## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63398; File No. SR-NYSEArca-2010-105]

### Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Calculation of Net Asset Value for the iShares® Gold Trust

November 30, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on November 23, 2010, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to represent that the iShares® Gold Trust ("Trust"),

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

which is currently listed on the Exchange, will value the gold owned by the iShares Gold Trust on the basis of the London PM Fix instead of the COMEX settlement price for the spot month gold futures contract for purposes of calculating the net asset value of shares ("Shares") of the Trust. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The iShares® Gold Trust ("Trust") (formerly known as the iShares® COMEX Gold Trust) is currently listed on the Exchange<sup>3</sup> under NYSE Arca Equities Rule 8.201 (Commodity-Based Trust Shares).<sup>4</sup> The Trust was initially listed on the American Stock Exchange LLC (now known as NYSE Amex LLC ("NYSE Amex")).<sup>5</sup> According to the Trust's registration statement on Form S-3, filed with the Commission under the Securities Act of 1933,<sup>6</sup> the objective of the Trust is for the value of the Shares to reflect, at any given time, the price of

<sup>4</sup> Commodity-Based Trust Shares are securities issued by a trust that represent investors' discrete identifiable and undivided beneficial ownership interest in the commodities deposited into the Trust.

<sup>5</sup> Securities Exchange Act Release No. 51058 (January 19, 2005), 70 FR 3749 (January 26, 2005) (SR-Amex-2004-38) (order approving listing of iShares COMEX Gold Trust on the American Stock Exchange LLC) ("Amex Order"). Notice for SR-Amex-2004-38 was published in Securities Exchange Act Release No. 50792 (December 3, 2004) ("Amex Notice").

<sup>6</sup> 15 U.S.C. 77a.

gold owned by the Trust at that time less the Trust's expenses and liabilities.<sup>7</sup>

The sponsor of the Trust is BlackRock Asset Management International Inc., a Delaware corporation and an indirect subsidiary of BlackRock, Inc. The trustee is The Bank of New York Mellon ("Trustee") and JPMorgan Chase Bank, N.A., London branch, is the custodian for the Trust.

The Trust has determined to change the price benchmark which the Trust uses to value the gold that it owns from that described in the Amex Notice and referenced in the NYSE Arca Order. According to the Registration Statement, the net asset value ("NAV") of the Trust is obtained by subtracting the Trust's expenses and liabilities on any day from the value of the gold owned by the Trust on that day; the net asset value per Share, or NAV, is obtained by dividing the NAV of the Trust on a given day by the number of Shares outstanding on that date. On each day on which NYSE Arca is open for regular trading, the Trustee determines the NAV as promptly as practicable after 4 p.m. (Eastern time).

The Trustee currently values the Trust's gold on the basis of that day's COMEX settlement price for the spot month gold futures contract (the futures contract closest to maturity on that day). Going forward, the Trustee will value the Trust's gold on the basis of the London PM Fix.<sup>8</sup> The Commission previously has approved listing of Commodity-Based Trust Shares based on gold for which a trust's gold holdings are valued based on the London PM Fix.<sup>9</sup>

<sup>7</sup> See the registration statement for the iShares® Gold Trust on Form S-3, filed with the Commission on June 28, 2010 (No. 333-167807) ("Registration Statement").

<sup>8</sup> On November 23, 2010, the Trust filed a Form 8-K with the Commission relating to the prospective change of the benchmark used to value the gold held by the Trust (File No. 001-32418), which is available on the Commission's Web site at <http://www.sec.gov> and on the Trust's Web site at <http://www.iShares.com>. Following the effectiveness of the proposed rule change, the Trust (1) will issue a press release informing the public of the date the Trust will first use the London PM Fix to value the gold held by the Trust; (2) will file the press release with the Commission by means of Form 8-K, which will be available on the Trust's Web site; and (3) will file an amendment to the Registration Statement on Form S-3 relating to the proposed change. See e-mail from Michael Cavalier, Chief Counsel, NYSE Euronext, to Christopher W. Chow, Special Counsel, Commission, dated November 29, 2010.

<sup>9</sup> See Securities Exchange Act Release Nos. 56224 (August 8, 2007), 72 FR 45850 (August 15, 2007) (SR-NYSEArca-2007-76) (approving listing on the Exchange of the streetTRACKS Gold Trust); 50603 (October 28, 2004), 69 FR 64614 (November 5, 2004) (SR-NYSE-2004-22) (order approving listing of streetTRACKS Gold Trust on NYSE); 59895 (May 8, 2009) (order approving listing on the Exchange of ETFs Gold Trust). These proposed rule changes

Apart from the price benchmark used for valuing the Trust's gold holdings, the representations made in the Amex Notice and Amex Order, and referenced in the NYSE Arca Order, continue to apply, except for the following: (1) The name of the Trust is changed; (2) the Trust's sponsor and custodian are changed; and (3) the Trust represents that it is exempt from the requirements of Rule 10A-3 under the Act pursuant to paragraph (c)(7) of that rule.

## 2. Statutory Basis

The proposed rule change is consistent with Section 6(b)<sup>10</sup> of the Act, in general, and furthers the objectives of Section 6(b)(5),<sup>11</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system. The Exchange believes that the proposed rule change will facilitate the listing and trading of an additional type of exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>12</sup> and Rule 19b-4(f)(6) thereunder.<sup>13</sup> Because the proposed rule change does not: (i)

include descriptions of the London bullion market and the London AM and PM Fixes. In addition, these proposed rule changes, as well as the Amex Notice and Amex Order include descriptions of the OTC gold market generally and regulation of the gold market.

<sup>10</sup> 15 U.S.C. 78f(b).

<sup>11</sup> 15 U.S.C. 78f(b)(5).

<sup>12</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>13</sup> 17 CFR 240.19b-4(f)(6).

Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>14</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>15</sup>

A proposed rule change filed under 19b-4(f)(6)<sup>16</sup> normally may not become operative prior to 30 days after the date of filing.<sup>17</sup> However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. As noted above,<sup>18</sup> the Commission has approved the listing and trading of other issues of Commodity-Based Trust Shares that are valued using the same methodology proposed for the Trust, and therefore believes that no significant purpose would be served by a 30-day operative delay. For these reasons, the Commission designates the proposed rule change to be operative upon filing with the Commission.<sup>19</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

<sup>17</sup> 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires that a self-regulatory organization submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>18</sup> See *supra* note 9 and accompanying text.

[Release No. 34-63400; File No. SR-OPRA-2010-04]

**Options Price Reporting Authority; Notice of Filing and Immediate Effectiveness of Proposed Amendment To Revise Section 4.04 of the Data Recipient Interface Specification and Section 4.15 of the Participant Interface Specification and Make Conforming Changes to Appendix D**

November 30, 2010.

Pursuant to Section 11A of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 608 thereunder,<sup>2</sup> notice is hereby given that on November 9, 2010, the Options Price Reporting Authority ("OPRA") submitted to the Securities and Exchange Commission ("Commission") an amendment to the Plan for Reporting of Consolidated Options Last Sale Reports and Quotation Information ("OPRA Plan").<sup>3</sup> The proposed amendment would make identical changes to Section 4.04 of OPRA's Data Recipient Interface Specification and Section 4.15 of its Participant Interface Specification (both Specifications are collectively referred to herein as the "OPRA Spec"), which govern the format in which options market information is input to and disseminated from the OPRA Processor, in order to add message type codes specifying that either the bid side or the offer side, but not both sides, of a quotation is not firm. OPRA also proposes to make a conforming change to Appendix D of the OPRA Spec describing Best Bid and Offer (BBO) calculations. Sections 4.04 and 4.15 and Appendix D of the OPRA Spec, marked to show the changes proposed to be made, are attached as Exhibits 1.1, 1.2 and 1.3, respectively, to the OPRA Plan amendment.

The Commission is publishing this notice to solicit comments from

<sup>1</sup> 15 U.S.C. 78k-1.

<sup>2</sup> 17 CFR 242.608.

<sup>3</sup> The OPRA Plan is a national market system plan approved by the Commission pursuant to Section 11A of the Act and Rule 608 thereunder (formerly Rule 11Aa3-2). See Securities Exchange Act Release No. 17638 (March 18, 1981), 22 S.E.C. Docket 484 (March 31, 1981). The full text of the OPRA Plan is available at <http://www.oprapdata.com>.

The OPRA Plan provides for the collection and dissemination of last sale and quotation information on options that are traded on the participant exchanges. The nine participants to the OPRA Plan are BATS Exchange, Inc., Chicago Board Options Exchange, Incorporated, C2 Options Exchange, Incorporated, International Securities Exchange, LLC, NASDAQ OMX BX, Inc., NASDAQ OMX PHLX, Inc., NASDAQ Stock Market LLC, NYSE Amex, Inc., and NYSE Arca, Inc.

interested persons on the proposed OPRA Plan amendment.

**I. Description and Purpose of the Plan Amendment**

The purpose of this filing is to revise Sections 4.04 and 4.15 of the OPRA Spec, which set forth message type codes indicating the characteristics of particular disseminated options quotations, in order to add codes specifying that either the bid side or the offer side, but not both sides, of a quotation is not firm. Under Sections 4.04 and 4.15 as currently in effect, code "F" is appended to a quotation where both the bid side and the offer side are not firm. This code may be used, for example, where systems or communications problems at an exchange prevent that exchange from sending firm quotes to OPRA for dissemination, but where the exchange is capable of providing non-firm quotes to indicate some sense of its market notwithstanding its systems problems. Even if an exchange is not having systems problems, it might use code "F" to indicate that its quotes are not available for automatic execution because, for example, the quotes are disseminated outside of the hours when automatic execution facilities are in use. However, there are no codes in Sections 4.04 and 4.15 to indicate that one side of a quote is not firm while the other side is firm. This situation could arise, for example, when an exchange is in the process of collecting liquidity, either during an auction or when there is a price-driven integrity pause. In this situation, OPRA believes it would be more useful to OPRA subscribers if the affected exchange and OPRA could indicate that one side of a quote is firm and the other side is not firm rather than not displaying the quote at all or displaying it under the "F" code, which would incorrectly indicate that neither side of the quote is firm.

In the absence of a one-side only non-firm code, in accordance with the current OPRA Spec, exchanges have displayed a zero value for the price and size of that side of a quote that is not firm while showing the actual price and size of the firm side of the quote. This has proved to be a less than optimal solution because it does not provide a way to indicate that there is bid or offer interest even if it is not available for automatic execution at that time. Bidding or offering at zero price and zero size means that no offer side or no bid side interests exists, which may not correctly reflect the actual state of the market. For this reason, OPRA is now proposing to add to Sections 4.04 and 4.15 of the OPRA Spec two new codes:

<sup>20</sup> 17 CFR 200.30-3(a)(12).
