Notice of Availability of the Record of Decision for the Final Environmental Impact Statement for the Coastal Plain Oil and Gas Leasing Program, Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability.

SUMMARY: The Bureau of Land Management (BLM), Alaska State Office, announces the availability of the Record of Decision (ROD) for the Final Environmental Impact Statement (EIS) for the Coastal Plain Oil and Gas Leasing Program. The Secretary for the Department of the Interior's signature on the ROD constitutes the final decision of the Department, thereby completing the required National Environmental Policy Act process for implementing an oil and gas leasing program within the Coastal Plain of the Arctic National Wildlife Refuge.

ADDRESSES: Requests for information regarding the ROD may be mailed to: Coastal Plain Oil and Gas Leasing Program, 222 West 7th Avenue, #13, Anchorage, AK 99513-7504. The ROD is available on the BLM Alaska website at <http://www.blm.gov/alaska>.

FOR FURTHER INFORMATION CONTACT: Nicole Hayes, BLM Alaska State Office, 907-271-4354. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individuals during normal business hours. The FRS is available 24 hours a day, seven days a week, to leave a message or question with the above individuals. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Title II, Section 20001 of Public Law 115-97 directs the Secretary of the Interior, acting through the BLM, to establish and administer a competitive oil and gas leasing program for the leasing, development, production, and transportation of oil and gas in and from the Coastal Plain. The BLM was directed to manage the oil and gas leasing program on the Coastal Plain in a manner similar to lease sales under the Naval Petroleum Reserves Production Act of 1976 (including regulations). The BLM was also directed to conduct two area-wide lease sales offering not fewer than 400,000 acres, in areas where there

is the highest potential for the discovery of hydrocarbons.

The ROD approves a program to carry out this statutory directive. By determining where and under what terms and conditions leasing will occur, the ROD takes into account the requirements of Public Law 115-97 and other applicable law. To inform this Decision, the BLM prepared the Coastal Plain Oil and Gas Leasing Program Environmental Impact Statement (Leasing EIS).

The ROD adopts Alternative B of the Leasing EIS as to where and under what terms and conditions leasing may occur subject to future specific environmental analysis and permitting decisions, except clarifications have been provided for required operating procedures (ROP) 11 and 17, as well as Lease Notice 2. The ROD also does not adopt the interpretive assumptions made in the Leasing EIS as to the implementation of Section 20001(c)(3) of Public Law 115-97. Rather, it provides guidance regarding certain general principles for the future application of that section of the law.

Authority: 40 CFR 1502.9, 40 CFR 1506.6.

**INTERNATIONAL TRADE
COMMISSION**

**[Investigation Nos. 701–TA–417 and 731–
TA–953, 957–959, and 961 (Third Review)]**

**Carbon and Certain Alloy Steel Wire
Rod From Brazil, Indonesia, Mexico,
Moldova, and Trinidad and Tobago****Determinations**

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty order on carbon and certain alloy steel wire rod from Brazil and the antidumping duty orders on carbon and certain alloy steel wire rod from Brazil, Indonesia, Mexico, Moldova, and Trinidad and Tobago would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on June 3, 2019 (84 FR 25564) and determined on September 6, 2019 that it would conduct full reviews (84 FR 50474, September 25, 2019). Notice of the scheduling of the Commission’s reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on March 12, 2020 (85 FR 14506). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, and in accordance with 19 U.S.C. 1677c(a)(1), the Commission conducted its hearing on June 16, 2020 by video conference and written witness testimony as set forth in procedures provided to the parties. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on August 17, 2020. The views of the Commission are contained in USITC Publication 5100 (August 2020), entitled *Carbon and Certain Alloy Steel Wire Rod from Brazil, Indonesia, Mexico, Moldova, and Trinidad and Tobago: Investigation Nos. 701–TA–417 and 731–TA–953, 957–959, and 961 (Third Review)*.

¹ The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

By order of the Commission.

Issued: August 18, 2020.

Lisa Barton,

Secretary to the Commission.
