

Mandatory for: US Air Force, Postal Service Center, Altus Air Force Base, OK
Authorized Source of Supply: VersAbility Resources, Inc., Hampton, VA
Contracting Activity: U.S. Air Force, 97th Contracting Squadron, Altus AFB, OK

Deletions

The following product(s) and service(s) are proposed for deletion from the Procurement List:

Product(s)

NSN(s)—Product Name(s): 5340-00-NIB-0002—Key Blank, Standard, USPS

Authorized Source of Supply: Mississippi Industries for the Blind (Inc.), Jackson, MS

Contracting Activity: U.S. Postal Service, Washington, DC

NSN(s)—Product Name(s):

8105-00-NIB-1412—Aquapad Sand-less Sandbag

8465-01-630-6365—Reflective Safety Belt, ARMY, Adjustable 31" to 55", Gold/Black

8465-01-630-6371—Reflective Safety Belt, NAVY, Adjustable 31" to 55", Silver/Black

8465-01-630-6375—Reflective Safety Belt, AIR FORCE, Adjustable 31" to 55", Silver/Blue

8465-01-630-6915—Reflective Safety Belt, USMC, Adjustable 31" to 55", Amber/Scarlet

Authorized Source of Supply: Envision, Inc., Wichita, KS

Contracting Activity: DLA Troop Support, Philadelphia, PA

NSN(s)—Product Name(s):

7510-01-682-8095—Monthly Planner, Recycled, Dated 2025, 14-month, 6⁷/₈" x 8³/₄"

7510-01-682-8105—Professional Planner, Dated 2025, Recycled, Weekly, Black, 8¹/₂" x 11"

7530-01-693-5566—Weekly Planner Book, Dated 2025, 5" x 8", Black

7530-01-693-5573—Monthly Desk Planner, Dated 2025, Wire Bound, Non-refillable, Black Cover

7530-01-693-5581—Weekly Desk Planner, Dated 2025, Wire Bound, Non-refillable, Black Cover

7530-01-693-5598—Daily Desk Planner, Dated 2025, Wire bound, Non-refillable, Black Cover

7510-01-682-8101—Wall Calendar, Recycled, Dated 2025, Vertical, 3 Months, 12¹/₄" x 26"

7510-01-693-5078—Monthly Wall Calendar, Dated 2025, Jan-Dec, 8¹/₂" x 11"

7510-01-693-5084—Wall Calendar, Dated 2025, Wire Bound w/hanger, 15.5" x 22"

7510-01-693-5098—Wall Calendar, Dated 2025, Wire Bound w/Hanger, 12" x 17"

7510-01-695-6113—Dated 2025 12-Month 2-Sided Laminated Wall Planner, 24" x 37"

Authorized Source of Supply: Chicago Lighthouse Industries, Chicago, IL

Contracting Activity: GSA/FAS Admin SVCS Acquisition BR(2, NEW YORK, NY

Service(s)

Service Type: Janitorial/Custodial

Mandatory for: Department of Veterans Affairs, VA Northern California Health Care System, Fairfield Outpatient Clinic, 103 Bodin Circle, Buidling 778, Travis AFB, CA

Authorized Source of Supply: Easter Seal Society of Superior California, Sacramento, CA

Contracting Activity: Veterans Affairs, Department Of, 261-Network Contract OFC21 (00261)

Service Type: Administrative Service

Mandatory for: National Park Service,

Harpers Ferry Center, Harpers Ferry, WV

Authorized Source of Supply: Hagerstown Goodwill Industries, Inc., Hagerstown, MD

Contracting Activity: National Park Service, Washington Contracting Office

Service Type: Janitorial/Grounds Maintenance

Mandatory for: Veterans Administration, VA Northern California Health Care, Mare Island Outpatient Clinic, Vallejo, CA

BILLING CODE 6353-01-P

DEPARTMENT OF DEFENSE

Department of the Army

Final Environmental Impact Statement for Army Training Land Retention at Kahuku Training Area, Kawaioloa-Poamoho Training Area, and Makua Military Reservation, Island of O'ahu, Hawai'i (ID# EISX-007-21-001-1733763715)

AGENCY: Department of the Army, DoD.

ACTION: Notice of Availability.

SUMMARY: The Department of the Army (Army) announces the availability of a Final Environmental Impact Statement (Final EIS) regarding its proposed action to retain up to approximately 6,322 acres of land on the island of O'ahu that the Army currently leases from the State of Hawai'i ("State-owned land"). These lands comprise approximately 1,150 acres at Kahuku Training Area (KTA), approximately 4,390 acres at Kawaioloa-Poamoho Training Area (Poamoho), and approximately 782 acres at Makua Military Reservation (MMR). In accordance with the National Environmental Policy Act (NEPA) and the Hawai'i Environmental Policy Act (HEPA), the Final EIS analyzes the potential direct, indirect, and cumulative impacts of a range of reasonable alternatives that meet the purpose of and need for the proposed action. Because the proposed retention involves State-owned lands, the EIS is a joint NEPA-HEPA document that meets requirements of both statutes. The Army will observe a 30-day waiting period before deciding how much land, if any, it will seek to retain.

DATES: The waiting period for the Final EIS will end 30 days after publication of this Notice of Availability in the **Federal Register** by the U.S. Environmental Protection Agency, at which time the Army can execute a Record of Decision.

ADDRESSES: The Final EIS and informational materials are available on the EIS website at: <https://home.army.mil/hawaii/OahuEIS/project-home>. The public may also review the Final EIS and select materials at the following libraries:

1. Hawai'i State Library, Hawai'i Documents Center, 478 S King Street, Honolulu, HI 96813
2. Kahuku Public and School Library, 56-490 Kamehameha Highway, Kahuku, HI 96731
3. Wahiawā Public Library, 820 California Avenue, Wahiawā, HI 96786
4. Wai'anae Public Library, 85-625 Farrington Highway, Wai'anae, HI 96792

FOR FURTHER INFORMATION CONTACT: Mr. Michael Donnelly, U.S. Army Garrison Hawai'i Public Affairs Office, by telephone at (808) 787-2140 or by email at usarmy.hawaii.nepa@army.mil.

SUPPLEMENTARY INFORMATION: U.S. Army Garrison Hawai'i is home to the 25th Infantry Division (25th ID) and other commands, the mission of which is to deploy and conduct decisive actions in support of unified land operations. 25th ID is based at Schofield Barracks on the island of O'ahu and trains on a

rotational basis at various training areas, including KTA, Poamoho, and MMR.

Located in northeast O'ahu, KTA has been the site of military training since the mid-1950s. Current training activities on State-owned land at KTA include high-density, company-level helicopter training in a tactical environment, large-scale ground maneuver training, and air support training.

Located on the western slopes the Ko'olau Mountains in north-central O'ahu, Poamoho has been the site of military training since 1964. It provides airspace with ravines and deep vegetation for realistic helicopter training.

Located in northwest O'ahu, MMR has been a military training site for nearly 100 years. Tactical training at MMR began in 1941 after the attack on Pearl Harbor and military use continues to this day. Current activities on State-owned land at MMR include maneuver training, the use of restricted airspace for unmanned aerial vehicle training, as well as wildland fire suppression and security activities.

The Army published a Draft EIS on June 7, 2024. Native Hawaiian Organizations, Federal, State, and local agencies and officials, and other stakeholders were invited to participate in the public comment processes for the Draft EIS. The Army held three public meetings for the Draft EIS. Comments and responses to comments are included in the Final EIS.

The Final EIS evaluates the potential impacts of a range of reasonable alternatives:

For KTA—(1) Full Retention (of approximately 1,150 acres); (2) Modified Retention (of approximately 450 acres);

For Poamoho—(1) Full Retention (of approximately 4,390 acres); (2) Modified Retention (of approximately 3,170 acres);

For MMR—(1) Full Retention (of approximately 782 acres); (2) Modified Retention (of approximately 572 acres); (3) Minimum Retention (of approximately 162 acres and 2.4 miles of select range and firebreak roads).

The Final EIS also analyzes the potential impacts of the No-Action Alternative, under which Army use of the leased land would cease altogether when the lease expires in 2029. The Army has identified the preferred alternative as Alternative 2 at KTA and as the No-Action Alternative at Poamoho and MMR. The Army based its preference on public comments, environmental, social, technical, and economic considerations, and the ability of the alternative to meet the mission of the Army.

The Final EIS analyzes: land use; biological resources; cultural resources; cultural practices; hazardous substances and hazardous wastes; air quality and greenhouse gases; noise; geology, topography and soils; water resources; socioeconomic; environmental justice; transportation and traffic; and human health and safety.

The analyses regarding air quality, greenhouse gases, and environmental justice were prepared according to now-rescinded executive orders, and according to Council on Environmental Quality and Army NEPA implementing regulations that have been or are in the process of being rescinded. Because the analyses of air quality, greenhouse gases, and environmental justice were provided to the public for comment, they are included as part of the Final EIS for purposes of transparency and consistency.

The Final EIS indicates that significant adverse impacts could occur on land use (land tenure) and environmental justice at KTA and Poamoho under Alternatives 1 and 2, and at MMR under Alternatives 1, 2, and 3. Significant adverse impacts could occur on cultural practices with a lease or fee simple sale at MMR under Alternatives 1, 2, and 3. Some of the significant impacts for land use (land tenure) could be reduced to less than significant. The Army has identified mitigation measures in the Final EIS to mitigate adverse impacts on cultural practices and environmental justice at MMR. The modified or minimum-retention alternatives could have significant beneficial impacts on land use (land tenure) for land not retained at KTA, Poamoho, and MMR. Impacts of the action alternatives on other resources are less than significant. The No-Action Alternative could have a significant beneficial impact on land use (land tenure) and environmental justice at all areas, and on cultural practices at MMR. The No-Action Alternative could have less than significant impacts on all other resources at the three areas.

The Army distributed the Final EIS to Native Hawaiian Organizations, federal, state, and local agencies and officials, and other stakeholders.

James W. Satterwhite, Jr.,

U.S. Army Federal Register Liaison Officer.

BILLING CODE 3711-CC-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Notice of Intent To Prepare a Supplemental Environmental Impact Statement for the Operation and Maintenance of the Willamette Valley System

AGENCY: U.S. Army Corps of Engineers, Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the U.S. Army Corps of Engineers, Portland District (USACE) intends to prepare a Supplemental Environmental Impact Statement (SEIS) to address the directive in the 2024 Water Resources Development Act (WRDA) to formally analyze an alternative that would cease hydropower operations at USACE owned and operated Willamette Valley Projects. The Willamette Valley System (WVS) must operate for its Congressionally authorized project purposes while complying with all applicable laws, including the Endangered Species Act (ESA), to avoid jeopardizing the continued existence of listed species. The USACE will serve as the lead Federal agency for the SEIS.

DATES: The USACE invites Federal and State agencies, Native American Tribes, local governments, interested parties, and the public to submit comments on development of the scope of the SEIS by June 6, 2025.

ADDRESSES: Send written scoping comments to U.S. Army Corps of Engineers, Portland District, P.O. Box 2946, Attn: CENWP-PME-E, Portland, OR 97208-2946. Email comments or requests to be added to the mailing list to: willamette.eis@usace.army.mil. All comments and materials received, including names and addresses, will become part of the administrative record and may be released to the public.

FOR FURTHER INFORMATION CONTACT: For questions regarding the SEIS, or special accommodations for scoping process participation, please contact Mr. Garrett Dorsey, Chief of Environmental Planning, (541) 525-4417. For media inquiries, please contact USACE, Portland District, via email at cenwp-pa@usace.army.mil.

SUPPLEMENTARY INFORMATION:

1. *Background.* The WVS consists of 13 multipurpose dams and reservoirs, riverbank protection projects in the Willamette River Basin in Oregon, and hatchery programs to mitigate for effects of the project on fish habitat. USACE
