IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁶ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹⁷ which requires that an exchange have rules designed, among other things, to

promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange previously filed this rule proposal on September 29, 2008 for immediate effectiveness pursuant to Section 19(b)(3)(A)¹⁸ of the Act and Rule 19b-4(f)(6)¹⁹ thereunder; however the proposed rule change was rejected for technical, non-substantive reasons. In that prior rule filing, the Exchange noted that the proposal should be effective on September 29, 2008 because of the immediate nature of the relief requested. Specifically, the Exchange received pre-opening orders of TMA securities in response to the reverse stock split, which did not have the intended consequences. Instead, pre-opening interest was below \$0.70. By temporarily suspending operation of Rule 123D(3) for opening transactions of TMA securities on September 29, 2008, the Exchange was able to execute the pre-opening orders it received in TMA securities.

As noted above, the Exchange previously submitted a proposed rule change for immediate effectiveness on September 29, 2008 that was rejected by the Commission for technical non-substantive reasons. The Commission is granting accelerated approval of this proposed rule change on a retroactive basis to September 29, 2008. The Commission finds good cause for approving this proposal before the thirtieth day after the date of publication of notice of this filing in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁰ that the proposed rule change (SR-NYSE-2008-93) be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²¹

Florence E. Harmon,

Acting Secretary.
