### National Oceanic and Atmospheric Administration

#### Federal Approval of the Indiana Coastal Management Program

**AGENCY:** National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

**ACTION:** Notice of the National Oceanic and Atmospheric Administration, National Ocean Service's approval of the Indiana Coastal Management Program pursuant to the Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1451 *et seq.*

**SUMMARY:** Notice is hereby given that the National Oceanic and Atmospheric Administration (NOAA) approved the Indiana Lake Michigan Coastal Management Program (LMCP) on August 5, 2002, pursuant to the provisions of section 306 of the Federal Coastal Zone Management Act of 1972, as amended, 16 U.S.C. 1455 (CZMA). The LMCP is described in the Indiana Coastal Management Program and Final Environmental Impact Statement (P/FEIS) published on June 21, 2002.

Indiana is the 34th state to receive Federal approval of its coastal management program. Indiana submitted a proposed coastal program to NOAA in April 2001. Upon reaching a preliminary decision that the program met the requirements of the CZMA, and in order to meet its responsibilities under the National Environmental Policy Act, NOAA published the Indian Coastal Management Program and Draft Environmental Impact Statement (P/DEIS) for public review on September 21, 2001. NOAA published the P/FEIS including public comments on the P/DEIS and responses to those comments on June 21, 2001. NOAA has also fulfilled the responsibilities under the Endangered Species Act through consultations with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service. Upon completion of the 30-day review period, NOAA will prepare a Record of Decision in accordance with the requirements of 40 CFR 1502.2 of regulations to implement the National Environmental Policy Act.

The LMCP is the culmination of several years of development by the State of Indiana, in consultation with interest groups, the general public, Federal agencies, and NOAA. The LMCP consists of numerous state policies on diverse coastal management issues which are prescribed by statute and other legal mechanisms and made enforceable under state law. The LMCP will improve the decision making process for determining appropriate coastal land and water uses in light of resource consideration and increase public awareness of coastal resources and processes. The LMCP will increase long term protection of the state's coastal resources, while providing for sustainable economic development.

NOAA approval of the LMCP makes the state eligible for federal financial assistance for program administration and enhancement under sections 305, 306A, 308, 309 and 310 of the CZMA (16 U.S.C. Sec. 1455, 1455a, 1456a, and 1456b). Indiana has submitted an application for \$1,150,000 in FY 2002 Federal CZMA funds, which are available for Indiana. These funds will generally be used to assist the state in administering the various state authorities included in the LMCP, as well as be used to fund local management efforts.

NOAA approval of the LMCP also makes operational, as of the date of this **Federal Register** Notice, the CZMA federal consistency requirement with respect to the LMCP (16 U.S.C. 1456; 15 CFR part 930). Therefore, as of today, direct federal activities occurring within
