## DEPARTMENT OF ENERGY

### Western Area Power Administration

#### Colorado River Storage Project Management Center—Rate Order No. WAPA-195

**AGENCY:** Western Area Power Administration, DOE.

**ACTION:** Notice of rate order concerning joint dispatch transmission service formula rate for use under the Western Energy Imbalance Service (WEIS) Market.

**SUMMARY:** The formula rate for the Colorado River Storage Project Management Center (CRSP MC) of the Western Area Power Administration (WAPA) to use under the WEIS Market (Provisional Formula Rate) has been confirmed, approved, and placed into effect on an interim basis. This formula rate, approved under the WAPA Administrator's authority to establish rates for short term sales, expires on September 30, 2021. No changes were made to this formula rate for short-term sales under Rate Schedule SP-NFJDT (joint dispatch transmission service). CRSP MC has converted its existing rate for short-term sales for use under the WEIS Market to a long-term formula rate.

**DATES:** The Provisional Formula Rate under Rate Schedule SP-NFJDT (joint dispatch transmission service) is effective on the first day of the first full billing period beginning on or after October 1, 2021, and will remain in effect through September 30, 2024, pending confirmation and approval by the Federal Energy Regulatory Commission (FERC) on a final basis or until superseded.

**FOR FURTHER INFORMATION CONTACT:** Timothy A. Vigil, Colorado River Storage Project Management Center Manager, Western Area Power Administration, 1800 South Rio Grande Avenue, Montrose, CO 81401, email: [CRSPMC-rate-adj@wapa.gov](mailto:CRSPMC-rate-adj@wapa.gov), or Thomas J. Hackett, Rates Manager, Colorado River Storage Project Management Center, Western Area Power Administration, (801) 524-5503, email: [hackett@wapa.gov](mailto:hackett@wapa.gov).

**SUPPLEMENTARY INFORMATION:** On December 29, 2020, WAPA's Administrator approved the rate for short-term sales for CRSP MC to use under the WEIS Market, which created a new Rate Schedule, SP-NFJDT (joint dispatch transmission service), for the 8-month period of February 1, 2021, through September 30, 2021.

WAPA published a **Federal Register** notice (Proposed FRN) on April 23,

2021 (86 FR 21726), proposing to convert the rate for short-term sales for CRSP MC to use under the WEIS Market to a long-term formula rate for use October 1, 2021, through September 30, 2026. The Proposed FRN also initiated a 30-day public consultation and comment period. The Proposed FRN stated a term of 5 years for the long-term formula rate, but, as discussed in Rate Order No. WAPA-195, WAPA has determined that a 3-year term would be more appropriate, making the effective dates October 1, 2021, through September 30, 2024.

### Legal Authority

By Delegation Order No. 00-037.00B, effective November 19, 2016, the Secretary of Energy delegated: (1) The authority to develop power and transmission rates to the WAPA Administrator; (2) the authority to confirm, approve, and place such rates into effect on an interim basis to the Deputy Secretary of Energy; and (3) the authority to confirm, approve on a final basis, remand, or disapprove such rates to FERC. By Delegation Order No. S1-DEL-S4-2021, effective February 25, 2021, the Acting Secretary of Energy also delegated the authority to confirm, approve, and place such rates into effect on an interim basis to the Under Secretary for Science (and Energy). By Redelegation Order No. S4-DEL-OE1-2021, effective March 25, 2021, the Acting Under Secretary for Science (and Energy) redelegated the authority to confirm, approve, and place such rates into effect on an interim basis to the Assistant Secretary for Electricity. By Redelegation Order No. 00-002.10-05, effective July 8, 2020, the Assistant Secretary for Electricity further delegated the authority to confirm, approve, and place such rates into effect on an interim basis to WAPA's Administrator. This redelegation order, despite predating the February 2021 and March 2021 delegations, remains valid. This rate action is issued under the Redelegation Order No. 00-002.10-05 and Department of Energy procedures for public participation in rate adjustments as set forth at 10 CFR part 903.<sup>1</sup>

Following review of CRSP MC's proposal, I hereby confirm, approve, and place Rate Order No. WAPA-195, which provides a formula rate for joint dispatch transmission service for use under the WEIS Market, into effect on an interim basis. WAPA will submit Rate Order No. WAPA-195 to FERC for
