SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration Acquisition Regulation (GSAR) clause 552.238-82, Modifications (Federal Supply Schedule), which was previously titled and numbered as 552.238-81 Modifications (see 84 FR 17030 dated April 23, 2019), requires Contractors who have a GSA Multiple Award Schedule (MAS) (also known as Federal Supply Schedule (FSS)) contract to request a contract modification by submitting information to the contracting officer. At a minimum, each contract modification request covered by this clause is to include an explanation for the request and supporting information. The clause has an Alternate I and Alternate II as well.

The basic clause applies to MAS contracts that are not subject to transactional data reporting and covers the following types of requests for contract modification: additional items/additional SINs, deletions, and price reductions. Alternate I is pretty much the same as the basic clause with exception to paragraph (e) being revised to reflect a MAS contractor accepting eMod. Alternate II applies to MAS contracts subject to transactional data reporting and covers the following requests for contract modification: additional items/additional SINs and deletions.
