JP Morgan Chase and Company; JP Morgan Investment Banking, Global Corporate Financial Operations, New York, NY; Notice of Negative Determination on Reconsideration

By application dated October 12, 2009, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of JP Morgan Chase and Company, JP Morgan Investment Banking, Global Corporate Financial Operations, New York, New York. The Department's Notice of Affirmative Determination Regarding Application for Reconsideration was signed on October 27, 2009, and published in the **Federal Register** on November 12, 2009 (74 FR 58315).

The investigation resulted in a negative determination based on the finding that workers' separations or threat of separations were not related to an increase in imports or shift/acquisition of business research and clerical support operations to/from a foreign country. The subject firm did not import services like or directly competitive with services provided by workers of the subject firm and did not shift provision of these services abroad.

In the request for reconsideration the petitioner alleged that workers worked for JP Morgan Chase and Company, Global Corporate Financial Operations (GCFO), Presentation Production Services (PPS). The petitioner further alleged that JP Morgan operates facilities in Mumbai and Bangalore and that JP Morgan shifted provision of services from the subject firm to India. Specifically, the petitioner alleged that the bankers of JP Morgan were instructed to bypass the PPS offices in the United States and send work directly to JP Morgan facilities abroad.
