**[Docket No. CP25–63–000]**

**National Fuel Gas Supply Corporation;  
 Notice of Request Under Blanket  
 Authorization and Establishing  
 Intervention and Protest Deadline**

Take notice that on February 6, 2025, National Fuel Gas Supply Corporation (NFG), 6363 Main Street, Williamsville, New York 14221–5887, filed in the above referenced docket a prior notice request pursuant to sections 157.205 and 157.216 of the Commission's regulations under the Natural Gas Act (NGA), and NFG's blanket certificate issued in Docket No. CP83–4–000, for authorization to plug and abandon injection/withdrawal Well 2430 and the associated 345 feet of 4-inch-diameter well line DW2430 in the Wellendorf Storage Field in McKean County, Pennsylvania. NFG has determined that Well 2430 contains localized corrosion and that continued operation or reworking of the well is not feasible. Therefore, NFG proposes to plug and

abandon Well 2430 and to abandon well line DW2430 in place (including the removal of the below grade pipeline drip and flange associated with the well line DW2430). NFG states that the abandonment would have no impact on its existing customers or operations and that it would cost approximately \$958,000 to construct similar facilities today, all as more fully set forth in the request, which is on file with the Commission and open to public inspection.

### Public Participation

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on April 14, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations,

Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).

### Protests

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is April 14, 2025. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is April 14, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order

to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before April 14, 2025. *The filing of a comment alone will not serve to make the filer a party to the proceeding.* To become a party, you must intervene in the proceeding.

### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP25-63-000 in your submission.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2310-263]

#### Pacific Gas & Electric Company; Notice of Intent To Prepare an Environmental Assessment

On October 31, 2024, Pacific Gas & Electric Company filed an application for a temporary variance from Article 39 of the Drum Spaulding Hydroelectric Project No. 2310. The project is located on the upper reaches of the South Yuba and Bear Rivers in Nevada and Placer counties, California, near the cities of Auburn, Colfax, Grass Valley and Nevada City. The project does occupy federal lands.

Pacific Gas & Electric Company is proposing to restore the Lower Feeley Lake Dam (Carr Lake) Crest to its original design elevation and associated upstream toe along with enhanced protection to the upstream slope. A variance in the minimum flows required by Article 39 is necessary to facilitate the work. Approving the variance would allow the licensee to reduce flows released from the Lower Feeley Dam from the required flow of 0.5 cubic-feet-per-second (cfs) target to a 0.4 cfs target and reduce the allowable minimum flow from 0.2 cfs to 0.1 cfs. The described reduction in flows would occur from June 1, 2025 until November 30, 2025.

The Commission issued a notice of application for filing, soliciting comments, motions to intervene, and protests for this variance request on February 6, 2025. The public comment period will close on March 10, 2025.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the project.<sup>1</sup> Commission staff plans to issue an EA by April 30, 2025. Revisions to the schedule may be made as appropriate. The EA will be issued for a 30-day comment period. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access

publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or [OPP@ferc.gov](mailto:OPP@ferc.gov).
