SUPPLEMENTARY INFORMATION:

I. Abstract

The New England Fishery Management Council (NEFMC) is currently considering management alternatives for the Gulf of Maine (GOM) multispecies fishery for inclusion in Framework Adjustment 33 to the Northeast Multispecies Fishery Management Plan (FMP). Two of the potential management measures have collection-of-information requirements associated with them.

These are the Western Gulf of Maine (WGOM) Restricted Fishery Program and the Multispecies Party/Charter Closed Area Exemption Certificate. These are described here.

Western GOM Restricted Fishery Program.

One of the management measures proposes to establish a new declaration that would allow vessel owners to annually enroll into a program entitled the Western Gulf of Maine (WGOM) Restricted Fishery Program. Vessels enrolled in this program would be allowed access to the area referred to as the WGOM Restricted Fishery Area, but would be limited to 25 Days-At-Sea or 25 trips, whichever is less, during the months of February, March, April and May in any fishing year. Vessels not enrolled in the WGOM Restricted Fishery Program category would be prohibited from fishing in the WGOM restricted fishery area during these months.

The WGOM restricted fishery area has preliminarily been described as an area extending from 43°50' N. Lat. and the Maine coast to 43°50' N. Lat., 70°00' W. Long. to 43°00' N. Lat., 70°15' W. Long. to 42°00' N. Lat., 70°15' W. Long. to 42°00' and the Massachusetts coast.

Multispecies Party/Charter GOM Closed Area Exemption Certificate

This proposed management measure would require vessel owners possessing

a multispecies party/charter Federal permit, or operating a vessel as a party/charter vessel and fishing for multispecies, to obtain an exemption certificate to be allowed access to fish in GOM closed areas. This exemption certificate would allow access to GOM closed areas but would prohibit the vessel owner from utilizing multispecies days-at-sea while carrying passengers for hire on-board the vessel for the duration of the exemption certificate. Three potential duration periods have been proposed for the certificate, three months, six months and 12 months.

II. Method of Collection

Vessel owners electing to enroll into the WGOM Restricted Fishery Program would be required to complete an application form. Vessel owners would apply for the Multispecies Party/Charter GOM Closed Area Exemption Certificate by making a phone call.
