Coast Guard

[USCG-2000-6096]

Marine Shipboard Electrical Cable Standards

AGENCY: Coast Guard, DOT.

ACTION: Proposed rule: notice of public meeting and reopening of comment period.

SUMMARY: The Coast Guard is holding a public meeting and reopening the comment period to allow for additional comments on the notice of proposed rulemaking for Marine Shipboard Electrical Cable Standards. Since publication of the notice, we have received several requests to hold a public meeting.

DATES: The public meeting is scheduled for Wednesday, June 28, 2000, from 9 a.m. to 3 p.m. but will close early if all business is finished. Comments and related material must reach the Docket Management Facility on or before July 7, 2000.

ADDRESSES: The public meeting will be held in room 2415, U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC.

To make sure your comments and related material are not entered more than once in the docket, please submit them by only one of the following means:

(1) By mail to the Docket Management Facility [USCG-2000-6096], U.S.

Department of Transportation, room PL-401, 400 Seventh Street SW., Washington, DC 20590-0001.

(2) By delivery to room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366– 9329.

(3) By fax to the Docket Management Facility at 202–493–2251.

(4) Electronically through the Web Site for the Docket Management System at *http://dms.dot.gov*.

The Docket Management Facility maintains the public docket for this rulemaking. Comments and material received from the public will become part of this docket and will be available for inspection or copying at room PL-401 on the Plaza level of the Nassif Building, 400 Seventh Street SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at *http://* dms.dot.gov.

FOR FURTHER INFORMATION CONTACT: For questions on the public meeting, call Dolores Mercier, Project Manager, Office of Design and Engineering Standards (G-MSE), Coast Guard, telephone 202-267-0658, fax 202-267-4816, e-mail dmercier@comdt.uscg.mil. For questions on viewing or submitting material to the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, phone 202-366-9329.

SUPPLEMENTARY INFORMATION:

Request for Comments

The notice of proposed rulemaking (NPRM), published on February 8, 2000 (65 FR 6111), encouraged interested persons to participate in this rulemaking by submitting written comments by May 8, 2000. The comment period for this

rulemaking is reopened and will close July 7, 2000.

If you submit written comments, please include your name and address, and identify the docket number for this rulemaking [USCG-2000-6096] and the reason for each comment. You may submit your comments and material by mail, delivery, fax, or electronic means to the Docket Management Facility at the address under ADDRESSES; but please submit your comments and material by only one means. Please submit all comments and material in an unbound format, no larger than 8¹/₂ by 11 inches, suitable for copying and electronic filing to the Facility at the address under ADDRESSES. If you want acknowledgement of receipt of your comments, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received whether submitted in writing to the docket or presented during the public meeting discussed below.

Public Meeting

We have received several requests for a public meeting and have scheduled one. The scope of the meeting is limited only to matters addressed in the NPRM. Comments concerning adoption of IEEE Standard 45 (1998) will not be included as part of this meeting. A request for comments concerning adoption of IEEE Standard 45 (1998) is scheduled for publication this summer.

We encourage your further participation by attending the meeting or by submitting comments and related material on the NPRM.

Information on Services for Individuals With Disabilities

For information on facilities or services for people with disabilities or to request special assistance at the meeting, contact Dolores Mercier, Office of Design and Engineering Standards

(G–MSE), Coast Guard, telephone 202– 267–0658, e-mail *dmercier@comdt.uscg.mil*, as soon as possible.

Dated: May 31, 2000.

R.C. North,

Rear Admiral, U.S. Coast Guard, Assistant Commandant for Marine Safety and Environmental Protection.

BILLING CODE 4910-15-U

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 20

[CC Docket No. 94–102 and WT Docket No. 00–80; DA 00–1098]

Wireless E911; Call Back Number Issues Associated With Non-Service Initialized Wireless 911 Calls

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission, in this document, seeks comment on a request for further consideration of call back number issues associated with nonservice initialized wireless 911 calls. The action is needed to establish a strong, inclusive record on these issues that the Commission may use in making well-informed decisions in this critical enhanced 911 proceeding.

DATES: Submit comments on or before June 19, 2000; submit reply comments on or before July 5, 2000.

ADDRESSES: Send comments and reply comments to the Office of the Secretary, Federal Communications Commission, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Barbara Reideler or Jay Whalely, 202–418–1310.

SUPPLEMENTARY INFORMATION:

1. On April 28, 2000, the Texas 911 Agencies,¹ the National Emergency Number Association (NENA), the Association of Public-Safety Communications Officials-International, Inc. (APCO) and the National Association of State Nine-One-One Administrators (NASNA) (collectively, the Public Safety Entities) filed a letter with the Federal Communications Commission (Commission) seeking further consideration of call back number issues associated with nonservice initialized 911 calls.

2. Phase I Enhanced 911 rules require that a dialable number accompany each 911 call to enable Public Safety Answering Points ("PSAPs") dispatchers to either call back if the call is disconnected or obtain additional information. (47 CFR 20.18((d)). In its E911 First Report and Order (61 FR 40348, August 2, 1996) the Commission recognized that it would not always be possible for carriers to provide reliable call back numbers for all wireless 911 calls. Thus, the Commission exempted covered carriers from providing reliable call back numbers to PSAPs in cases where the wireless telephone is not associated with a dialable telephone number, such as those designed or offered on an originate-only rate plan or those never initialized with an underlying carrier service.

3. The Public Safety Entities note that, increasingly, refurbished wireless telephones are being distributed by many organizations. While not challenging the benefits of these donations, the Public Safety Entities note that these distributed telephones and other 911-only non-serviced initialized telephones, may not provide valid call back emergency information even when used in areas where 911 Phase I services have been implemented. The Public Safety Entities assert that increased sales and use of these wireless telephones create a public safety concern that should be further considered. Accordingly, the Public Safety Entities request that the Commission seek additional comment concerning call back capabilities for non-serviced initialized handsets and address whether further Commission action, such as technical solutions or educational programs, is needed or appropriate.

Procedural Matters

4. Pursuant to §1.45 of the Commission's Rules, 47 CFR 1.45, interested parties may file comments on the proposed implementation deadline no later than June 19, 2000. Replies shall be filed no later than July 19, 2000. All comments shall reference the docket number of this proceeding. Comments may be filed using the Commission's **Electronic Comment Filing System** (ECFS) or by filing paper copies. Comments filed through the ECFS can be sent as an electronic file via the Internet to http://www.fcc.gov/e-file/ ecfs.html. In completing the transmittal screen, commenters should include their full name, Postal Service mailing address, and the docket number of this proceeding. Parties filing electronically should also e-mail a copy of their comments to jwhaley@fcc.gov. Parties who choose to file by paper must file an original and four copies of each filing with the Commission's Secretary (Magalie Roman Salas, Office of the Secretary, Federal Communications Commission, 445 12th Street SW, Washington, DC 20554) and a diskette copy to the Commission's copy contractor (International Transcription Service, Inc. (ITS), CY-B400, (202) 857-3800).

5. Pursuant to § 1.1206 of the Commission's Rules, 47 CFR 1.1206, this proceeding is a permit-but-disclose proceeding in which *ex parte* communications are permitted subject to disclosure.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
