Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 16,425.

Estimate Time Per Response: 0.166 to 1.0 hour.

Frequency of Response: Annual reporting requirement.

Total Annual Burden: 12,100 hours.

Total Annual Costs: None.

Needs and Uses: The Annual Employment Report, FCC Form 395-B, is required to be filed by all licensees and permittees of AM, FM, TV, international, and low power TV broadcast stations. It is a data collection device used to assess industry employment trends. The report identifies each staff member by gender, race, color, and/or national origin in each of the nine major job categories. On September 30, 1998, the FCC suspended the requirement that television and radio broadcast licensees and permittees submit the FCC Form 395-B. This suspension was to remain in effect until the Commission revised the EEO rules to be consistent with the D.C. Circuit Court's decision in *Lutheran Church-Missouri Synod v. FCC*. On January 20, 2000, the Commission adopted a Report and Order, MM Docket Nos. 98-204 and 96-16, Review of the Commission's Broadcast and Cable Equal Employment Opportunity Rules and Policies and Termination of the EEO Streamlining Proceeding. This Report and Order reinstates the requirement that broadcasters file the FCC Form 395-B. In addition, the FCC eliminated all requirements that broadcast licensees compare their employment profile and employee turnover with the local labor force. Furthermore, the Commission will no longer compare individual employment profiles with the local labor force as a screening device. These data will only be used to monitor industry employment trends and report to Congress.
