Paperwork Reduction Act

OTS has determined that this extension does not involve a change to collections of information previously approved under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Unfunded Mandates Act of 1995

For the reasons stated in the interim final rule,⁴ OTS has determined that this extension will not result in expenditures by state, local, and tribal governments, in the aggregate, or by the private sector, of more than \$100 million in any one year.

Executive Order 12866

OTS has determined that this extension is not a significant regulatory action under Executive Order 12866.

Plain Language

Section 722 of the Gramm-Leach-Bliley Act (12 U.S.C. 4809) requires the Agencies to use “plain language” in all final rules published after January 1, 2000. OTS believes that the final rule containing the extension is presented in a clear and straightforward manner.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 1

RIN 2900–AM65

Disclosure of Information to Organ, Tissue and Eye Procurement Organizations

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document adopts, with changes, a Department of Veterans Affairs (VA) interim final rule that implemented provisions of the Veterans Benefits, Health Care, and Information Technology Act of 2006 concerning disclosure of information to organ, tissue and eye procurement

organizations. The regulation will provide authority for VA to provide individually-identifiable VA medical records of veterans or dependents of veterans who are deceased or whose death is imminent to representatives of organ procurement organizations, eye banks, and tissue banks to determine whether the patients are suitable potential donors. This document modifies the interim final rule to clarify the definition of “near death” and to correct a grammatical error in the definition of “procurement organization.” This document also clarifies that eye bank and tissue bank registration with FDA must have an active status.

DATES: *Effective Date:* November 3, 2008.

SUPPLEMENTARY INFORMATION: On August 23, 2007, the Department of Veterans Affairs (VA) published an interim final rule in the **Federal Register** (72 FR 48239) to implement section 204 of Public Law 109–461. We provided a 60-day comment period which ended on October 22, 2007. We received comments from three organizations, the American Association of Tissue Banks (AATB), the Association of Organ Procurement Organizations (AOPO), and the Eye Bank Association of America (EBAA).

AATB and EBAA commented on their support of the provisions in the Interim Final Rule in general. The support of the AATB and EBAA is welcomed.

EBAA commented on the title of the Interim Final Rule and suggested a title of “Disclosure of Information to Organ, Tissue and Eye Procurement Organizations” to provide clarification. The title of the Interim Final Rule is just a title of the regulatory packet for tracking and publication purposes; it is not the title of the actual regulations. We are amending the title of the Final Rule to provide a clear understanding of the organizations discussed in this regulation.

AOPO commented that the definition of “near death” used in the regulations was vague and recommended the use of clinical triggers in clearly defining near or imminent death. We are amending the definition of “near death” to include the use of defined clinical triggers by the health care provider when
