

both economically comparable to the PRC and significant producers of comparable merchandise. Specifically, the Department finds the two-digit description under ISIC—Revision.³ (“Manufacture of Chemicals and Chemical Products”) to be the best available surrogate wage rate on the record because it is specific and derived from industries that produce merchandise comparable to the subject merchandise.³ Further, because this wage rate does not separate the labor rates into different skill levels or types of labor, the Department has applied the same wage rate to all skill levels and types of labor reported by Jiheng.⁴

We revised the surrogate financial ratio calculations by making certain adjustments to Kanoria Chemicals and Industries Limited’s (“Kanoria’s”) selling, general, and administrative expenses and profit.⁵ In addition, we are only relying on Kanoria’s financial statements for the year ended March 31, 2009. We did not rely on the financial statements of Aditya Birla Chemicals Limited for the year ended March 31, 2009.⁶

We corrected certain ministerial errors in the calculations for the Preliminary Results.⁷

Final Results of Review

We determined that the following dumping margin exists for the period June 1, 2008, through May 31, 2009.

ILO, an organization under the auspices of the United Nation, utilizes this classification for reporting purposes. Currently, wage and earnings data are available from the ILO under the following revisions: ISIC—Rev.2, ISIC—Rev.3, and most recently, ISIC—Rev.4. The ISIC code establishes a two-digit breakout for each manufacturing category, and also often provides a three- or four-digit subcategory for each two-digit category. Depending on the country, data may be reported at the two-, three-, or four-digit subcategory. Sub-Classification 24 of the ISIC—Revision.3 covers “Manufacture of Chemicals and Chemical Products.”

Hebei Jiheng Chemical Corporation, Ltd.	2.66

Assessment Rates

The Department intends to issue assessment instructions to U.S. Customs and Border Protection (“CBP”) 15 days after the date of publication of these final results of review. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates for merchandise subject to this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) For subject merchandise exported by Jiheng, the cash deposit rate will be 1.76 percent; (2) for previously reviewed or investigated exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise, which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent; and (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties. This notice also serves as a reminder to parties subject to administrative protective orders (“APOs”) of their responsibility concerning the return or destruction of

proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

We are issuing and publishing these final results of review and notice in accordance with sections 751(a) and 777(i) of the Act.

Dated: November 10, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

Appendix

List of Comments and Issues in the Issues and Decision Memorandum

I. Surrogate Values

Comment 1: Surrogate Value for Steam Coal

Comment 2: Wage Rate

Comment 3: Selection of Financial Statements

II. Specific Financial Statement Issues: Aditya

Comment 4: Interest Income

III. Specific Financial Statement Issues: Kanoria

Comment 5: Miscellaneous Receipts

Comment 6: Gross Interest Income

Comment 7: Profit Ratio

IV. Ministerial Errors

Comment 8: Kanoria’s SG&A Expense Calculation

Comment 9: Domestic Brokerage and Handling

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XA043

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council will convene two webinars of the Gag Update Assessment Work Group.

DATES: The first webinar will convene at 9 a.m. on Monday, December 6, 2010 and conclude by 1 p.m. and the second will convene at 9 a.m. on Thursday,

December 9, 2010 and conclude by 1 p.m.

ADDRESSES: The meetings will convene via webinar.

Council Address: Gulf of Mexico Fishery Management Council, 2203 N. Lois Avenue, Suite 1100, Tampa, FL 33607.

FOR FURTHER INFORMATION CONTACT: Steven Atran, Population Dynamics Statistician; Gulf of Mexico Fishery Management Council; telephone: (813) 348-1630.

SUPPLEMENTARY INFORMATION: The Gag Update Assessment Work Group will convene to re-run a gag update assessment that was originally run in 2009. The purpose of the re-run is to address two issues recently discovered in the assessment inputs. In the original run, an incorrect size distribution estimate of undersized caught-and-released fish from the recreational private and for-hire fishery was used. In addition, the original update assessment estimated dead discards from the commercial gag fishery to be about 5,000 fish per year based on logbook reports and depth distribution of the catch. However, more recent estimates of dead discards based on observer data have been on the order of 200,000 pounds of fish. A re-run of the assessment with adjustments to these inputs could result in a revision to the catch limits needed to rebuild the stock, which has been declared to be overfished and undergoing overfishing.

At the first webinar, on December 6, 2010, the Work Group and National Marine Fisheries Service assessment biologists will determine what changes to the assessment inputs are needed to address the above issues. At the second webinar, on December 9, 2010, the Work Group will review the results of the assessment re-run. The results of the assessment re-run will be reviewed by the Council's Scientific and Statistical Committee in January 2011, and the Scientific and Statistical Committee may recommend a revised level of acceptable biological catch to the Council when it meets in February 2011.

Copies of the agenda and other related materials can be obtained by calling (813) 348-1630 or can be downloaded from the Council's ftp site, <ftp:gulfcouncil.org>.

Although other non-emergency issues not on the agenda may come before the Gag Update Assessment Work Group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting.

Actions of the Gag Update Assessment Work Group will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Trish Kennedy at the Council (*see ADDRESSES*) at least 5 working days prior to the meeting.

Dated: November 12, 2010.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

International Trade Administration

Renewable Energy and Energy Efficiency Advisory Committee

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The Renewable Energy and Energy Efficiency Advisory Committee (RE&EEAC) will hold its inaugural meeting to provide an orientation of new committee members, discuss administrative procedures and future work products to fulfill the RE&EEAC's mandate.

DATES: December 7, 2010, from 9 a.m. to 3:30 p.m. Eastern Standard Time (EST).

ADDRESSES: The meeting will be held at the U.S. Department of Commerce, Room 4830, 1401 Constitution Avenue, NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Brian O'Hanlon, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482-3492; *e-mail:* Brian.OHanlon@doc.gov. This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OEEI at (202) 482-5225.

SUPPLEMENTARY INFORMATION: *Background:* The Secretary of

Commerce established the RE&EEAC pursuant to his discretionary authority and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.) on July 14, 2010. RE&EEAC is to provide the Secretary of Commerce with consensus advice from the private sector on the development and administration of programs and policies to expand the international competitiveness of the U.S. renewable energy and energy efficiency industries.

Topics to be considered: The agenda for the December 7, 2010, RE&EEAC meeting is as follows:

1. Welcome and introduction of members.
2. Orientation.
3. Discussion of RE&EEAC priority issues.
4. Public comment period.

Public Participation: The meeting is open to the public and the room is disabled-accessible. Public seating is limited and available on a first-come, first-served basis. Members of the public wishing to attend the meeting must notify Brian O'Hanlon at the contact information above by 5 p.m. EST on Thursday, December 2, in order to pre-register for clearance into the building. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted, but may be impossible to fill. A limited amount of time, from 3 p.m.–3:30 p.m., will be available for pertinent brief oral comments from members of the public attending the meeting.

Any member of the public may submit pertinent written comments concerning the RE&EEAC's affairs at any time before or after the meeting. Comments may be submitted to the Renewable Energy and Energy Efficiency Advisory Committee, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, Room 4830, 1401 Constitution Avenue, NW., Washington, DC 20230. To be considered during the meeting, comments must be received no later than 5 p.m. EST on Thursday, December 2, 2010, to ensure transmission to the Committee prior to the meeting. Comments received after that date will be distributed to the members but may not be considered at the meeting.

Copies of RE&EEAC meeting minutes will be available within 30 days of the meeting.
