

Estimated Number of Respondents: 20.

Frequency of Response: Initially.

Estimated Total Annual Hour Burden: 1,849.

Estimated Total Annual Cost:

\$177,191, which includes \$177,191 in labor costs exclusively, with no capital/startup costs, and no operation and maintenance (O&M) costs.

Changes in the Estimates: There is an increase in labor hours for both the respondents and the Agency in this ICR compared to the previous ICR. The adjustment increase is due to an increase in the number of new or modified sources. This increase is not due to any program changes. There is also an increase in the total labor and Agency costs as currently identified in the OMB Inventory of Approved Burdens. The change in cost estimates reflects the changes in respondent numbers (described above) and updated labor rates available from the Bureau of Labor Statistics.

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; Health and Safety Data Reporting, Submission of Lists and Copies of Health and Safety Studies

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act, this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Health and Safety Data Reporting, Submission of Lists and Copies of Health and Safety Studies. The ICR, which is abstracted below, describes the nature of the information collection activity and its expected burden and costs.

DATES: Additional comments may be submitted on or before August 17, 2012.

ADDRESSES: Submit your comments, referencing docket ID Number EPA-HQ-OPPT-2011-0777 to (1) EPA online using www.regulations.gov (our preferred method), by email to

oppt.ncic@epa.gov or by mail to: Document Control Office (DCO), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, Mail Code: 7407T, 1200 Pennsylvania Ave. NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Pamela Myrick, Acting Director, Environmental Assistance Division, Office of Pollution Prevention and Toxics, Environmental Protection Agency, Mail code: 7408-M, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202-554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On January 25, 2012 (77 FR 3766), EPA sought comments on this renewal pursuant to 5 CFR 1320.8(d). EPA received no comments during the comment period. Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OPPT-2011-0777, which is available for online viewing at <http://www.regulations.gov>, or in person inspection at the Pollution Prevention and Toxics Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Pollution Prevention and Toxics Docket is 202-566-0280. Use www.regulations.gov to submit or view public comments, access the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified above.

EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in www.regulations.gov as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. When EPA

identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in www.regulations.gov. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in www.regulations.gov. For further information about the electronic docket, go to www.regulations.gov.

Title: Health and Safety Data Reporting, Submission of Lists and Copies of Health and Safety Studies.

ICR Status: This is a request to renew an existing approved collection. This ICR is scheduled to expire on October 31, 2012. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: Section 8(d) of the Toxic Substances Control Act (TSCA) and 40 CFR part 716 require manufacturers and processors of chemicals to submit lists and copies of health and safety studies relating to the health and/or environmental effects of certain chemical substances and mixtures. In order to comply with the reporting requirements of section 8(d), respondents must search their records to identify any health and safety studies in their possession, copy and process relevant studies, list studies that are currently in progress, and submit this information to EPA.

EPA uses this information to construct a complete picture of the known effects of the chemicals in question, leading to determinations by EPA of whether additional testing of the chemicals is required. The information enables EPA to base its testing decisions on the most complete information available and to avoid demands for testing that may be duplicative. EPA uses information obtained via this collection to support its investigation of the risks posed by chemicals and, in particular, to support its decisions on whether to require industry to test chemicals under section 4 of TSCA.

Responses to the collection of information are mandatory (see 40 CFR part 716). Respondents may claim all or part of a notice as CBI. EPA will disclose information that is covered by a CBI claim only to the extent permitted by, and in accordance with, the procedures in 40 CFR part 2.

An agency may not conduct or sponsor, and a person is not required to

respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register**, are listed in 40 CFR part 9 and included on the related collection instrument or form, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average about 9.7 hours per response. Burden is defined in 5 CFR 1320.3(b).

Respondents/Affected Entities: Entities potentially affected by this action are companies that manufacture, process, import, or distribute in commerce chemical substances or mixtures.

Frequency of Collection: On occasion.
Estimated average number of responses for each respondent: 1.2.

Estimated No. of Respondents: 119.

Estimated Total Annual Burden on Respondents: 1,364 hours.

Estimated Total Annual Costs: \$88,588.

Changes in Burden Estimates: This request reflects an increase of 908 hours (from 456 hours to 1,364 hours) in the total estimated respondent burden from that currently in the OMB inventory. This increase reflects EPA's revised estimate for the rate of chemical additions (from 20 to 70 chemicals per year) and to the episodic nature of rulemakings that add chemicals to the TSCA section 8(d) list. The Supporting Statement provides details about the change in burden estimate. The change is an adjustment.

SUPPLEMENTARY INFORMATION:

What information is EPA particularly interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) Enhance the quality, utility, and clarity of the information to be collected; and (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What should I consider when I prepare my comments for EPA?

You may find the following suggestions helpful for preparing your comments. 1. Explain your views as clearly as possible and provide specific examples. 2. Describe any assumptions that you used. 3. Provide copies of any technical information and/or data you used that support your views. 4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide. 5. Offer alternative ways to improve the collection activity. 6. Make sure to submit your comments by the deadline identified under **DATES**. 7. To ensure proper receipt by EPA, be sure to identify the ICR title on the first page of your response. You may also provide the **Federal Register** citation.

What Information Collection Activity or ICR does this apply to?

Title: Regulations.gov Information Collection. **OMB Control Number:** 2025-0008.

Abstract: In response to the Presidential memorandum, the eRulemaking Program launched the *Regulations.gov* 'feedback exchange' Web site in May 2009. This interactive Web site showcases new technologies being considered for the *Regulations.gov* 'feedback exchange' and *Regulations.gov*, as well as other agency-specific initiatives and rulemaking activities. The 'feedback exchange' serves as a learning laboratory for open government, enabling the public to provide input on the *Regulations.gov* interface, build a community of practice on the Federal regulatory development process, and ensure that the eRulemaking Program can efficiently manage federal resources by testing new tools before they are launched. New technologies considered for the *Regulations.gov* 'feedback exchange' and *Regulations.gov* include: User Profiles; Comment Threads and Wikis; Ratings, Polls, and Tagging; an interactive Educational Tool; and Information Export and Sharing capabilities, such as application programming interfaces (or APIs). These technologies have been deployed iteratively, with some components deployed upon the site's original release in May 2009, and others deployed during updates throughout the last three years. Other components are still being considered and will be released during subsequent upgrades to the *Regulations.gov* 'feedback exchange' and *Regulations.gov*. User profiles enable the public to register on the site and pre-load submitter information for later use as well as save their own
