#### Temporary Closure of Public Lands; Lane County, Oregon

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Temporary Closure of Public Lands in Lane County, Oregon.

**SUMMARY:** Notice is hereby given that certain public lands in Lane County, Oregon are temporarily closed to all public use, including recreation, parking, camping, shooting, hiking and sightseeing, from July 10, 2000 through November 15, 2000. The closure is made under the authority of 43 CFR 8364.1.

The public lands affected by this temporary closure are specifically identified as follows:

Federal lands located in Section 29, Township 17 south, Range 4 West of the Willamette Meridian, Oregon, more generally described as follows: All federal lands within the City of Eugene Urban Growth Boundary located in Section 29, Township 17 South, Range 4 West of the Willamette Meridian lying east of Greenhill Road, South of Royal Ave., west of Terry Street and a line running South from the end of Terry Street to the

Southern Pacific Railroad tracks, and north of the Southern Pacific Railroad tracks.

Containing approximately 200 acres.

The following persons, operating within the scope of their official duties, are exempt from the provisions of this closure order: Bureau, City of Eugene, and Corps of Engineers employees; state, local and federal law enforcement and fire protection personnel; agents for the Cone wetland mitigation sites; the contractor authorized to construct the Lower Amazon Wetland Restoration Project and its subcontractors. Access by additional parties may be allowed, but must be approved in advance in writing by the Authorized Officer.

Any person who fails to comply with the provisions of this closure order may be subject to the penalties provided in 43 CFR 8360.0-7, which include a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

The public lands temporarily closed to public use under this order will be posted with signs at points of public access.

The purpose of this temporary closure is to provide for public safety, facilitate construction of the Lower Amazon Wetland Restoration Project facilities, and protection of property and equipment during the mobilization, construction and de-mobilization phases of the Lower Amazon Wetland Restoration construction project.

**DATES:** This closure is effective from July 10, 2000 through November 15, 2000.

**ADDRESSES:** Copies of the closure order and maps showing the location of the closed lands are available from the Eugene District Office, P.O. Box 10226 (2890 Chad Drive), Eugene, Oregon 97440.

**FOR FURTHER INFORMATION CONTACT:** Pat Johnston, Wetlands Project Manager, Eugene District Office, at (541) 683-6181.

#### Abandoned Mined Lands Physical Safety Hazard Abatement; Nevada

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The Nevada State Office of the Bureau of Land Management gives notice of its intent to initiate a scoping period and conduct public meetings to identify issues and formulate alternatives for a programmatic Environmental Assessment (EA) for the abatement of safety hazards associated with Abandoned Mined Lands (AMLs) on Nevada public lands managed by the Bureau of Land Management.

**DATES:** Public comments on the preliminary issues and planning criteria will be accepted until August 11, 2000.

In addition, two informal public meetings are scheduled for Thursday, July 27, 2000, at the BLM Las Vegas Field Office, 4765 West Vegas Drive, Las Vegas, Nevada, and Tuesday, August 1, 2000, at the BLM Nevada State Office, 1340 Financial Boulevard, Reno, Nevada. Both meetings will begin at 7 p.m. each evening.

**ADDRESSES:** Written comments should be addressed to Christopher Ross, BLM Nevada State Office, PO Box 12000, Reno, Nevada 89520-0006.

**FOR FURTHER INFORMATION CONTACT:** Christopher Ross, BLM Nevada State Office, PO Box 12000, Reno, Nevada 89520-0006.

**SUPPLEMENTARY INFORMATION:** The proposed EA will result in the development of alternatives for the selection and remediation of AML features on Nevada public lands which represent physical safety hazards to humans. The anticipated issues for this proposed EA include:

(1) Determination of criteria for the prioritization of selection of sites for hazard abatement.

(2) Determination of what stipulations or conditions are necessary for remediation activities to protect, maintain, and enhance other resources, including protection of critical wildlife habitat; protection of threatened and endangered plant and animal species; recreational, cultural, and archeological resources.

(3) Identification of alternatives for securing hazardous sites.

(4) Determination of what impacts to the minerals industry may result from the securing of hazardous AML sites. Preliminary planning criteria for the AML Environmental Assessment call for the following:

(A) Sites which include chemical or water quality issues will not be considered in this EA.

(B) Existing studies, the most current available inventories, and ongoing investigation will be used to determine potential sites for remediation consideration.

(C) Reasonable scenarios based on available data and technology will be developed for remediation alternatives.

(D) An interdisciplinary approach will be used to develop reasonable alternatives; analyze impacts, including cumulative impacts to natural and cultural resources and the physical, social, and economic environment; identify alternatives; and make determinations.

(E) Impacts of use on adjacent or nearby non-Federal lands and non-public land surface over Federally owned minerals will be considered.

(F) Impacts from energy and mineral development on public lands will be considered. Alternatives proposed for consideration at a minimum include:

(1) No action—defined as continuation of current management.

(2) Preferred Alternative—to be defined by BLM management following consultation with staff and input from the public. An interdisciplinary team representing the following disciplines will be assigned to this planning effort: Minerals, wildlife, lands, recreation, wilderness, cultural resources, and hydrology. All documentation will be reviewed by the interdisciplinary team.

Public participation is an integral part of the planning process. It begins with this scoping period and public meetings and will continue through the development of the EA. The next major opportunity for public review and comment will be offered with the publication of the preliminary EA; however, the public is invited to comment or to become involved at any time during the planning process.

Dated: July 6, 2000.

#### Classification of Lands for Recreation and Public Purposes, Elmore County, Idaho

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of realty action.

**SUMMARY:** The following described public lands in Elmore County, Idaho, have been examined and determined to be suitable for classification for lease or conveyance to Elmore County, under the provisions of the Recreation and Public Purposes (R&PP) Act of June 14, 1926, as amended (43 U.S.C. 869 *et seq.*):

#### Boise Meridian, Idaho

T. 2 N., R. 1 E., section 19:  
NE $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ .

Aggregating 2.5 acres, more or less.

**DATES:** Interested parties may submit comments through August 28, 2000, to the Bruneau Field Manager.

**ADDRESSES:** Comments should be sent to Jenna Whitlock, Bruneau Field Manager, Bureau of Land Management, Lower Snake River District, 3948 Development Ave., Boise, Idaho 83705.

**FOR FURTHER INFORMATION CONTACT:** Mike Austin, Bruneau Realty Specialist at (208) 384-3339.

**SUPPLEMENTARY INFORMATION:** Elmore County has filed application to lease and/or purchase the above described public lands under the authority of the R&PP Act. The proposed use of the land is for a community center and shed to house equipment necessary to maintain snowmobile trails for recreational use by the public. The lands will be developed and managed for community and recreational purposes, as described in the development plan submitted by Elmore County on January 15, 2000. We have determined that the lease or conveyance of the lands for the proposed community center and shed are in the public interest.

Publication of this notice in the **Federal Register** will segregate the above described public lands from the operation of the public land laws and the mining laws, except for mineral leasing and leasing or conveyance under the R&PP Act. In the absence of any adverse comments, the classification will become effective September 11, 2000. The segregative effect will automatically expire on January 14, 2002.

**Comments:** Comments may address whether the lands being classified are physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning or zoning, or if the use is consistent with State and Federal programs. Comments may also address the specific use proposed in the application or plan of development, whether the BLM followed proper administrative procedures in reaching the decision to lease the land under the R&PP Act, or any other factor not directly related to the suitability of the land for the stated purpose. Adverse comments will be reviewed by the District Manager.

The lease of the lands will not occur until after the classification becomes effective, and will be subject to the following terms, conditions, and reservations:
