Presidential Task Force on Combating Illegal Unreported and Unregulated (IUU) Fishing and Seafood Fraud Action Plan for Implementing Recommendations 14/15; Commerce Trusted Trader Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The National Ocean Council Committee on IUU Fishing and Seafood Fraud (NOC Committee) is seeking public input on the design and implementation of a Commerce Trusted Trader Program as part of an effective seafood traceability process to combat IUU fishing and seafood fraud. The Commerce Trusted Trader Program will establish within the previously proposed Seafood Import Monitoring Program such benefits as reduced targeting and inspections, and enhanced streamlined entry into U.S. commerce for holders of an International Fisheries Trade Permit that are certified for participation in the Commerce Trusted Trader Program.

SUPPLEMENTARY INFORMATION:

Background

On June 17, 2014, the White House released a Presidential Memorandum entitled "Establishing a Comprehensive Framework to Combat Illegal, Unreported, and Unregulated Fishing and Seafood Fraud." Among other actions, the Memorandum established a Presidential Task Force on Combating Illegal, Unreported, and Unregulated (IUU) Fishing and Seafood Fraud (Task Force), co-chaired by the Departments of State and Commerce, with membership including a number of other Federal agency and White House Offices: The Departments of Agriculture, Defense, Health and Human Services, Homeland Security, Interior, and Justice; the Federal Trade Commission; the U.S. Agency for International Development; the Council on Environmental Quality; the Office of Science and Technology Policy; the National Security Council; and the Office of the U.S. Trade Representative.

The Task Force was directed to report to the President "recommendations for the implementation of a comprehensive framework of integrated programs to combat IUU fishing and seafood fraud that emphasizes areas of greatest need." Those recommendations were provided to the President through the National Ocean Council, and NMFS requested comments from the public on how to effectively implement the recommendations of the Task Force (79 FR 75536, December 18, 2014). Oversight for implementing the recommendations of the Task Force has

been charged to the National Ocean Council Standing Committee on IUU Fishing and Seafood Fraud (NOC Committee). On March 15, 2015, the Task Force published its Action Plan for Implementing the Task Force Recommendations (<http://www.nmfs.noaa.gov/ia/iuu/taskforce.html>).

Recommendation 14 concerns the development of a risk-based traceability program as a means to combat IUU fishing and seafood fraud. Recommendation 15 calls for the implementation of the first phase of that risk-based traceability program that tracks fish and fish products identified as being at risk of IUU fishing or seafood fraud from point of harvest to point of entry into U.S. commerce.

The first step taken to address Recommendations 14 and 15 was the identification of those species likely to be at risk of IUU fishing or seafood fraud. The second step taken was proposed rulemaking (81 FR 6210, February 5, 2016), which would establish data reporting, recordkeeping, and related operational requirements at the point of entry into U.S. commerce for imported fish and fish products of at-risk species. The data reporting and recordkeeping requirements for at-risk species imports would apply to importers of record, who would be required to obtain an International Fisheries Trade Permit. The importers of record are the importers as identified in CBP entry filings for shipments containing the designated at-risk species. Customs brokers may fulfill these requirements on behalf of the importer of record at the importer of record's request.

The next step is to develop and implement a trusted trader program whereby the Secretary of Commerce will collaborate with the Secretary of Homeland Security and other agencies as relevant to assist in developing a voluntary Commerce Trusted Trader Program for importers of the species covered by the final rule to be issued to establish a Seafood Import Monitoring Program. The Commerce Trusted Trader Program will provide benefits such as reduced targeting and inspections and enhanced streamlined entry into U.S. commerce for certified importers. With this notice, the Committee is soliciting comments on the design and implementation of this Commerce Trusted Trader Program.

Scope

As proposed, the Seafood Import Monitoring Program holds the importer of record responsible for certain reporting and recordkeeping
