Forest Service

Title: Visitor Permit and Visitor Registration Card.

OMB Control Number: 0596-0019.

Summary of Collection: The Organic Administration Act (30 stat.11), the Wilderness Act (78 stat.890), the Wild and Scenic River Act (82 stat. 906) and Executive Order 11644, all authorize the Forest Service (FS) to manage the forests to benefit both land and people. The information collected from the Visitor's Permit Form (FS-2300-30) and Visitor

Registration Card (FS-2300-32) help the Forest Service ensure that visitors' use of National Forest System lands is in the public interest and compatible with the mission of the agency. The information is collected from National Forest System land visitors, who will be asked to describe their intended use of the land and the estimated duration of their visit.

Need and Use of the Information: FS will collect the visitor's name, address, area to be visited, date of visit, length of stay, method of travel, number of people, and number of pack and saddle stock. The permit and registration card allows managers to identify heavily used areas to prepare restoration and monitoring plans that reflect where use is occurring, and in extreme cases, to develop plans to move forest users to lesser-impacted areas. The completed forms also provide managers with information useful in locating lost forest visitors. Not being able to use these forms could result in overuse and site deterioration in environmentally sensitive areas.

Description of Respondents: Individuals or households; business or other for-profit; not-for profit institutions.

Number of Respondents: 460,000.

Frequency of Responses: Reporting: Other (per visit).

Total Burden Hours: 23,000.

Forest Service

Title: Youth Conservation Corps Application & Medical History Forms.
OMB Control Number: 0596-0084.

Summary of Collection: Under Public Law 93-408, the Youth Conservation Corps Act (YCC), the Forest Service (U.S. Department of Agriculture), and agencies within the Department of the Interior (the Fish and Wildlife Service, National Park Service, and Bureau of Land Management) cooperate to provide seasonal employment for eligible youth 15 to 18 years old.

Need and Use of the Information: Youth, ages 15-18, who seek training and employment with participating agencies through the YCC must complete an application form (FS-1800-18) and once selected for employment must complete a medical history form (FS-1800-3). The applicant's parents or guardian must sign both forms. The application form is used in the random selection process and the medical history form provides information needed to determine certification of suitability, any special medical or medication needs, and a file record for the Federal Government and participants. If these forms were not used, the Federal government's ability to oversee the Youth Conservation

Corps program would be greatly impaired. The organizational and liability issues that would result from inability to collect the information needed to manage the program would be virtually insurmountable.

Description of Respondents:

Individuals or households.

Number of Respondents: 20,000.

Frequency of Responses: Annually.

Total Burden Hours: 2,267.

Title: Operating Guidelines, Forms and Waivers.

Type of Request: Revision of a currently approved collection.

Abstract: In accordance with section 11(d) of the Food & Nutrition Act of 2008 (the Act), 7 U.S.C. 2020(B), State agencies are required to submit a Plan of Operation specifying the manner in which SNAP will be conducted. The State Plan of Operations, in accordance with current rules at 7 CFR 272.2, consists of a Federal/State Agreement,

annual budget and activity statements, and specific attachments relating to the State Plan of Operation. State Plans of Operation are a one-time effort with updates that are provided as necessary.

Under section 16 of the Act, 7 U.S.C. 2025, the Secretary is authorized to pay each State agency an amount equal to 50 percent of all administrative costs involved in each State agency's operation of the SNAP. Under corresponding SNAP regulations at 7 CFR 272.2, the State agencies must submit annually to FNS for approval, a Budget Projection Statement (Form FNS-366A), which projects the total costs for major areas of SNAP operations, and a Program Activity Statement (Form FNS-366B), which provides a summary of SNAP operations during the preceding fiscal year. The reports are required to substantiate the costs the State agency expects to incur during the next fiscal year. Form FNS-366A is submitted annually by August 15, for the upcoming fiscal year and Form FNS-366B must be submitted no later than 45 days after the end of each State agency's fiscal year.

In fiscal year (FY) 2009, 91 percent of State agencies submitted the FNS-366A electronically and 9 percent submitted a paper report. For FY 2009, a total of 82 percent of State agencies submitted the FNS-366B electronically with the remaining 18 percent submitting paper reports.

Finally, State agencies are required to submit certain other documents to FNS for review relating to certain specific activities that the State agency may choose to do. These other submissions include but are not limited to Advance Planning Documents (APD) if the State agency wishes to acquire proposed automated data processing (ADP) services, systems or equipment;

outreach plans if the State elects to do program information activities; and updates related to options exercised under the Act, as amended.

Estimated Number of Responses Per Respondent:

Plan of Operation Updates: 53 State agencies once a year.

Form FNS-366A: 53 State agencies once a year.
