Title: 7 CFR part 1783, Revolving Fund Program.

OMB Control Number: 0572–0138.

Type of Request: Extension of a currently approved information collection.

Abstract: The Rural Utilities Service (RUS) supports the sound development of rural communities and the growth of our economy without endangering the environment. One of the ways the Agency pursues this goal is to provide financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need. The Revolving Fund Program (RFP) helps qualified non-profits create a revolving loan fund that can provide financing for the extension and improvement of water and waste disposal systems in rural areas. Entities eligible for the revolving loan fund will be the same entities eligible to obtain a loan, loan guarantee, or grant from RUS Water and Waste Disposal and Wastewater loan and grant programs. As grant recipients, the non-profit organizations establish a revolving loan fund to provide loans to finance predevelopment costs of water or wastewater projects, or short-term small capital projects not part of the regular operation and maintenance of current water and wastewater systems. The collection of information consists of the materials to file a grant application with the agency, including forms, certifications and required documentation.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 5.69 hour per response.

Respondents: Non-profit institutions.
Estimated Number of Respondents: 4.
Estimated Total Annual Responses:

66.

Estimated Number of Responses per Respondent: 16.6.
