Agricultural Research Service

Title: Food Safety Education and Training Materials Sharing Form.

OMB Control Number: 0518-0046.

Summary of Collection: The USDA National Agricultural Library (NAL) has a Food Safety Education and Training Materials Database. The Database is a centralized gateway to access consumer-centric materials for educators and others interested in food safety education. The collection of information is necessary to (1) Ensure resources are not duplicated (i.e., extension agents creating previously available education materials), (2) provide a central gateway to access the education materials, (3) create a systematic and efficient method of collecting data from USDA grantees, and (4) promote awareness of food safety education materials available for a variety of audiences. Materials that will be collected using the "Food Safety Education and Training Materials Sharing Form" will help the Food Safety Information Center (FSIC) staff identify food safety education and training resources for review and inclusion into the Education and Training Materials Database much faster and more efficiently. The authority for NAL to collect this information is contained in CFR, Title 7, Volume 1, Part 2, Subpart K, Sec. 2.65(92).

Need and Use of the Information: FSIS staff members will use information collected by the Sharing Form to build and constantly enhance the Food Safety Education and Training Materials Database. Food safety educators access and use this database to identify and obtain curricula, lesson plans, training tools and participant materials. Vital information about these resources, such as a description of the resources, its creator, publishing and ordering information can be collected in a more standardized and efficient manner using the Sharing Form. Failure to collect this information would significantly inhibit the ability to provide up-to-date information on existing food safety education and training materials that are appropriate for food safety educators, consumers and other interested in food safety education.

Description of Respondents: Individuals or households; Business or other for-profit.

Number of Respondents: 35.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 11.

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* November 18, 2013.

SUPPLEMENTARY INFORMATION:

The Petitions

On September 30, 2013, the Department of Commerce (the Department) received antidumping duty (AD) petitions concerning imports of non-oriented electrical steel (NOES) from the PRC, Germany, Japan, Korea, Sweden, and Taiwan filed in proper form on behalf of AK Steel Corporation (Petitioner). The AD petitions were accompanied by three countervailing duty (CVD) petitions.¹ Petitioner is the sole domestic producer of NOES.

On October 22, 2013, and October 29, 2013, the Department requested additional information and clarification of certain areas of the Petitions.²

¹ See Petitions for the Imposition of Antidumping and Countervailing Duties on Imports of Non-Oriented Electrical Steel From the People's Republic of China, Germany, Japan, the Republic of Korea, Sweden, and Taiwan, dated September 30, 2013 (Petitions).

² See letter from the Department to Petitioner entitled "Re: Petitions for the Imposition of Antidumping Duties on Imports of Non-Oriented Electrical Steel from the People's Republic of China, the Federal Republic of Germany, Japan, the Republic of Korea, Sweden, and Taiwan and Countervailing Duties on Imports of Non-Oriented Electrical Steel from the People's Republic of China, the Republic of Korea, and Taiwan: Supplemental Questions" dated October 22, 2013, and letters from the Department to Petitioner entitled "Petition for the Imposition of Antidumping Duties on Imports of Non-Oriented Electrical Steel from {country}: Supplemental Questions" on each of the country-

Petitioner filed responses to these requests on October 25, 2013, October 28, 2013 and October 30, 2013.

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), Petitioner alleges that imports of NOES from the PRC, Germany, Japan, Korea, Sweden, and Taiwan are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring, or threatening material injury to, an industry in the United States. Also, consistent with section 732(b)(1) of the Act, the Petitions are accompanied by information reasonably available to Petitioner supporting its allegations.

The Department finds that Petitioner filed these Petitions on behalf of the domestic industry because Petitioner is an interested party as defined in section 771(9)(C) of the Act. The Department also finds that Petitioner has demonstrated sufficient industry support with respect to the initiation of the AD investigations that Petitioner is requesting. See the "Determination of Industry Support for the Petitions" section below.

Periods of Investigations

Pursuant to 19 CFR 351.204(b)(1), because the Petitions were filed on September 30, 2013, the period of investigation (POI) for the PRC investigation is January 1, 2013, through June 30, 2013. The POI for the Germany, Japan, Korea, Sweden, and Taiwan investigations is July 1, 2012, through June 30, 2013.

Scope of the Investigations

The product covered by these investigations is NOES from the PRC, Germany, Japan, Korea, Sweden, and Taiwan. For a full description of the scope of the investigations, see the "Scope of the Investigations," in Appendix I of this notice.

Comments on Scope of Investigations

During our review of the Petitions, the Department issued questions to, and received responses from, Petitioner pertaining to the proposed scope to ensure that the scope language in the Petitions would be an accurate reflection of the products for which the domestic industry is seeking relief. As discussed in the preamble to the

specific records dated October 22, 2013; see also Memorandum to the File entitled, Antidumping Duty Investigations of Non-Oriented Electrical Steel from the Federal Republic of Germany and from the State of Japan," dated October 29, 2013.
