Title: Civil Rights Title VI—Collection Reports—FNS—191 and FNS—101.

OMB Control Number: 0584–0025.

Summary of Collection: Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin in programs receiving federal financial assistance. The Department of Justice regulations, cited at Title 28 of the Code of Federal Regulations (CFR), Section 42.106(b), require all Federal Departments to provide for the collection of racial/ethnic data and information from applicants for and recipients of Federal assistance sufficient to permit effective enforcement of Title VI. In order to comply with the Civil Rights Act, Department of Justice regulations and the Department's nondiscrimination policy and regulations (7 CFR part 15), the Department's Food and Nutrition Service (FNS) requires State agencies to submit data on the racial/ethnic categories of person receiving benefits from FNS food assistance programs. FNS will collect information using forms FNS 191 and FNS 101.

Need and Use of the Information: FNS will collect the names, address, telephone number, to compile a local agency directory which serves as the primary source of data on number and location for local agencies and number of sites operating Commodity Supplemental Food Program (CSFP). FNS will also collect information on the number of CFSP individuals (women, infant, children, and elderly) in each racial/ethnic category for one month of the year. The information will be used in the Department's annual USDA Equal Opportunity Report. If the information is not collected FNS could not track

racial/ethnic data for program evaluation.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 2,927.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 5,854.

SUPPLEMENTARY INFORMATION:

Title: National Poultry Improvement Plan.

OMB Number: 0579–0007.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized to, among other things, administer the National Poultry Improvement Plan (NPIP or the Plan), the primary purpose of which is to protect the health of the U.S. poultry population. NPIP is a voluntary Federal-State-industry cooperative program for the improvement of poultry flocks and products through disease control techniques. Participation in all Plan programs is voluntary, but flocks, hatcheries, and dealers of breeding poultry must first qualify as "U.S. Pullorum-Typhoid Clean" as a condition for participation in the other Plan programs. The NPIP regulations are contained in 9 CFR parts, 56, 145, 146, and 147.

In administering the Plan, APHIS requires a number of information activities and forms, including VS Forms 1–23/1–23A, Appraisal and Indemnity Claim for Animals Destroyed or Materials Destroyed/Continuation Sheet; VS Form 9–3, Report of Sales of Hatching Eggs, Chicks, and Poults; VS Form 9–4, Summary of Breeding, Flock, Table-Egg Layer Flocks, Meat-Type Chicken and Turkey Slaughter Plants Participation; VS Form 9–5, Report of Hatcheries, Dealers, and Independent Flocks, Table-Egg Producers, Meat-Type Chicken and Turkey Slaughter Plants Participating in the NPIP; VS Form 9–6, Report of Salmonella Isolations to NPIP Official State Agencies; VS Form 9–7, Investigation of Salmonella Isolations in Poultry; VS Form 9–8, Flock Inspection and Check Testing Report; VS Form 9–9, Hatchery Inspection Form; VS Form 10–3, Request for Salmonella Serotyping; banding of sentinel birds for identification prior to flock vaccination; memorandums of understanding;

recordkeeping; and printing and mailing to States, upon request, of computerized printouts of interstate sales by hatchery operators who ship large numbers of small chick orders.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.61926273 hours per response.

Respondents: Flock owners, breeders, hatchery operators, table-egg producers, meat-type chicken and turkey slaughter plant workers, personnel at approved laboratories, and State personnel.

Estimated annual number of respondents: 10,800.

Estimated annual number of responses per respondent: 15.4590741.

Estimated annual number of responses: 166,913.

Estimated total annual burden on respondents: 103,363 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 21st day of May 2012.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION: *Title:* Importation of Live Poultry, Poultry Meat, and Other Poultry Products from Specified Regions.

OMB Number: 0579-0228.

Type of Request: Extension of approval of an information collection.

Abstract: Under the authority of the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of livestock diseases and pests. To carry out the mission, APHIS regulates the importation of animals and animal products into the United States. The regulations are contained in title 9, parts 92 through 98, of the Code of Federal Regulations.

In part 94, § 94.26 allows the importation, subject to certain conditions, of live poultry, poultry meat, and other poultry products from certain regions, including Argentina and the Mexican States of Campeche, Quintana Roo, and Yucatan, that are free of exotic Newcastle disease (END). The conditions for importation require, among other things, certification from a full-time salaried veterinary officer of the national government of the exporting region that poultry and poultry products exported from one of these regions originated in that region (or in another region recognized by APHIS as free of END) and that before the export to the United States, the poultry and poultry products were not commingled with poultry and poultry products from regions where END exists.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:
