Under Council on Environmental Quality National Environmental Policy Act (NEPA) regulations (40 CFR 1506.10), the publication of this notice of availability in the **Federal Register** initiates a 45-day public comment period.

**Background**

The Spokane Tribe of Indians (Tribe) has requested that the Secretary of the Interior issue a two-part determination under Section 20 of the Indian Gaming Regulatory Act for Class III gaming on 145 acres held in Federal trust for the

Tribe near the City of Airway Heights, Washington. The 145-acre project is located immediately west of the city limits of Airway Heights in the unincorporated West Plains area of Spokane County, Washington.

The proposed project consists of the following components: (1) Issuance of a two-part determination by the Secretary of the Interior; and (2) development of a casino-resort facility, parking structure, site retail, commercial building, tribal cultural center, and police/fire station within the project site. At full build-out, the proposed casino-resort facility would have approximately 98,442 square feet of gaming floor and a 300-room hotel.

The following alternatives are considered in the DEIS: (1) Proposed casino and mixed-use development; (2) reduced casino and mixed-use development; (3) non-gaming mixed-use development; and (4) no action/no development. Environmental issues addressed in the DEIS include geology and soils, water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions (including environmental justice), transportation and circulation, land use, public services, noise, hazardous materials, aesthetics, cumulative effects, and indirect and growth inducing effects.

BIA issues the DEIS as lead agency, with the Spokane Tribe of Indians, National Indian Gaming Commission, Washington State Department of Transportation, City of Airway Heights, Spokane County, Federal Aviation Administration, and U.S. Department of the Air Force serving as cooperating agencies. BIA held a public scoping meeting for the project on September 16, 2009, in the City of Airway Heights, Washington.
