Title: National Title I Study of Implementation and Outcomes: Early Childhood Language Development (ECLD).

Frequency: One time.

Affected Public:

State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 16.

Burden Hours: 36.

Abstract: The study is being conducted as part of the National Assessment of Title I, mandated by Title I, Part E, Section 1501 of the Elementary and Secondary Education Act. The data obtained by this information collection will provide a sampling frame of eligible schools for the National Title I Study of Implementation and Outcomes: Early Childhood Language Development (ECLD). Once school districts have been identified to participate in the study, they will be asked to complete a short form providing information about Title I schools in their district. This information includes the percent of students in a selected school that are eligible for free-or-reduced-price lunch, percent of third graders who are classified as reading proficient on state assessments in 2009–10, grade levels in selected schools, and number of students in each grade. Based on the information provided, up to ten schools per district will be randomly selected to participate in the full-scale study. The U.S. Department of Education has Mathematica Policy Research to conduct this study.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Foreign Language Assistance Program (FLAP) provides grants to local educational agencies (LEAs) for innovative model programs providing for the establishment, improvement, or expansion of foreign language study for elementary and secondary school students. Under this competition, as provided for in Division D, Title III, of the Consolidated Appropriations Act, 2010, Public Law 111–117, 5-year grants will be awarded to LEAs to work in partnership with one or more institutions of higher education (IHEs) to establish or expand articulated programs of study in languages critical to United States national security in order to enable successful students, as they advance from elementary school through secondary school and college, to achieve a superior level of

proficiency in those languages. In addition, an LEA that receives a grant under this program must use the funds to support programs that show promise of being continued beyond the grant period and demonstrate approaches that can be disseminated to and duplicated in other LEAs. Projects supported under this program may also include a professional development component.

Priorities: This notice involves one absolute priority and four competitive preference priorities. The absolute priority is from the notice of final priority for this program, published in the **Federal Register** on May 19, 2006 (71 FR 29228). In accordance with 34 CFR 75.105(b)(2)(iv), Competitive Preference Priorities #1 through #4 are from Title V, Part D, Subpart 9, section 5492 of the Elementary and Secondary Education Act of 1965, as amended.

Absolute Priority: For FY 2010, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Critical Need Languages

This priority supports projects that establish, improve or expand foreign language learning, primarily during the traditional school day, within grade kindergarten through grade 12, that exclusively teach one or more of the following less commonly taught languages: Arabic, Chinese, Korean, Japanese, Russian, and languages in the Indic, Iranian, and Turkic language families.

Competitive Preference Priorities: For FY 2010, and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(ii) we give preference to an application that meets one or more of these priorities.

Note: There is no advantage to addressing all four competitive preference priorities. Submitting an application that addresses all four priorities may result in an unfocused program design. We give preference to applications describing programs that meet any one of these priorities.

These priorities are:

Competitive Preference Priority #1. Projects that include intensive summer foreign language programs for professional development.

Competitive Preference Priority #2. Projects that link non-native English speakers in the community with the schools in order to promote two-way language learning.

Competitive Preference Priority #3. Projects that make effective use of technology, such as computer-assisted instruction, language laboratories, or distance learning, to promote foreign language study.

Competitive Preference Priority #4. Projects that promote innovative activities, such as foreign language immersion, partial foreign language immersion, or content-based instruction.

Program Authority: 20 U.S.C. 7259a–7259b and Division D, Title III, of the Consolidated Appropriations Act, 2010, Public Law 111–117.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98 and 99. (b) The notice of final priority, published in the **Federal Register** on May 19, 2006 (71 FR 29228).

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds:

\$6,168,331.

Estimated Range of Awards:

\$100,000–\$300,000.

Estimated Average Size of Awards:

\$200,000.

Maximum Award: We will reject any application that proposes a budget exceeding \$300,000 for a single budget period of 12 months. The Assistant Deputy Secretary and Director for the Office of English Language Acquisition, Language Enhancement, and Academic Achievement for Limited English Proficient Students (OELA) may change the maximum amount through a notice published in the **Federal Register**.

Estimated Number of Awards: 30.

Note: The Department is not bound by any estimates in this notice.

Project Period: 60 months. Applicants that request funding for a project period of other than 60 months will be deemed ineligible and will not be read.

III. Eligibility Information

1. **Eligible Applicants:** LEAs, including charter schools that are considered LEAs under State law, in partnership with one or more institutions of higher education.

2. **Cost Sharing or Matching:** Title V, Part D, Subpart 9, section 5492 of the Elementary and Secondary Education Act of 1965, as amended, requires that the Federal share of a project funded under this program for each fiscal year be 50 percent. For example, an LEA requesting \$100,000 in Federal funding

for its foreign language program each fiscal year must match that amount with \$100,000 of non-Federal funding for each year. 34 CFR 80.24 of EDGAR addresses Federal cost-sharing requirements.

If an LEA does not have adequate resources to pay the non-Federal share of the cost, a waiver may be requested. An LEA may request a waiver of part, or all, of the matching requirement. The waiver request should be submitted by letter to the Secretary of Education and included in the application. An authorized representative of the LEA, such as the superintendent of schools, should sign the letter.

The request for waiver should—

- Provide an explanation, supported with appropriate documentation, of the basis for the LEA's position that it does not have adequate resources to pay the non-Federal share of the cost of the project.

- Specify the amount, if any, of the non-Federal share that the LEA can pay.

We recommend that LEAs that are unable to provide the required level of non-Federal support for their project provide as much non-Federal support as possible. Further information on submitting a waiver request is included in the application package.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the two-page abstract. However, the page limit does apply to all of the application narrative section in Part III.

V. Application Review Information

Selection Criteria: The selection criteria for this program are from 34 CFR 75.210 of EDGAR and are listed in the following paragraphs. The *Notes* we have included after each criterion are guidance to assist applicants in understanding each criterion as they prepare their applications and are not required by statute or regulation (except that the requirements described in Notes I and II under paragraph (b) is statutory and the requirement described under paragraph (d) is in regulation. The maximum score for all of these criteria is 100 points. The maximum score for each criterion is indicated in parentheses.

(a) *Need for project.* (5 points)

The Secretary considers the need for the proposed project. In determining the need for the proposed project, the Secretary considers the extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

Notes for (a) Need for Project

Note I: In addressing this criterion, applicants may want to describe the foreign language program currently offered, including gaps or weaknesses in the current foreign language program, identify the

specific needs for the proposed project, and describe how the proposed project will address gaps or weaknesses in foreign language instruction by conducting activities, such as increasing enrollment in critical foreign languages during the course of the grant by adding languages, adding grades or course levels, recruiting students, or expanding to additional schools.

(b) *Quality of the project design.* (60 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(1) The extent to which the design of the proposed project reflects up-to-date knowledge from research and effective practice.

(2) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(3) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replication of project activities or strategies, including information about the effectiveness of the approach or strategies employed by the project.

(4) The extent to which the proposed project is designed to build capacity and yield results that will extend beyond the period of Federal financial assistance.

(5) The extent to which the proposed project will establish linkages with other appropriate agencies and organizations providing services to the target population.

(6) The extent to which the design of the proposed project includes a thorough, high-quality review of the relevant literature, a high-quality plan for project implementation, and the use of appropriate methodological tools to ensure successful achievement of project objectives.

Notes for (b) Quality of the Project Design

Note I: Under this competition, as provided for in Division D, Title III, of the Consolidated Appropriations Act, 2010, Public Law 111-117, 5-year grants will be awarded to LEAs to work in partnership with one or more institutions of higher education (IHEs) to establish or expand articulated programs of study in languages critical to United States national security in order to enable successful students as they advance from elementary school through secondary school and college to achieve a superior level of proficiency in those languages.

Note II: Please note that Title V, Part D, Subpart 9, section 5492 of the Elementary and Secondary Education Act of 1965, as amended, requires the establishment, improvement or expansion of foreign

language study for elementary and secondary students; supports programs that show the promise of being continued beyond the grant period; and supports programs that demonstrate approaches that can be disseminated and duplicated in other LEAs. Projects supported under this program may also include a professional development component.

Note III: In addressing this criterion, applicants may want to consider describing how the project is aligned with standards for foreign language learning and performance guidelines for K-12 learners, is articulated across grade levels, and is designed to ensure that students will, when they graduate from high school, have the skills needed to achieve a superior level of foreign language proficiency by the end of an undergraduate program.

Note IV: In addressing this criterion, applicants may want to consider describing the specific definition to be used for an articulated program of study. For example: Each grade level of the elementary-school-through-college foreign language program is designed to expand sequentially on the achievement students have made in the previous level, with a goal of achieving a superior level of language proficiency.

Note V: In addressing this criterion, applicants may want to consider describing the specific definition to be used for a superior level of language proficiency. For example: a proficiency level of 3, as measured by the Federal Interagency Language Roundtable (ILR); or a Superior level, as measured by the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines, achieved by a student.

Note VI: In addressing this criterion, applicants may want to describe planned assessments to be selected or developed, how they are standards-based and performance-based, and how they are appropriate for measuring student language proficiency in the planned model of instruction and targeted languages.

Note VII: In addressing this criterion, applicants may want to consider describing a plan to carry out activities under the grant as part of their required partnership with one or more IHEs, such as including how each partner will be involved in the planning, development, and implementation of the project; the resources to be provided by each partner; the rationale for selecting the partner(s); and the specific activities (such as curriculum development, assessment development and professional development) that the partner(s) will contribute to the grant during each year of the project.

Note VIII: In addressing this criterion, applicants may want to describe how program objectives are aligned with the Government Performance and Results Act (GPRA) measures for this program.

Note IX: In addressing this criterion, applicants may want to consider discussing

how the project design is based on a review of the relevant literature, including a review of literature on curriculum and instructional materials available in the target language.

(c) *Quality of project personnel.* (10 points)

The Secretary considers the quality of the personnel who will carry out the proposed project. In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. In addition, the Secretary considers the following factors:

(1) The qualifications, including relevant training and experience, of the project director or principal investigator.

(2) The qualifications, including relevant training and experience, of key project personnel.

(d) *Quality of the management plan.* (10 points)

The Secretary considers the quality of the management plan for the proposed project. In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(1) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(2) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

Note for (d) Quality of the management plan: Please note that 34 CFR 75.112(b) of EDGAR requires an applicant to include a narrative that describes how and when, in each budget period of the project, the applicant plans to meet each project objective.

(e) *Quality of the project evaluation.* (15 points)

The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:

(1) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.

(2) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes

of the project and will produce quantitative and qualitative data to the extent possible.

(3) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

(4) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

Note for (e) Quality of the project

evaluation: Grantees will be expected to report on the progress of their evaluation through the required annual performance report as discussed in section VI.4 of this notice. In addressing this criterion, applicants may want to consider using the evaluation plan to shape the development of the project from the beginning of the grant period. Applicants also may want to include benchmarks to monitor progress toward specific project objectives, including ambitious student foreign language proficiency objectives, and outcome measures to assess the impact on teaching and learning or other important outcomes for project participants.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Grant Administration:* Applicants should budget for a two-day meeting for project directors in Washington, DC, and a FLAP meeting at the American Council on the Teaching of Foreign Languages (ACTFL) Conference in Boston, MA, November 19–21, 2010. Funding for the meeting and conference should be budgeted for each subsequent year of the grant.

4. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. You must also submit an annual performance report that provides

the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c).

5. *Performance Measures:* In response to the Government Performance and Results Act (GPRA), the Department developed three objectives for evaluating the overall effectiveness of the Foreign Language Assistance Program (FLAP) LEA program. Grantees funded under this competition will be expected to collect and report to the Department data related to these measures. Applicants should discuss in the application narrative how they propose to collect these data.

Grantees under this competition are not expected to report on Objective 1, Measures 1.1 of 2 and 1.2 of 2.

Objective 1: To expand foreign language study in non-critical languages for students served by FLAP.

Measure 1.1 of 2: The number of students participating in foreign language instruction in the non-critical languages(s) in the schools funded by FLAP.

Measure 1.2 of 2: The average number of minutes per week of foreign language instruction in the non-critical languages(s) in the schools funded by FLAP.

Objective 2: To expand foreign language study in critical languages for students served by FLAP.

Measure 2.1 of 2: The number of students participating in foreign language instruction in the critical language(s) in the schools funded by FLAP.

Measure 2.2 of 2: The average number of minutes per week of foreign language instruction in the critical languages(s) provided in the schools funded by FLAP.

Objective 3: To improve the foreign language proficiency of students served by FLAP.

Measure 3.1 of 1: The number of students in FLAP projects who meet ambitious project objectives for foreign language proficiency.

We expect each LEA funded under this competition to document how its project is helping the Department meet these performance measures. Grantees will be expected to report on progress in meeting these performance measures in their Annual Performance Report and in their Final Performance Report.
