

Because deadlines in Sunset Reviews can be very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The Department's regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b) wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. See 19 CFR 351.218(d)(1)(i). The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review. See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in the Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the Commission's information requirements. Please consult the Department's regulations for information regarding the Department's conduct of Sunset Reviews.¹ Please consult the Department's regulations at 19 CFR Part 351 for definitions of terms and for other general information

¹ In comments made on the interim final sunset regulations, a number of parties stated that the proposed five-day period for rebuttals to substantive responses to a notice of initiation was insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests to extend that five-day deadline based upon a showing of good cause.

concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218 (c).

Dated: April 19, 2010.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Marine Mammals; File No. 14514

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that the University of Florida, Aquatic Animal Program, College of Veterinary Medicine, Gainesville, FL 32610 (Ruth Francis-Floyd, Responsible Party) has applied in due form for a permit to receive, import and export marine mammal specimens for scientific research.

DATES: Written, telefaxed, or e-mail comments must be received on or before June 2, 2010.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the Features box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 14514 from the list of available applications.

These documents are also available upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713–2289; fax (301) 713–0376; and Southeast Region, NMFS, 263 13th Avenue South, Saint Petersburg, Florida 33701; phone (727) 824–5312; fax (727) 824–5309.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by

facsimile to (301) 713–0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Sloan or Kate Swails, (301) 713–2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222–226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The objectives of this research are to study various aspects of disease afflicting marine mammals including viral pathogens and brevetoxin studies; develop a marine mammal histology database and atlas, marine mammal cell lines; and conduct comparative morphology. Marine mammal parts would be obtained from the following sources: samples collected as part of routine husbandry procedures using captive stocks; other permitted academic, federal, and state institutions involved in marine mammal research; in conjunction with legal subsistence harvests; from marine mammals caught incidental to fisheries; or from animals in foreign countries following the host countries legal operations. The samples would then be received or imported to the investigators. Samples may be exported for research or archiving. Marine mammal parts (hard and soft parts) would not exceed 200 animals per year from animals within the order Cetacea (dolphins, porpoises and whales) and 100 animals per year from animals within the order Pinnipedia (sea lions and seals but excluding walruses), with unlimited sampling from each animal to maximize use. There would not be incidental take or take of live animals. The requested permit period is five years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically

excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: April 26, 2010.

facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the email comment. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Kristy Beard, (301) 713-2289.

SUPPLEMENTARY INFORMATION: The subject permits are requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), and the regulations governing the taking and importing of marine mammals (50 CFR part 216).

File No. 15498: Chicago Zoological Society requests authorization to import one male and one female captive born bottlenose dolphin from Dolphin Quest Bermuda, Hamilton, Bermuda, to the Brookfield Zoo, Brookfield, IL, for the purpose of public display. The Brookfield Zoo is: (1) open to the public on regularly scheduled basis with access that is not limited or restricted other than by charging for an admission fee; (2) offers an educational program based on professionally accepted standards of the Alliance of Marine Mammal Parks and Aquariums; and (3) holds an Exhibitor's License, number 33-C-0003, issued by the U.S. Department of Agriculture under the Animal Welfare Act (7 U.S.C. §§ 2131 - 59).

File No. 15500: Georgia Aquarium requests authorization to import two male captive born bottlenose dolphins from Dolphin Experience, Ltd., Freeport, Grand Bahama Island, The Bahamas, and three female captive born bottlenose dolphins from Dolphin Quest Bermuda, Hamilton, Bermuda, to its facility in Atlanta, Georgia, for purposes of public display. Georgia Aquarium is: (1) open to the public on regularly scheduled basis with access that is not limited or restricted other than by charging for an admission fee; (2) offers an educational program based on professionally accepted standards of the Alliance of Marine Mammal Parks and Aquariums and the Association of Zoos and Aquariums; and (3) holds an Exhibitor's License, number 57-C-0220, issued by the U.S. Department of Agriculture under the Animal Welfare Act (7 U.S.C. §§ 2131 - 59).

In addition to determining whether the applicant meets the three public display criteria, NMFS must determine whether the applicants have demonstrated that the proposed activity is humane and does not represent any unnecessary risks to the health and

welfare of marine mammals; that the proposed activity by itself, or in combination with other activities, will not likely have a significant adverse impact on the species or stock; and that the applicants' expertise, facilities and resources are adequate to accomplish successfully the objectives and activities stated in the applications.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.
