SUPPLEMENTARY INFORMATION:

Title: New Markets Tax Credit Allocation Tracking System.
OMB Number: 1559-0024.

Abstract: Title I, subtitle C, section 121 of the Community Renewal Tax Relief Act of 2000 (the Act), as enacted by section 1(a)(7) of the Consolidated Appropriations Act, 2001 (Pub. L. 106-554, December 21, 2000), amended the Internal Revenue Code (IRC) by adding IRC § 45D, New Markets Tax Credit. Pursuant to IRC § 45D, the Department of the Treasury, through the CDFI Fund, administers the NMTC Program, which provides an incentive to investors in the form of tax credits over seven years and stimulates the provision of private investment capital that, in turn, facilitates economic and community development in low-income communities. In order to qualify for an allocation of NMTC authority, an entity must be certified as a qualified community development entity and submit an allocation application to the CDFI Fund. Upon receipt of such applications, the CDFI Fund conducts a competitive review process to evaluate applications for the receipt of NMTC allocations. Entities selected to receive an NMTC allocation must enter into an allocation agreement with the CDFI Fund. The allocation agreement contains the terms and conditions, including all reporting requirements, associated with the receipt of a NMTC allocation. The CDFI Fund requires each allocatee to use an electronic data collection and submission system, known as the Allocation Tracking System (ATS), to report on the information related to its receipt of a Qualified Equity Investment.

The CDFI Fund has developed the ATS to, among other things: (1) Enhance the allocatee's ability to report to the CDFI Fund timely information regarding the issuance of its Qualified Equity Investments; (2) enhance the CDFI Fund's ability to monitor the issuance of Qualified Equity Investments to ensure that no allocatee exceeds its allocation authority and to ensure that Qualified Equity Investments are issued within the timeframes required by the allocation agreement and IRC § 45D; and (3) provide the CDFI Fund with basic investor data which may be aggregated and analyzed in connection with NMTC evaluation efforts.

Requests for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. The specific section of the allocation agreement for which comments are sought is the reporting requirement that allocatees provide notice to the CDFI Fund, through the CDFI Fund's Allocation Tracking System, of the receipt of a Qualified Equity Investment. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services required to provide information.
