## DEPARTMENT OF LABOR

### **Employment Standards Administration; Wage and Hour Division**

#### **Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions**

General wage determination decisions  
of the Secretary of Labor are issued in  
accordance with applicable law and are  
based on the information obtained by  
the Department of Labor from its study  
of local wage conditions and data made  
available from other sources. They  
specify the basic hourly wage rates and  
fringe benefits which are determined to  
be prevailing for the described classes of  
laborers and mechanics employed on  
construction projects of a similar  
character and in the localities specified  
therein.

The determinations in these decisions  
of prevailing rates and fringe benefits  
have been made in accordance with 29  
CFR part 1, by authority of the Secretary  
of Labor pursuant to the provisions of  
the Davis-Bacon Act of March 3, 1931,  
as amended (46 Stat. 1494, as amended,  
40 U.S.C. 276a) and of other Federal  
statutes referred to in 29 CFR part 1,  
Appendix, as well as such additional  
statutes as may from time to time be  
enacted containing provisions for the  
payment of wages determined to be  
prevailing by the Secretary of Labor in  
accordance with the Davis-Bacon Act.

The prevailing rates and fringe benefits  
determined in these decisions shall, in  
accordance with the provisions of the  
foregoing statutes, constitute the  
minimum wages payable on Federal and  
federally assisted construction projects  
to laborers and mechanics of the  
specified classes engaged on contract  
work of the character and in the  
localities described therein.

Good cause is hereby found for not  
utilizing notice and public comment  
procedure thereon prior to the issuance  
of these determinations as prescribed in  
5 U.S.C. 553 and not providing for delay  
in the effective date as prescribed in that  
section, because the necessity to issue  
current construction industry wage  
determinations frequently and in large  
volume causes procedures to be  
impractical and contrary to the public  
interest.

General wage determination  
decisions, and modifications and  
supersedes decisions thereto, contain no  
expiration dates and are effective from  
their date of notice in the **Federal  
Register**, or on the date written notice  
is received by the agency, whichever is  
earlier. These decisions are to be used  
in accordance with the provisions of 29  
CFR parts 1 and 5. Accordingly, the  
applicable decision, together with any  
modifications issued, must be made a  
part of every contract for performance of  
the described work within the  
geographic area indicated as required by  
an applicable Federal prevailing wage  
law and 29 CFR part 5. The wage rates  
and fringe benefits, notice of which is  
published herein, and which are  
contained in the Government Printing  
Office (GPO) document entitled  
"General Wage Determinations Issued  
Under the Davis-Bacon and Related  
Acts," shall be the minimum paid by  
contractors and subcontractors to  
laborers and mechanics.

Any person, organization, or  
governmental agency having an interest  
in the rates determined as prevailing is  
encouraged to submit wage rate and  
fringe benefit information for  
consideration by the Department.

Further information and self-  
explanatory forms for the purpose of  
submitting this data may be obtained by  
writing to the U.S. Department of Labor,  
Employment Standards Administration,  
Wage and Hour Division, Division of  
Wage Determinations, 200 Constitution  
Avenue, NW., Room S-3014,  
Washington, DC 20210.
