

countervailable subsidy rate for one producer under review, Linyi Youyou Wood Co., Ltd., an affiliate of Shanghai Lizhong Wood Products Co., Ltd. (also

known as The Lizhong Wood Industry Limited Company of Shanghai), was inadvertently omitted from the notice. Therefore, this company should be

included in the listing of producers and/or exporters under review and its net subsidy rate is as follows:

Producer/Exporter	Net subsidy rate
Shanghai Lizhong Wood Products Co., Ltd. (also known as The Lizhong Wood Industry Limited Company of Shanghai); Linyi Youyou Wood Co., Ltd.	0.99

No other changes have been made to the *Final Results*.

Assessment Rates

Consistent with 19 CFR 351.212(b)(2), we intend to issue assessment instructions to the U.S. Customs and Border Protection (CBP) fifteen days after the date of publication of these final results. We will instruct CBP to assess countervailing duties on period of review entries in the amounts shown above.

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, we intend to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed companies (except Zhejiang Layo Wood Industry Co., Ltd., its affiliate Jiaying Brilliant Import & Export Co., Ltd., and Zhejiang Yuhua Timber Co., Ltd., which are excluded from the *Order*),² we will instruct CBP to continue to collect cash deposits at the most recent company-specific or all-others rate applicable to the company. Accordingly, the cash deposit rates that will be applied to companies covered by the *Amended Order*,³ but not examined in this review, are those established in the most recently completed segment of the proceeding for each company. These cash deposit requirements, when imposed, shall remain in effect until further notice.

This corrected notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: August 13, 2015.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Hand Trucks and Certain Parts Thereof From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective date:* August 19, 2015.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty order on hand trucks and certain parts thereof (hand trucks) from the People's Republic of China (PRC) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation for this antidumping duty order.

Contact Information: Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Background

On March 2, 2015, the Department initiated this sunset review on the antidumping duty order on hand trucks from the PRC, pursuant to section 751(c) and 752 of the Tariff Act of 1930, as amended (the Act).¹ As a result of the review, the Department found that revocation of the antidumping order

would likely lead to a continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the dumping margins likely to prevail were the order to be revoked.² On August 5, 2015, the ITC published its determination pursuant to section 751(c) and 752 of the Act that revocation of the antidumping duty order of hand trucks from the PRC would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Order for Hand Trucks

The merchandise subject to this antidumping duty order consists of hand trucks manufactured from any material, whether assembled or unassembled, complete or incomplete, suitable for any use, and certain parts thereof, namely the vertical frame, the handling area and the projecting edges or toe plate, and any combination thereof.

A complete or fully assembled hand truck is a hand-propelled barrow consisting of a vertically disposed frame having a handle or more than one handle at or near the upper section of the vertical frame; at least two wheels at or near the lower section of the vertical frame; and a horizontal projecting edge or edges, or toe plate, perpendicular or angled to the vertical frame, at or near the lower section of the vertical frame. The projecting edge or edges, or toe plate, slides under a load for purposes of lifting and/or moving the load.

That the vertical frame can be converted from a vertical setting to a horizontal setting, then operated in that horizontal setting as a platform, is not a basis for exclusion of the hand truck from the scope of this petition. That the vertical frame, handling area, wheels, projecting edges or other parts of the hand truck can be collapsed or folded is

² See *Order*, 76 FR at 76694.

³ See *Multilayered Wood Flooring from the People's Republic of China: Notice of Court Decision Not in Harmony with Final Determination of Countervailing Duty Investigation and Notice of Amended Countervailing Duty Order*, 77 FR 71167 (November 29, 2012).

¹ See *Initiation of Five Year ("Sunset") Review*, 80 FR 11164 (March 2, 2015) (*Sunset Initiation*).

² See *Hand Trucks and Certain Parts Thereof From the People's Republic of China: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order*, 80 FR 39748 (July 10, 2015).

³ See *Hand Trucks and Certain Parts Thereof From China*, [Investigation No. 731-TA-1059 (Second Review)], 80 FR 46603 (ITC August 5, 2015).

not a basis for exclusion of the hand truck from the scope of the petition. That other wheels may be connected to the vertical frame, handling area, projecting edges, or other parts of the hand truck, in addition to the two or more wheels located at or near the lower section of the vertical frame, is not a basis for exclusion of the hand truck from the scope of the petition. Finally, that the hand truck may exhibit physical characteristics in addition to the vertical frame, the handling area, the projecting edges or toe plate, and the two wheels at or near the lower section of the vertical frame, is not a basis for exclusion of the hand truck from the scope of the petition.

Examples of names commonly used to reference hand trucks are hand truck, convertible hand truck, appliance hand truck, cylinder hand truck, bag truck, dolly, or hand trolley. They are typically imported under heading 8716.80.5010 of the Harmonized Tariff Schedule of the United States (HTSUS), although they may also be imported under heading 8716.80.5090. Specific parts of a hand truck, namely the vertical frame, the handling area and the projecting edges or toe plate, or any combination thereof, are typically imported under heading 8716.90.5060 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes, the Department's written description of the scope is dispositive.

Excluded from the scope are small two-wheel or four-wheel utility carts specifically designed for carrying loads like personal bags or luggage in which the frame is made from telescoping tubular material measuring less than $\frac{5}{8}$ inch in diameter; hand trucks that use motorized operations either to move the hand truck from one location to the next or to assist in the lifting of items placed on the hand truck; vertical carriers designed specifically to transport golf bags; and wheels and tires used in the manufacture of hand trucks.

Excluded from the scope is a multifunction cart that combines, among others, the capabilities of a wheelbarrow and dolly. The product comprises a steel frame that can be converted from vertical to horizontal functionality, two wheels toward the lower end of the frame and two removable handles near the top. In addition to a foldable projection edge in its extended position, it includes a permanently attached steel tub or barrow. This product is currently available under proprietary trade names such as the "Aerocart."

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of this antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to sections 751(c) and 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on hand trucks from the PRC. U.S. Customs and Border Protection will continue to collect cash deposits for estimated antidumping duties at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of this order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of this order not later than 30 days prior to the fifth anniversary of the effective date of continuation of the order.

This five-year (sunset) review and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: August 12, 2015.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XE116

International Pacific Halibut Commission Appointments

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of call for nominations.

SUMMARY: In May 2015, NOAA Fisheries publicly solicited nominations for two presidential appointments to serve as U.S. Commissioners to the IPHC. This multi-step nomination process is intended to provide extensive participation by stakeholders in the Pacific halibut fishery and result in the appointment of two highly qualified individuals to represent the U.S. Government in this important international fisheries management organization. The most recent IPHC

public nomination process yielded two names for the two expiring seats, both re-nominations. U.S. Commissioners to the IPHC are appointed for a term not to exceed 2 years, but are eligible for reappointment. While this recent solicitation of nominations resulted in two strong candidates, NOAA Fisheries is seeking a greater number of nominations from which to propose two candidates for appointment by the President. Additionally, the lack of a larger candidate pool impacts the ability of recommending officials to propose Alternate Commissioners. The Secretary of State, in consultation with the Secretary of Commerce, may designate Alternative U.S. Commissioners to serve in the absence of duly appointed U.S. Commissioners. Nominations for IPHC U.S. Commissioner and letters of public support that have already been submitted in response to the original solicitation notice do not need to be resubmitted. Nominations are open to all qualified individuals and may include current Commissioners.

DATES: Nominations must be received by September 18, 2015. A list of nominees will be published on the NMFS Alaska Regional Office Web site (<http://www.alaskafisheries.noaa.gov/>) on September 23, 2015. Public comments relating to this list of nominees will be accepted until October 23, 2015.

ADDRESSES: Nominations for U.S. Commissioners to the IPHC may be made in writing to Mr. Patrick E. Moran, Office of International Affairs and Seafood Inspection, National Marine Fisheries Service, at 1315 East-West Highway, Silver Spring, MD 20910. Nominations may also be sent via fax (301-713-2313) or email (IPHC2015nominations@noaa.gov). Please send all public comments via email to IPHC2015comments@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Patrick E. Moran, (301) 427-8370.

SUPPLEMENTARY INFORMATION:

Background

The IPHC is a bilateral regional fishery management organization established pursuant to the Convention between Canada and the United States for the Preservation of the Halibut Fishery of the North Pacific Ocean and Bering Sea (Convention). The Convention was signed at Ottawa, Ontario, on March 2, 1953, and was amended by a Protocol Amending the Convention signed at Washington, DC, on March 29, 1979. The Convention's central objective is to develop the stocks of Pacific halibut in waters off the west coasts of Canada and the United States
