

their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a temporary safety zone lasting only one and a half hours on one day that would prohibit entry within 420 feet of a firework barge. Normally such actions are categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

36 CFR Part 1192

[Docket No. ATBCB–2020–0002]

RIN 3014–AA42

Americans With Disabilities Act Accessibility Guidelines for Transportation Vehicles; Rail Vehicles; Extension of Comment Period

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Advance notice of proposed rulemaking; extension of comment period.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) is extending until July 14, 2020 the comment period for the document entitled “Americans with Disabilities Act Accessibility Guidelines for Transportation Vehicles; Rail Vehicles” that appeared in the **Federal Register** on February 14, 2020. In that document, the Access Board requested comments by May 14, 2020. The Access Board is taking this action to allow interested persons additional time to submit comments.

DATES: The comment period for the advance notice of proposed rulemaking published February 14, 2020, at 85 FR 8516, is extended. Comments should be received on or before July 14, 2020.

ADDRESSES: Submit comments by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Email:* docket@access-board.gov. Include docket number ATBCB–2020–0002 in the subject line of the message.

- *Fax:* 202–272–0081.

- *Mail or Hand Delivery/Courier:* Office of Technical and Information Services, U.S. Access Board, 1331 F Street NW, Suite 1000, Washington, DC 20004–1111.

All comments received, including any personal information provided, will be posted without change to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Technical information: Juliet Shoultz, (202) 272–0045, Email: shoultz@access-board.gov. Legal information: Wendy Marshall, (202) 272–0043, marshall@access-board.gov.

SUPPLEMENTARY INFORMATION: On February 14, 2020, the Architectural and Transportation Barriers Compliance Board (Access Board) issued an advance notice of proposed rulemaking to begin the process of updating its existing accessibility guidelines for rail vehicles covered by the Americans with Disabilities Act. See 85 FR 8516, February 14, 2020. In that document, the Access Board requested comments by May 14, 2020.

On March 26, 2020, the American Public Transit Association (APTA) requested that the 90-day comment period be extended for an additional 60 days to allow for a more thorough, careful review of the 25 technical questions posed by the Board. APTA continued that “given the pandemic and national emergency declarations, our members who are concerned about this issue have been pulled away to work on essential functions. Thus, the additional time would allow APTA members to collaborate and develop thoughtful responses to the Access Board’s questions.”

Although the Access Board has already provided a 90-day comment period and held a public hearing on the ANPRM, the Board will provide additional time for the public to submit comments.

David M. Capozzi,
Executive Director.

Increasing Recreational Opportunities Through the Use of Electric Bikes

AGENCY: Bureau of Land Management, Interior.

II. Background

The Federal Land Policy and Management Act (FLPMA) directs the BLM to manage public lands it administers for multiple use and sustained yield (unless otherwise provided by law) and to provide for outdoor recreation (43 U.S.C. 1701). Many visitors bicycle on BLM-managed public lands. Improvements in bicycle technology have made bicycling an option for more people and have made public lands more accessible to cyclists. One bicycle design modification growing in popularity is the addition of a small electric motor that provides an electric power assist to the operation of the bicycle and reduces the physical
