

reviewing the proposed IHA within the 30 days initially provided, the summer months are a time when many community members engage in a wide range of subsistence activities. Given this, and the fact that the specified activity the IHA addresses is not scheduled to start until 2022, NMFS has elected to provide additional time for public comment.

Due to the timing of the request, it was not feasible to publish a notice in the **Federal Register** announcing a comment period extension prior to the close of the initial public comment period. Therefore, we are reopening the public comment period from September 16, 2020 until November 16, 2020 to receive additional information and comments that may be relevant to any aspect of the proposal. Comments and information submitted during the prior comment period will be fully considered in the preparation of the final IHA and need not be resubmitted.

Additionally, the GMAC will assist the Commission in assessing the impact on U.S. markets and firms of the Commission's international efforts and the initiatives of foreign regulators and market authorities. The GMAC will also assist with identifying methods to improve both domestic and international regulatory structures while continuing to allow U.S. markets and firms to remain competitive in the global market.
