

The panel consists of members from the states of Alaska and Washington who represent the broad range fishing and conservation interests in anadromous and ecologically related species in the North Pacific. Certain members also represent relevant state and regional authorities. The panel was established in 1992 to advise the U.S. Section of the NPAFC on research needs and priorities for anadromous species, such as salmon, and ecologically related species occurring in the high seas of the North Pacific Ocean. The upcoming Panel meeting will focus on two major topics: (1) Review of the agenda for the 2011 annual meeting of the NPAFC (October 24–28; Nanaimo, British Columbia, Canada); and (2) logistics for the U.S. Section at the NPAFC meeting. Background material is available from the point of contact noted above and by visiting <http://www.npafc.org>.

This announcement will appear in the **Federal Register** less than 15 days prior to the meeting.

The Department of State finds that there is an exceptional circumstance in that this advisory committee meeting must be held on October 6th in order to adequately prepare for the NPAFC to be convened in Canada beginning October 24th, including the logistics involved in attending the meeting.

Dated: September 23, 2011.

John Field,

Acting Director, Office of Marine Conservation, Department of State.
