### National Oceanic and Atmospheric Administration

[Docket Number 100115026-0026-01]

#### **Science Advisory Board; Draft Report of the NOAA Science Advisory Board Oceans and Health Working Group**

**AGENCY:** Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric

Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice of availability and request for public comment.

**SUMMARY:** NOAA Research (OAR) publishes this notice on behalf of the NOAA Science Advisory Board (SAB) to announce the availability of the draft report of the SAB Oceans and Health Working Group (here called the OHWG) for public comment. The draft report of the OHWG has been prepared pursuant to the request initiated from NOAA for an external panel of experts to explore opportunities to enhance NOAA's ongoing ocean health efforts and their impacts on ecosystem and public health and well-being.

**DATES:** Comments on this draft report must be received by 5 p.m. on February 25, 2010.

**ADDRESSES:** The Draft Report of the OHWG will be available on the NOAA Science Advisory Board Web site at <http://www.sab.noaa.gov/Reports/ohwg>.

The public is encouraged to submit comments electronically to [noaa.sab.comments@noaa.gov](mailto:noaa.sab.comments@noaa.gov). For individuals who do not have access to the Internet, comments may be submitted in writing to: NOAA Science Advisory Board (SAB) c/o Dr. Cynthia Decker, 1315 East-West Highway-R/SAB, Silver Spring, Maryland 20910.

**FOR FURTHER INFORMATION CONTACT:** Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, 1315 East-West Highway-R/SAB, Silver Spring, Maryland 20910. (Phone: 301-734-1156, Fax: 301-734-1459) during normal business hours of 9 a.m. to 5 p.m. Eastern Time, Monday through Friday, or visit the NOAA SAB Web site at <http://www.sab.noaa.gov>.

**SUPPLEMENTARY INFORMATION:** As part of its charge, the OHWG was tasked to consider the following questions and any others that the Working Group may decide to entertain:

- (1) What are NOAA's unique and important scientific roles in addressing ocean health issues?
- (2) What are the right ocean health science questions, products and services for NOAA?
- (3) Are there additional ocean health science issues that should be included in the NOAA research portfolio? If so, what are these?
- (4) What are the appropriate steps for NOAA to incorporate and advance ocean health as part of its core mission?
- (5) How could NOAA more systematically develop ocean health products and services to enhance ecosystem, organism, human, and community health?

(6) How can NOAA better integrate among its major programs, including activities conducted within the agency and those supported in the external community, to better define and assess ocean health issues?

The complete terms of reference for the working group can be found at:

[http://www.sab.noaa.gov/Working\\_Groups/current/oceans\\_health/OCEANSHEALTH\\_TOR\\_FINAL.pdf](http://www.sab.noaa.gov/Working_Groups/current/oceans_health/OCEANSHEALTH_TOR_FINAL.pdf).

The SAB is chartered under the Federal Advisory Committee Act and is the only Federal Advisory Committee with the responsibility to advise the Under Secretary on long- and short-term strategies for research, education, and application of science to resource management and environmental assessment and prediction.

NOAA welcomes all comments on the content of the draft report. We also request comments on any inconsistencies perceived within the report, and possible omissions of important topics or issues. This draft report is being issued for comment only and is not intended for interim use. For any shortcoming noted within the report, please propose specific remedies. Suggested changes will be incorporated where appropriate, and a final report will be posted on the SAB Web site.

Please follow these instructions for preparing and submitting comments. Using the format guidance described below will facilitate the processing of comments and assure that all comments are appropriately considered. Overview comments should be provided first and should be numbered. Comments that are specific to particular pages, paragraphs or lines of the section should follow any overview comments and should identify the page and line numbers to which they apply. Please number each page of your comments.

Dated: January 20, 2010.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

RIN 0648-XT92

#### **Endangered Species; File No. 14396**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Issuance of permit.

**SUMMARY:** Notice is hereby given the Delaware Department of Natural Resources and Environmental Control-Division of Fish and Wildlife, Dover, DE, has been issued a permit to take shortnose sturgeon (*Acipenser brevirostrum*) for purposes of scientific research.

**ADDRESSES:** The permit and related documents are available for review upon written request or by appointment in the following office(s):

- Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 713-0376; and
- Northeast Region, NMFS, Protected Resources Division, 55 Great Republic Drive, Gloucester, MA 01930; phone (978) 281-9300; fax (978) 281-9333.

**FOR FURTHER INFORMATION CONTACT:** Malcolm Mohead or Kate Swails, (301) 713-2289.

**SUPPLEMENTARY INFORMATION:** On August 25, 2009, notice was published in the *Federal Register* (74 FR 42861) that a request for a scientific research permit to take shortnose sturgeon had been submitted by the above-named organization. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

The applicant is authorized to conduct a five-year scientific study of shortnose sturgeon in the Delaware River where primary study objectives are to locate and document nursery areas, individual movement patterns, seasonal movements, home ranges, and habitats of juvenile shortnose sturgeon using telemetry. The project will be coordinated with an ongoing Atlantic sturgeon (*Acipenser oxyrinchus oxyrinchus*) study having similar research objectives. Annually, up to 100 shortnose sturgeon will be weighed, measured, examined for tags, marked with Passive Integrated Transponder (PIT) tags and Floy tags, photographed and released. Additionally, a subset of up to 15 juvenile shortnose sturgeon will be anesthetized and implanted with acoustic transmitters. One unintentional mortality is authorized over the five year term of the project where sampling is scheduled from March 1 to December 15 each year.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: January 19, 2010.

**Tammy C. Adams,**

*Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-351-825]

#### **Stainless Steel Bar From Brazil: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:** Catherine Cartos, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-1757.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

At the request of interested parties, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on certain stainless steel bar from Brazil for the period February 1, 2008, through January 31, 2009. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 74 FR 12310 (March 24, 2009). On October 29, 2009, we extended the time period for issuing the preliminary results of the review by 90 days until January 29, 2010. See *Stainless Steel Bar From Brazil: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 55812 (October 29, 2009).

#### **Extension of Time Limit for Preliminary Results**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an

order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month of the order. See also 19 CFR 351.213(h).

We determine that it is not practicable to complete the preliminary results of this review by the current deadline of January 29, 2010, for several reasons. Specifically, the Department has granted the respondent, Villares Metals S.A. (Villares), several extensions to respond to the original and supplemental questionnaires. Thus, the Department needs additional time to review and analyze the responses submitted by Villares. Further, the Department requires additional time to review issues such as corporate affiliations and steel grades of products reported by Villares as they will affect the Department's matching methodology in this case. Finally, in response to the petitioners' cost allegation submitted on September 9, 2009, we initiated a cost investigation on October 28, 2009, and received Villares's cost information on November 23, 2009. As a result, the Department requires additional time not only to review and analyze Villares's cost information but also collect additional cost information. Therefore, we are extending the time period for issuing the preliminary results of this review by 30 days until March 1, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act and 19 CFR 351.213(h)(2).

Dated: January 19, 2010.
