Foreign-Trade Zones Board

[B-04-2021]

Foreign-Trade Zone (FTZ) 22—Chicago, Illinois, Notification of Proposed Production Activity, AbbVie, Inc. (Pharmaceutical Products), North Chicago and Lake County, Illinois

AbbVie, Inc. (AbbVie) submitted a notification of proposed production activity to the FTZ Board for its facilities in North Chicago and Lake County, Illinois. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on January 27, 2021.

AbbVie already has authority to produce pharmaceutical products within Subzone 22S. The current request would add a finished product and a foreign status material to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt AbbVie from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status materials/components noted below and in the existing scope of authority, AbbVie would be able to choose the duty rates during customs entry procedures that applies to IMBRUVICA® tablets (duty-free). AbbVie would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material sourced from abroad is Ibrutinib active pharmaceutical

ingredient (duty rate 6.5%). The request indicates that Ibrutinib is subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is March 15, 2021.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Wedderburn at Chris.Wedderburn@trade.gov.

Dated: January 28, 2021.

Andrew McGilvray,
Executive Secretary.

Citric Acid and Certain Citrate Salts From Thailand: Partial Rescission of Antidumping Duty Administrative Review, 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on citric acid and certain citrate salts (citric acid) from Thailand covering the period of review (POR) July 1, 2019, through June 30, 2020, in part, with respect to Niran (Thailand) Co., Ltd. (Niran), based on a timely withdrawal of the request for review for Niran.

DATES: Applicable February 3, 2021.

FOR FURTHER INFORMATION CONTACT: Joy Zhang, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1168.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2020, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on citric acid from Thailand for the period July 1, 2019, through June 30, 2020.¹ Based on timely requests from COFCO Biochemical (Thailand) Co., Ltd. (COFCO), Sunshine Biotech International Co., Ltd. (Sunshine), and Archer Daniels Midland Company, Cargill, Incorporated, and Tate & Lyle Ingredients Americas LLC, domestic producers of the subject merchandise and petitioners in the original investigation (collectively, the petitioners),² on September 3, 2020, in accordance with 751(a)(1) of the Tariff Act of 1930, as amended (the Act), Commerce published in the **Federal Register** a notice of initiation of administrative review covering COFCO, Sunshine, and Niran.³ On September 17, 2020, Commerce selected COFCO and Sunshine for individual examination and issued the antidumping duty questionnaire to the companies.⁴

On September 18, 2020, Niran filed a no-shipment certification.⁵ On October 8, 2020, U.S. Customs and Border Protection (CBP) confirmed that there were no shipments of subject merchandise from Niran during the

POR.⁶ On November 19, 2020, the petitioners withdrew their request for an administrative review with respect to Niran.⁷

Scope of the Order

The merchandise covered by the order is citric acid and certain citrate salts from Thailand. The scope of the order includes all grades and granulation sizes of citric acid, sodium citrate, and potassium citrate in their unblended forms, whether dry or in solution, and regardless of packaging type. The scope also includes blends of citric acid, sodium citrate, and potassium citrate; as well as blends with other ingredients, such as sugar, where the unblended form(s) of citric acid, sodium citrate, and potassium citrate constitute 40 percent or more, by weight, of the blend.

The scope also includes all forms of crude calcium citrate, including dicalcium citrate monohydrate, and tricalcium citrate tetrahydrate, which are intermediate products in the production of citric acid, sodium citrate, and potassium citrate.

The scope includes the hydrous and anhydrous forms of citric acid, the dihydrate and anhydrous forms of sodium citrate, otherwise known as citric acid sodium salt, and the monohydrate and monopotassium forms of potassium citrate. Sodium citrate also includes both trisodium citrate and monosodium citrate which are also known as citric acid trisodium salt and citric acid monosodium salt, respectively.

The scope does not include calcium citrate that satisfies the standards set forth in the United States Pharmacopeia and has been mixed with a functional excipient, such as dextrose or starch, where the excipient constitutes at least 2 percent, by weight, of the product.

Citric acid and sodium citrate are classifiable under 2918.14.0000 and 2918.15.1000 of the Harmonized Tariff Schedule of the United States (HTSUS), respectively. Potassium citrate and crude calcium citrate are classifiable under 2918.15.5000 and, if included in a mixture or blend, 3824.99.9295 of the HTSUS. Blends that include citric acid, sodium citrate, and potassium citrate are classifiable under 3824.99.9295 of the HTSUS. Although the HTSUS subheadings are provided for

convenience and customs purposes, the written description of the merchandise is dispositive.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. The aforementioned withdrawal request was timely submitted, and no other interested party requested an administrative review of this particular company. Therefore, in accordance with 19 CFR 351.213(d)(1), and consistent with our practice,⁸ we are rescinding this review of the antidumping duty order on citric acid from Thailand, in part, with respect to Niran.

The review will continue with respect to COFCO and Sunshine.

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. For Niran, for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period July 1, 2019, through June 30, 2020, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: January 29, 2021.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
