III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the March 4, 2010, **Federal Register** notice (75 FR 9896; FRL-8813-5) announcing the Agency's receipt of request for voluntary cancellation of the product listed in Table 1.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested cancellation of the maneb registration identified in Table 1. Accordingly, the Agency hereby orders that the product registration identified in Table 1 is canceled. The effective date of the cancellation that is the subject of this notice is April 16, 2010. Any distribution, sale, or use of existing stocks of the product identified in Table 1 in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request. The notice of receipt for this

action was published for comment on March 4, 2010. The comment period closed on April 5, 2010.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the product subject to this order is as follows:

1. The registrant may continue to sell or distribute existing stocks of the maneb end-use product identified in Table 1 until such stocks are exhausted.

2. Persons other than the registrant may continue to sell or distribute existing stocks of maneb products identified in Table 1 with previously approved labeling until such stocks are exhausted.

3. Persons other than the registrant may use the maneb end use products identified in Table 1 until exhausted. Any use of existing stocks must be in a manner consistent with the previously approved labeling for that product.

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Public Service Company of Colorado—Hayden Station

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This document announces that the EPA Administrator has responded to a citizen petition asking EPA to object to an operating permit issued by the Colorado Department of Public Health and Environment (CDPHE). Specifically, the Administrator has partially granted and partially denied the March 10, 2009 Petition, submitted by WildEarth Guardians (Petitioner), to object to CDPHE's April 1, 2009 title V permit

issued to Public Service Company of Colorado dba Xcel Energy (Xcel)—Hayden Power Station.

Pursuant to section 505(b)(2) of the Clean Air Act (Act), Petitioners may seek judicial review of those portions of the petitions, which EPA denied in the United States Court of Appeals for the appropriate circuit. Any petition for review shall be filed within 60 days from the date this notice appears in the **Federal Register**, pursuant to section 307 of the Act.

ADDRESSES: You may review copies of the final order, the petition, and other supporting information at the EPA Region 8 Office, 1595 Wynkoop Street, Denver, Colorado, 80202-1129. EPA requests that if at all possible, you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view the copies of the final order, the petition, and other supporting information. You may view the hard copies Monday through Friday, 8 a.m. to 4 p.m., excluding Federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before visiting day. Additionally, the final order for Public Service Company of Colorado—Hayden Power Station, is available electronically at:

http://www.epa.gov/region07/air/title5/petitiondb/petitions/xcel_hayden_decision2009.pdf.

FOR FURTHER INFORMATION CONTACT: Donald Law, Office of Partnerships and Regulatory Assistance, EPA Region 8, 1595 Wynkoop Street, Denver, Colorado, 80202-1129, (303) 312-7015, law.donald@epa.gov.

SUPPLEMENTARY INFORMATION: The Act affords EPA a 45-day period to review and object to, as appropriate, a title V operating permit proposed by State permitting authorities. Section 505(b)(2) of the Act authorizes any person to petition the EPA Administrator, within 60 days after the expiration of this review period, to object to a title V operating permit if EPA has not done so. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the State, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

EPA received a petition from WildEarth Guardians dated March 10, 2009, requesting that EPA object to the issuance of the title V operating permit to Public Service Company of Colorado for the operation of the Hayden Power Station. The Petitioner alleges that the

Hayden Power Station permit does not comply with 40 CFR part 70 in that: (I) the title V permit fails to require compliance with particulate matter limits; and (II) the title V permit fails to ensure compliance with Prevention of Significant Deterioration (PSD) requirements in regard to carbon dioxide emissions.

On March 24, 2010, the Administrator issued an order partially granting and partially denying the petition. The order explains the reasons behind EPA's conclusions.

Dated: April 7, 2010.

Carol L. Campbell,

Acting Regional Administrator, Region 8.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public. Accordingly, after March 31, 2010, EPA will discontinue the publication of this notice of availability of EPA comments in the **Federal Register**.
