The FCC Form 472 is used to establish a process and procedure for an eligible entity to seek reimbursement from the service provider for the discounts on services paid in full. After receiving an invoice from the service provider, together with a FCC Form 472, the administrator (USAC - Universal Service Administrative Company) is able to verify the eligible service and approved amounts that should be reimbursed and can make the appropriate payment to the service provider. The FCC Form 472 is also used to ensure that each service provider that provided discounted services within the current funding year for which it submits an invoice to USAC and that invoices submitted from service providers for the cost of discounted eligible services do not exceed the amount that has been approved.

FCC Form 473 is used to establish that the participating service provider is eligible to participate in the E-rate program and to confirm that the invoice forms submitted by the service provider are in compliance with the E-rate rules. The FCC Form 473 is also used by USAC to assure that the dollars paid out by the universal service fund go to eligible providers.
