**Certain Hot-Rolled Steel Flat Products From Australia: Final Results of Antidumping Duty Administrative Review and Final Rescission of Review, in Part; 2018–2019**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) determines that sales of certain hot-rolled steel flat products (hot-rolled steel) from Australia were made at less than normal value during the period of review (POR), October 1, 2018, through September 30, 2019.

**DATES:** Applicable August 23, 2021.

**FOR FURTHER INFORMATION CONTACT:** Allison Hollander, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration,

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 23, 2021, Commerce published the *Preliminary Results* of the 2018–2019 administrative review of the antidumping duty order on hot-rolled steel from Australia in the **Federal Register**.<sup>1</sup> This review covers one producer/exporter of subject merchandise, the collapsed entity, BlueScope Steel (AIS) Pty Ltd., BlueScope Steel Ltd., and BlueScope Steel Distribution Pty Ltd. (collectively, BlueScope). We invited interested parties to comment on the *Preliminary Results* and received case and rebuttal briefs.<sup>2</sup> On May 18, 2021, Commerce extended the deadline for the final results of review by 60 days to no later than August 20, 2021.<sup>3</sup> A complete summary of the events that occurred since publication of the *Preliminary Results* is found in the Issues and Decision Memorandum.<sup>4</sup> Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**

The products covered by this *Order*<sup>5</sup> are hot-rolled steel. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

**Analysis of Comments Received**

All issues raised in the case and rebuttal briefs filed by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues

and Decision Memorandum, follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum is available at <http://enforcement.trade.gov/frn/>.

**Rescission of Review in Part**

As stated in the *Preliminary Results*, Commerce inadvertently included as subject to the review, a U.S. company, *i.e.*, AJU Steel USA Inc., for which a review should not have been initiated. We received no comments from interested parties with respect to Commerce’s intent to rescind the review with respect to AJU Steel USA Inc. Therefore, we are rescinding this administrative review, in part, with respect to AJU Steel USA Inc.

**Changes Since the Preliminary Results**

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes for these final results of review.

**Final Results of the Administrative Review**

We determine that the following weighted-average dumping margin exists for the period October 1, 2018, through September 30, 2019:

Exporter/producer	Weighted-average dumping margin (percent)
BlueScope Steel (AIS) Pty Ltd, BlueScope Steel Ltd., and BlueScope Steel Distribution Pty Ltd .....	9.94
