least 10 calendar days prior to the meeting, may not be provided to or considered by the subcommittees until its next meeting.

The ADFO will review all timely submissions with the Chairperson, and ensure they are provided to the members of the respective subcommittee before the meeting. After reviewing written comments, the Chairperson and the ADFO may choose to invite the submitter of the comments to orally present their issue during open portion of this meeting or at a future meeting.

The ADFO, in consultation with the Chairperson, may allot a specific amount of time for the members of the public to present their issues for review and discussion.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

Revised Notice of Intent To Prepare a Draft Environmental Impact Statement for the Bogue Banks Coastal Storm Damage Reduction Feasibility Study, in Carteret County, NC

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent.

SUMMARY: The U.S. Army Corps of Engineers (USACE), Wilmington District (Corps) intends to prepare a Draft Environmental Impact Statement (DEIS) to evaluate the impacts of the proposed alternatives to reduce coastal storm damages from beach erosion on Bogue Banks North Carolina. The Bogue Banks study area is located on the coast of North Carolina, about 80 miles north of Wilmington, North Carolina. This area

is at risk from hurricanes and winter storms, which regularly erode the shoreline, causing damage to structures and environmental resources. The proposed Bogue Banks Coastal Storm Damage Reduction (CSDR) Feasibility Study will evaluate several alternatives. These alternatives may include restoration of berms and dunes, with stabilizing vegetation on dunes, removal and/or relocation of structures, and the no-action alternative. The potential project area may be up to 24 miles in length, from Beaufort to Bogue Inlets. The potential benefits from the proposed project include storm damage reduction to structures and their related infrastructure (i.e., roads, utility lines, etc.), improved aesthetic and recreation opportunities, and improved habitat conditions for endangered species.

The DEIS is being prepared in accordance with the requirements of the National Environmental Policy Act (NEPA) of 1969, as amended, and will address the relationship of the proposed action to other applicable Federal and State Laws and Executive Orders.

DATES: The earliest the DEIS will be available for public review would be October 2013.

FOR FURTHER INFORMATION CONTACT: Questions about the proposed action and DEIS can be answered by Mr. Eric Gasch, Environmental Resources Section; U.S. Army Engineer District, Wilmington; 69 Darlington Avenue, Wilmington, North Carolina 28403; telephone: (910) 251-4553; email: eric.k.gasch@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Previous Notice of Intent (NOI) publication.* This notice is a revision of a previously published notice in the **Federal Register** on February 8, 2002, (67 FR 6015) to prepare a DEIS and is prepared in response to the significant amount of time which has passed since that NOI.

2. *Authority.* Studies are being conducted pursuant to a congressional resolution concerning Bogue Banks. Primary study emphasis is directed toward CSDR measures for the beaches of Bogue Banks. The authorizing resolution states:

Resolution Adopted July 23, 1998 by the United States House of Representatives:

Resolved by the Committee on Transportation and Infrastructure of the United States House of Representatives, that the Secretary of the Army is requested to review the report of the Chief of Engineers dated November 27, 1984, on Bogue Banks and Bogue Inlet, North Carolina, and other pertinent reports, to determine whether any modifications of the recommendations contained therein are advisable at the present time in the interest of shore

protection and related purposes for Bogue Banks, North Carolina.

3. *Significant Issues.* Significant environmental resources to be addressed in the DEIS include, but are not limited to: (1) Endangered and threatened species; (2) Marine and estuarine resources; (3) Upland beach and dune resources; (4) Fish and wildlife and their habitats; (5) Essential Fish Habitat (EFH) and Cape Fear Sandy Shoals; (6) Water and air quality; (7) Socioeconomic resources; (8) Cultural resources; and (9) Hazardous Toxic Radioactive Waste.

4. *Scoping.* All private parties and Federal, State, and local agencies having an interest in the study are hereby notified of the study and are invited to comment at this time. A scoping letter requesting input to the study was sent to all known interested parties on December 29, 1999. Considering the duration of time that had past since the initial scoping effort, a second scoping letter will be prepared.

Based on project comments received to date, a scoping meeting will not be needed. However, if significant comments are received in response to this updated NOI and Scoping letter, a scoping meeting will be scheduled. All comments received as a result of this NOI and the scoping letter will be considered in the preparation of the DEIS.

5. *Alternatives.* The alternatives for this project will include the no action, and others currently being evaluated.

6. *Cooperating Agencies.* The Corps is the lead agency for this project. Cooperating agency status has been initiated with the Bureau of Ocean Energy Management since the offshore limits of the proposed borrow area extend into the Outer Continental Shelf.

Steven A. Baker,

Colonel, U.S. Army District Commander.

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement for the Louisiana Coastal Area (LCA)—Louisiana, Mississippi River Hydrodynamic and Delta Management Study

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers (USACE) intends to prepare an environmental impact statement (EIS) for the Louisiana Coastal Area (LCA)—Louisiana, Mississippi River Hydrodynamic and Delta Management restoration study. This study will identify and evaluate a combination of large-scale management and restoration features to address the long-term sustainability of the lower Mississippi River Deltaic Plain. Hydrodynamic models and other forecast methods will be used to determine existing water and sediment resources in the Mississippi River available to restore and sustain delta growth in the Mississippi River Delta and assess benefits and impacts of large-scale strategies that balance the interests of ecosystem restoration, flood risk reduction, and navigation. This EIS will be tiered off of the November 2004, programmatic EIS for the Louisiana Coastal Area (LCA), Louisiana, Ecosystem Restoration Study (LCA Study). The record of decision for the programmatic EIS was signed on November 18, 2005. This notice announces the USACE's intent to host six (6) public scoping meetings.

DATES: Comments on the scope of the EIS will be accepted until close of business on May 4, 2012. Please refer to the "Scoping" section below for instructions on how to submit public comments, the dates of the upcoming public scoping meetings and other meeting information.

FOR FURTHER INFORMATION CONTACT:

Questions concerning the draft EIS and scoping comments should be addressed to Dr. William P. Klein, Jr., CEMVN-PDN-CEP, P.O. Box 60267, New Orleans, LA 70160-0267; telephone: (504) 862-2540; fax: (504) 862-1583; or by email: william.p.klein.jr@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Authority.* The Mississippi River Hydrodynamic and Delta Management Study, identified as a large-scale, long-term restoration feature recommended for study in the 2004 LCA Study, is authorized to be studied under Section 7003 of the Water Resource Development Act (WRDA) 2007 (Pub. L. 110-114), as well as resolutions of the U.S. House of Representatives and Senate Committees on Public Works, dated April 19, 1967 and October 19, 1967, respectively.

2. *Proposed Action.* The Mississippi River Hydrodynamic and Delta Management Study is the first large-scale, long-term restoration assessment investigated under the LCA Program. Ecosystem restoration features that increase the deposition of Mississippi
