Abstract: The AmeriCorps Seniors Grant Application is for use by prospective and existing sponsors of AmeriCorps Seniors projects under the AmeriCorps Seniors RSVP (RSVP), AmeriCorps Seniors Foster Grandparent Program (FGP), AmeriCorps Seniors Senior Companion Program (SCP), and AmeriCorps Seniors Demonstration Project (SDP). The Project Progress Report, Project Progress Report Lite, and Project Report Supplement will be used to report progress toward accomplishing work plan goals and objectives, reporting volunteer and service outputs, reporting actual outcomes related to self-nominated performance measures, meeting challenges encountered, describing significant activities, and requesting technical assistance. The Application Instructions and PPR, PPR-Lite, and PRS forms in this package conform to eGrants. AmeriCorps' web-based electronic grants management system. The SCP Independent Living Survey and SCP Respite Survey instruments collect information from a sample of Senior Companion clients and caregivers. The purpose of the surveys is to assess the feasibility of conducting a longitudinal, quasi-experimental evaluation of the impact of independent living and respite services on clients' social ties and perceived social support. The results of the surveys may also be used to inform the feasibility of using a similar instrument to measure client and caregiver outcomes for an evaluation of RSVP. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on 12/31/21.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on

respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](https://www.regulations.gov).
