

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 29, 2014.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Joe Carter—Office of Strategic Planning, 1999 Broadway—Suite 2205, Denver, CO 80220, (303) 844-5656, joe.carter@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The International Trade Administration provides a multitude of international trade related programs to help U.S. businesses. These programs include information products, services, and trade events. To accomplish its mission effectively, ITA needs ongoing feedback on its programs. This information collection item allows ITA to solicit clients' opinions about the use of ITA products, services, and trade events. To promote optimal use and provide focused and effective improvements to ITA programs, we are requesting approval for this clearance package; Including: Use of Comment Cards (i.e. transactional-based surveys) to collect feedback immediately after ITA assistance is provided to clients; use of annual surveys (i.e. relationship-based surveys) to gauge overall satisfaction, impact and needs for clients with ITA assistance provided over a period time; use of multiple data collection methods (i.e. web-enabled surveys sent via email, telephone interviews, automated telephone surveys, and in-person surveys via mobile devices/laptops/tablets at trade events/shows) to enable clients to conveniently respond to requests for feedback; and a forecast of burden hours. Without this information, ITA is unable to systematically determine the actual and relative levels of performance for its programs and products/services and to provide clear, actionable insights for managerial intervention. This

information will be used for program evaluation and improvement, strategic planning, allocation of resources and stakeholder reporting.

II. Method of Collection

The International Trade Administration is seeking approval for the following data collection methods to provide flexibility in conducting customer satisfaction surveys and to reduce the burden on respondents: (1) An email message delivering a hot link to a web enabled survey with an email reminder sent if the client does not respond to the survey within two weeks; (2) a telephone survey/interview; (3) an automated telephone survey for callers to 1-800-USA-TRADE so callers can immediately respond without having to provide their email address; and (4) a web-enabled survey conducted in-person at trade shows/events via a laptop, tablet or mobile phone so participants can immediately respond without having to provide their email address.

III. Data

OMB Control Number: 0625-XXX.

Form Number(s): ITA-XXXXP.

Type of Review: Regular submission; new information collection; generic clearance.

Affected Public: Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; and Federal government.

Estimated Number of Respondents: 30,000.

Estimated Time per Response: 5–20 minutes.

Estimated Total Annual Burden Hours: 5,000 hours.

Estimated Total Annual Cost to Public: \$200,000.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;

they also will become a matter of public record.

Dated: October 22, 2014.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

Circular Welded Carbon Steel Pipes and Tubes From Thailand: Final Results of Antidumping Duty Administrative Review; 2012–2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On April 24, 2014, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on circular welded carbon steel pipes and tubes from Thailand.¹ This review covers two producers and/or exporters of the subject merchandise, Saha Thai Steel Pipe (Public) Company, Ltd. (Saha Thai), and Pacific Pipe Company Limited (Pacific Pipe). The period of review (POR) is March 1, 2012, through February 28, 2013. The Department received comments from interested parties. For the final results, we find that Saha Thai has not sold subject merchandise at less than normal value (NV), and we continue to find that Pacific Pipe had no shipments of subject merchandise during the POR.

DATES: *Effective Date:* October 28, 2014.

FOR FURTHER INFORMATION CONTACT: Jason Rhoads, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0123.

SUPPLEMENTARY INFORMATION:

Background

On April 24, 2014, the Department published, and invited interested parties to comment on, the *Preliminary Results*. Saha Thai and Wheatland Tube Company submitted case briefs on June 16, 2014, and submitted rebuttal briefs on June 23, 2014.

¹ See *Circular Welded Carbon Steel Pipes and Tubes From Thailand: Preliminary Results of Antidumping Duty Administrative Review; 2012–2013*, 79 FR 22794 (April 24, 2014) (*Preliminary Results*).

The Department conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the antidumping order are certain circular welded carbon steel pipes and tubes from Thailand.² The subject merchandise has an outside diameter of 0.375 inches or more, but not exceeding 16 inches. The merchandise is classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) item numbers 7306.30.1000, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085 and 7306.30.5090. Although the HTSUS subheadings are provided for convenience and purposes of U.S. Customs and Border Protection (CBP), the written description of the merchandise subject to the order is dispositive. A full description of the scope of the order is contained in the Issues and Decision Memorandum, which is hereby adopted by this notice.

Final Determination of No Shipments

For the final results of this review, we continue to find that Pacific Pipe had no shipments during the POR.³

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the Issues and Decision Memorandum. A list of issues that parties raised and to which we respond in the Issues and Decision Memorandum is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>.

² See Memorandum to Paul Piquado, Assistant Secretary for Enforcement and Compliance, from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, entitled "Issues and Decision Memorandum for the Final Results of Antidumping Duty Administrative Review of Circular Welded Carbon Steel Pipes and Tubes from Thailand: 2012–2013 Administrative Review," dated concurrently with this notice (Issues and Decision Memorandum), for a complete description of the scope of the order.

³ See *Preliminary Results*.

The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on a review of the record as well as comments received from parties regarding the *Preliminary Results*, we made two revisions to Saha Thai's margin calculation for the final results. We (1) used Saha Thai's most up-to-date cost of production file, and (2) adjusted Saha Thai's duty drawback amount so that the amount added to export price is consistent with the amount added to Saha Thai's calculated cost of production.⁴

Final Results of Review

As a result of our review, we determine the following weighted-average dumping margins exist for the period March 1, 2011, through February 29, 2012.

Producer/exporter	Weighted-average dumping margin (percent)
Saha Thai Steel Pipe (Public) Company, Ltd	0.00
Pacific Pipe Company Limited	(*)

*No shipments or sales subject to this review. The firm has an individual rate from the last segment of the proceeding in which the firm had shipments or sales.

Assessment Rates

In accordance with 19 CFR 351.106(c)(2) and the *Final Modification for Reviews*,⁵ the Department will instruct CBP to liquidate appropriate entries for Saha Thai without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003.⁶ This clarification applies to entries of subject merchandise during the POR produced by Saha Thai for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to

⁴ See Saha Thai's Final Analysis Memorandum and Memorandum to the File, entitled "Final Results of the Administrative Review of Circular Welded Carbon Steel Pipes and Tubes from Thailand: Analysis Memorandum for Saha Thai Steel Pipe (Public) Company, Ltd.," dated concurrently with this notice.

⁵ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101, 8102 (February 14, 2012) (*Final Modification for Reviews*).

⁶ For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Policy Notice*).

liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Consistent with the *Assessment Policy Notice*, because we continue to find that Pacific Pipe had no shipments of subject merchandise to the United States, we will instruct CBP to liquidate all applicable entries of merchandise produced by Pacific Pipe and exported by other parties at the rate for the intermediate reseller, if available, or at the all-others rate.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of circular welded carbon steel pipes and tubes from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Saha Thai will be 0.00 percent, the weighted-average dumping margin established in the final results of this administrative review; (2) for Pacific Pipe and previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the less than fair value (LTFV) investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the LTFV investigation, then the cash deposit rate will be the "all-others" rate of 15.67 percent established in the LTFV investigation.⁷ These deposit rates, when imposed, shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could

⁷ See *Antidumping Duty Order: Circular Welded Carbon Steel Pipes and Tubes From Thailand*, 51 FR 8341 (March 11, 1986).

result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

The Department is issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 21, 2014.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Environmental Technologies Trade Advisory Committee (ETTAC), Extension of Time To Submit Nominations

AGENCY: International Trade Administration, DOC.

ACTION: Solicitation of Nominations for Membership to the Environmental Technologies Trade Advisory Committee.

SUMMARY: This notice extends until November 14, 2014, the time period for submission of nominations for membership to the Environmental Technologies Trade Advisory Committee (ETTAC or Committee). The original notice soliciting nominations was published on September 5, 2014 (79 FR 53017). ETTAC was established pursuant to Title IV of the Jobs Through Trade Expansion Act, 22 U.S.C. 2151, and under the Federal Advisory Committee Act, 5 U.S.C. App. 2. ETTAC was first chartered on May 31, 1994. ETTAC serves as an advisory body to the Environmental Trade Working Group of the Trade Promotion Coordinating Committee (TPCC), reporting directly to the Secretary of Commerce (Secretary) in his/her capacity as Chair of the TPCC. ETTAC advises on the development and administration of programs to expand U.S. exports of environmental technologies, goods, and services.

DATES: Nominations for membership must be received on or before November 14, 2014.

ADDRESSES: Please send nominations by post, email, or fax to the attention of Maureen Hinman, Designated Federal Officer/ETTAC, Office of Energy & Environmental Industries, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Room 4053, Washington, DC 20230; phone 202-482-0627; or email maureen.hinman@trade.gov; fax 202-482-5665. Electronic responses should be submitted in Microsoft Word format.

Nominations: The Secretary invites nominations for membership to ETTAC, which consists of approximately 35 members appointed by the Secretary, in accordance with applicable Department of Commerce guidance and based on their ability to carry out the objectives of the Committee. Members represent U.S. exporters of environmental technologies, products and services; reflect the diversity of this sector, including in terms of company size and geographic location; and are drawn from U.S. environmental technologies manufacturing and services companies, U.S. trade associations, and U.S. private sector organizations involved in the promotion of exports of environmental technologies, products and services.

Membership in a committee operating under the Federal Advisory Committee Act must be balanced in terms of economic subsector, geographic location, and company size. Committee

members serve in a representative capacity and must be able to generally represent the views and interests of a certain subsector of the U.S. environmental industry; they are, therefore, not Special Government Employees.

Each member of the Committee must be a U.S. citizen, and not registered as a foreign agent under the Foreign Agents Registration Act. No member may represent a company that is majority-owned or controlled by a foreign government entity or foreign government entities. Companies must be at least 51 percent owned by U.S. persons. Candidates should be senior executive-level representatives from environmental technology companies, trade associations, and U.S. private-sector organizations involved in the promotion of exports of environmental technologies, products and services. Members of the ETTAC should have experience in the exportation of one or more environmental technologies, goods and/or services, including:

- (1) Air pollution control and monitoring technologies;
- (2) Analytic devices and services;
- (3) Environmental engineering and consulting services;
- (4) Financial services relevant to the environmental sector;
- (5) Process and pollution prevention technologies;
- (6) Solid and hazardous waste management technologies; and/or
- (7) Water and wastewater treatment technologies.

The Secretary will appoint at least one individual representing each of the following:

- a. Environmental businesses, including small businesses;
- b. Trade associations in the environmental sector;
- c. Private sector organizations involved in the promotion of environmental exports, including products that comply with U.S. environmental, safety, and related requirements;
- d. States (as defined in 15 U.S.C. 4721(j)(5)) and associations representing the States; and
- e. Other appropriate interested members of the public, including labor representatives.

Nominees will be evaluated based upon their ability to carry out the objectives of the Committee. ETTAC's current Charter is available at <http://www.environment.ita.doc.gov> under the tab: *Advisory Committee*. Appointments will be made to create a balanced Committee in terms of subsector representation, product lines, firm size, geographic area, and other criteria.
