A comment was received from a consulting firm noting that if this project goes out for a full food service contract, then it would fall under the Randolph-Sheppard Act Program.

The Committee for Purchase From People Who Are Blind or Severely Disabled (Committee) operates pursuant to statutory and regulatory requirements. The Committee is aware of and complies with Section 856 of Public Law 108-375. In this instance, the requirement is for dining facility attendant—not a full food service contract. Accordingly, this project is within the authority of the Committee to consider for the AbilityOne Program Procurement List.

## **CORPORATION FOR NATIONAL AND COMMUNITY SERVICE**

**Proposed Information Collection; Comment Request**

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Notice.

**SUMMARY:** The Corporation for National and Community Service (the Corporation), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed new collection request for a Field Assessment for Understanding the Involvement of Veterans and Military Families in National Service. The Field Assessment will include interviews with Corporation-funded programs and projects that involve veterans and military family members as national service participants or service beneficiaries. Through the interviews, the Corporation will collect detailed information on the models and strategies that national service programs and projects have developed and implemented to engage and serve veterans and military families. The aim of the study is to begin to build evidence of impact and isolate the unique value that national service brings to meeting the needs of these populations. Selection will be limited to those programs and projects that have shown significant and/or strategic
