### National Oceanic and Atmospheric Administration

[I.D. 061200C]

#### Announcement of Availability of a U.S. Effort Allocation of Shrimp in Division 3M of the Northwest Atlantic Fisheries Organization (NAFO) Regulatory Area

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Announcement of availability of a U.S. effort allocation of shrimp in division 3M of the NAFO Regulatory Area.

**SUMMARY:** NMFS announces a U.S. fishing effort allocation of 100 fishing days available to one vessel for harvesting shrimp in Division 3M of the NAFO Regulatory Area. This action is necessary to make available to U.S. fishing interests a fishing privilege on an equitable basis.

**DATES:** Comments and expressions of interest will be accepted through July 24, 2000.

**ADDRESSES:** Comments and expressions of interest regarding the U.S. effort allocation should be made to the Director, NMFS Office of Sustainable Fisheries at 1315 East-West Highway, Silver Spring, Maryland 20910 (phone: 301-713-2334, fax: 301-713-0596). Information relating to NAFO Conservation and Enforcement Measures (including rules on chartering operations) is available from Jennifer Anderson at the NMFS Northeast Regional Office, Gloucester, Massachusetts 01930 (phone: 978-281-9226, fax: 978-281-9135) and on the World Wide Web at <http://www.nafo.ca>.

**FOR FURTHER INFORMATION CONTACT:** Patrick E. Moran or Dean Swanson, 301-713-2276.

**SUPPLEMENTARY INFORMATION:** NAFO has established and maintains conservation measures in its Regulatory Area that include one effort limitation fishery as well as fisheries with total allowable catches (TACs) and member nation allocations. The principal species managed are cod, flounder, redfish, American plaice, halibut, capelin, shrimp, and squid. At the 1999 NAFO Annual Meeting, the United States received fish quota allocations for three NAFO stocks to be fished during 2000. These U.S. fish quota allocations for 2000 have been made available to U.S. fishermen under authority of the High Seas Fishing Compliance Act. The
