## Federal Aviation Administration

## 14 CFR Part 71

[Docket No. FAA-2003-14933; Airspace  
Docket No. 03-ACE-36]

Modification of Class E Airspace; Pratt,  
KS

AGENCY: Federal Aviation  
Administration, DOT.

ACTION: Direct final rule; confirmation of  
effective date.

**SUMMARY:** This document confirms the  
effective date of the direct final rule  
which revises Class E airspace at Pratt,  
KS.

**EFFECTIVE DATE:** 0901 UTC, September 4,  
2003.

**FOR FURTHER INFORMATION CONTACT:**

Kathy Randolph, Air Traffic Division,  
Airspace Branch, ACE-520C, DOT  
Regional Headquarters Building, Federal  
Aviation Administration, 901 Locust,  
Kansas City, MO 64106; telephone:  
(816) 329-2525.

**SUPPLEMENTARY INFORMATION:** The FAA  
published this direct final rule with a  
request for comments in the **Federal  
Register** on May 5, 2003 (68 FR 23579).  
The FAA uses the direct final  
rulemaking procedure for a non-  
controversial rule where the FAA  
believes that there will be no adverse  
public comment. This direct final rule  
advised the public that no adverse  
comments were anticipated, and that  
unless a written adverse comment, or a  
written notice of intent to submit such  
an adverse comment, were received  
within the comment period, the  
regulation would become effective on  
September 4, 2003. No adverse  
comments were received, and thus this  
notice confirms that this direct final rule  
will become effective on that date.

Issued in Kansas City, MO, on June 10,  
2003.

**David W. Hope,**

*Acting Manager, Air Traffic Division, Central  
Region.*

## 14 CFR Part 71

[Docket No. FAA-2003-14656; Airspace  
Docket No. 03-ACE-25]

Establishment of Class E Airspace;  
Brookfield, MO

AGENCY: Federal Aviation  
Administration (FAA), DOT.

ACTION: Final rule.

**SUMMARY:** This action establishes a Class  
E airspace area at Brookfield, MO. The  
FAA has developed Standard  
Instrument Approach Procedures  
(SIAPs) to serve the North Central  
Missouri Regional Airport, Brookfield,  
MO. Controlled airspace is needed to  
accommodate the SIAPs.

The effect of this proposal is to  
provide controlled Class E airspace for  
aircraft executing the SIAPs and to  
segregate aircraft using instrument  
approach procedures in instrument  
conditions from aircraft operating in  
visual conditions.

**EFFECTIVE DATE:** 0901 UTC, September 4,  
2003.

**FOR FURTHER INFORMATION CONTACT:**

Brenda Mumper, Air Traffic Division,  
Airspace Branch, ACE-520A, DOT  
Regional Headquarters Building, Federal  
Aviation Administration, 901 Locust,  
Kansas City, MO 64106; telephone:  
(816) 329-2524.

**SUPPLEMENTARY INFORMATION:****History**

On Monday, May 5, 2003, the FAA  
proposed to amend Title 14 Code of  
Federal Regulations, part 71 (14 CFR  
part 71) by establishing a Class E  
airspace area at Brookfield, MO (68 FR  
23622). The FAA has developed an Area  
Navigation (RNAV) Global Positioning  
System (GPS) Runway (RWY) 18,  
ORIGINAL SIAP and an RNAV (GPS)  
RWY 36, ORIGINAL SIAP to serve  
North Central Missouri Regional  
Airport, Brookfield, MO. Controlled  
airspace extending upward from 700  
feet Above Ground Level (AGL) is  
needed to accommodate the SIAPs. The  
proposal was to establish a Class E  
airspace area extending upward from  
700 feet above the surface at Brookfield,  
MO. Interested parties were invited to  
participate in this rulemaking  
proceeding by submitting written  
comments on the proposal to the FAA.  
No comments objecting to the proposal  
were received.

Class E airspace areas extending  
upward from 700 feet or more above the

surface of the earth are published in  
Paragraph 6005 of FAA Order 7400.9K,  
dated August 30, 2002, and effective  
September 16, 2002, which is  
incorporated by reference in 14 CFR  
71.1. The Class E airspace designation  
listed in this document will be  
published subsequently in the Order.

**The Rule**

This amendment to 14 CFR Part 71  
establishes a Class E airspace area  
extending upward from 700 feet above  
the surface at Brookfield, MO. This  
action provides controlled airspace to  
accommodate aircraft executing newly  
developed SIAPs serving North Central  
Missouri Regional Airport, Brookfield,  
MO. The area will be depicted on  
appropriate aeronautical charts.

The FAA has determined that this  
regulation only involves an established  
body of technical regulations for which  
frequent and routine amendments are  
necessary to keep them operationally  
current. Therefore, this regulation—(1)  
is not a “significant regulatory action”  
under Executive Order 12866; (2) is not  
a “significant rule” under DOT  
Regulatory Policies and Procedures (44  
FR 11034; February 26, 1979); and (3)  
does not warrant preparation of a  
Regulatory Evaluation as the anticipated  
impact is so minimal. Since this is a  
routine matter that will only affect air  
traffic procedures and air navigation, it  
is certified that this rule, when  
promulgated, will not have a significant  
economic impact on a substantial  
number of small entities under the  
criteria of the Regulatory Flexibility Act.

**List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference,  
Navigation (Air).

**Adoption of the Amendment**

■ In consideration of the foregoing, the  
Federal Aviation Administration  
amends 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A,  
CLASS B, CLASS C, CLASS D, AND  
CLASS E AIRSPACE AREAS;  
AIRWAYS; ROUTES; AND REPORTING  
POINTS**

■ 1. The authority citation for part 71  
continues to read as follows:

**Authority:** 49 U.S.C. 106(g); 40103, 40113,  
40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–  
1963 Comp., p. 389.

**§ 71.1 [Amended]**

■ 2. The incorporation by reference in 14  
CFR 71.1 of Federal Aviation Adminis-  
tration Order 7400.9K, Airspace Designa-  
tions and Reporting Points, dated August
