Section 157.208(d) of the Commission's Regulations provides for project cost limits applicable to construction, acquisition, operation and miscellaneous rearrangement of facilities (Table I) authorized under the blanket certificate procedure (Order No. 234, 19 FERC ¶ 61,216). Section 157.215(a) specifies the calendar year dollar limit which may be expended on underground storage testing and development (Table II) authorized under the blanket certificate. Section 157.208(d) requires that the "limits specified in Tables I and II shall be adjusted each calendar year to reflect the 'GDP implicit price deflator' published by the Department of Commerce for the previous calendar year."

TRICARE Program; Surgery for Morbid Obesity

AGENCY: Office of the Secretary, DoD.

ACTION: Final rule.

SUMMARY: This final rule adds a definition of Bariatric Surgery, amends the definition of Morbid Obesity, and revises the language relating to the treatment of morbid obesity to allow benefit consideration for newer bariatric surgical procedures that are considered appropriate medical care. The final rule removes language that specifically limits the types of surgical procedures to treat co-morbid conditions associated with morbid obesity and retains the TRICARE Program exclusion of non-surgical interventions related to morbid obesity, obesity and/or weight reduction. This final rule is necessary to allow coverage for other surgical procedures that reduce or resolve co-morbid conditions associated with morbid obesity and the use of the Body Mass Index (BMI), which is the more accurate measure for excess weight to estimate relative risk of disease. As new technologies or procedures evolve from investigational into generally accepted norms for medical practice, the statutes and regulations governing the TRICARE Program allow the Department to offer beneficiaries these new benefits. These changes are required in order to allow the Department to provide these newer technologies and procedures for the treatment of morbid obesity as they evolve.

DATES: *Effective Date:* This rule is effective March 16, 2011.
